Executive Officer of Alliance Resource Management GP, LLC, the managing general partner of Alliance Resource Partners, L.P., dated November 14, 2002, pursuant to 18 U.S.C. Section 1350.

- 99.3 Certification of Dale G. Wilkerson, Vice President and Contoller (Principal Accounting Officer) of Alliance Resource Management GP, LLC, the managing general partner of Alliance Resource Partners, L.P., dated November 14, 2002, pursuant to 18 U.S.C. Section 1350.

ITEM 9. REGULATION FD DISCLSOURE

In accordance with General Instruction B.2. of Form 8-K, the following information and the exhibits referenced therein shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it or they be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.

At closing, the Partnership will pay ARH Warrior Holdings, Inc. approximately \$12.5 million in cash representing the put option price in accordance with the Put/Call Agreement. In addition the Partnership will repay Warrior Coal's borrowings under the revolving credit agreement between an affiliate of ARH Warrior Holdings, Inc. and Warrior Coal, which Warrior Coal estimates will be approximately \$16.9 million at closing. The borrowings under the revolving credit agreement were primarily used to finance new infrastructure capital projects that are expected to improve productivity and significantly increase Warrior Coal's annual production capacity. The estimated aggregate payment of \$29.4 million will be funded with the proceeds of debt or equity financing, or a combination of the two, depending upon market conditions, or through borrowings under its credit facility.

The Partnership estimates that Warrior Coal's 2003 EBITDA (income before net interest expense, income taxes, depreciation, depletion and amortization) will be between \$14 million

2

and \$18 million, resulting in an EBITDA to aggregate payment multiple range of between 1.6 to 2.1 times. After netting the amounts attributable to our Illinois Basin operations that will be depleting in 2003, Warrior Coal's incremental EBITDA is expected to be between \$11 million and \$14 million and incremental annual maintenance capital expenditures are estimated to be \$3 million.

The foregoing financial projections are based upon assumptions that the Partnership believes are reasonable in light of management's current beliefs concerning future events. However, the assumptions the Partnership has used are inherently uncertain and are subject to significant business, economic, regulatory and competitive risks and uncertainties that could cause actual results to differ materially from those projected above.

The press release of the Partnership, dated November 14, 2002, relating to the acquisition of Warrior Coal attached hereto as Exhibit 99.1 is incorporated by reference into this Item 9.

On November 14, 2002, Joseph W. Craft III, President and Chief Executive Officer of Alliance Resource Management GP, LLC (the "Company") and Dale G. Wilkerson, Vice President and Contoller (Principal Accounting Officer) of the Company, the managing general partner of Alliance Resource Partners, L.P., each furnished to the Securities and Exchange Commission personal certifications pursuant to 18 U.S.C. Section 1350. Copies of the certifications are attached hereto as Exhibits 99.2 and 99.3 and are incorporated by reference
