Item 2.02. Results of Operations and Financial Condition.

On February 18, 2011, LyondellBasell Industries N.V. (the Company) furnished a Current Report on Form 8-K (Form 8-K) under Items 2.02, 7.01 and 9.01 to which it attached Exhibit 99.1, a press release dated February 18, 2011 announcing fourth quarter and year ended December 31, 2010 results and Exhibit 99.2, presentation slides from the Company's fourth quarter and year end December 31, 2010 earnings call held on February 18, 2011.

The Company is furnishing this amendment to Form 8-K to make certain corrections to information contained in the press release and the reconciliations contained in the schedules thereto. The corrections are based on certain errors in the presentation of information in the press release as a result of a material weakness in the Company's internal control related to tax accounting that was identified in connection with the preparation of the audited financial statements for the year ended December 31, 2010. The Company has taken steps to ensure that its consolidated financial statements for the year ended December 31, 2010, as included in its Form 10-K, fairly present, in all material respects, the Company's financial position, results of operations, and cash flows as of the dates, and for the periods presented, in conformity with U.S. GAAP.

The revisions and corrections to the Company's financial statements in the predecessor period ended April 30, 2010 and successor period ended December 31, 2010 are shown below. As a result of these revisions and corrections, the Company's net income and diluted earnings per share for the fourth quarter 2010 as presented in the press release were overstated by \$108 million and \$0.20 per share, respectively. The Company should have reported net income of \$766 million and earnings per diluted share of \$1.34. Net income for the twelve months ended December 31, 2010, which is a combination of the predecessor and successor periods, was also overstated by \$108 million. Net cash provided by operating activities for the same periods is unchanged.

Revisions to the consolidated financial statements for the four months ended April 30, 2010 to correct for an overstatement of goodwill and deferred income taxes were as follows:

		Predecessor	
Millions of dollars	As Previously Reported	Adjustment	Revised
Statement of Income			
Reorganization items	\$ 8,010	\$ (430)	\$ 7,580
Income from continuing operations before income taxes	7,813	(430)	7,383

Net cash used in operating activities	(936)		(936)

* The adjustment for other also includes a reclassification of \$9 million to Asset impairments and \$4 million to Gain (loss) on sale of assets to conform to classifications at December 31, 2010.

Revisions to information in the Company's earnings release of February 18, 2010, furnished to the SEC as an exhibit to Form 8-K on that same date, which included unaudited consolidated financial information for the period ended December 31, 2010, to correct for an error in income tax expense are as follows:

Statement of Income	Successor		Revised
	As Previously Reported	Adjustment	
Provision for income taxes	62	108	170
Net income	1,688	(108)	1,580
Balance Sheet

Retained earnings	1,695	(108)	1,587

Net income	1,688	(108)	1,580
Deferred income taxes	(89)	108	19
Net cash provided by operating activities	2,957		2,957

In addition, Goodwill and Deferred income taxes on the Company's balance sheets at June 30, 2010 and September 30, 2010 each were reduced by \$314 million due to the impact of these revisions on the Successor's post-emergence, opening balance sheet at May 1, 2010.
