PROXY STATEMENT FOR 2002 ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Criticare Systems, Inc. (the "Company"), to be voted at the Annual Meeting of Stockholders to be held at the Company's headquarters, 20925 Crossroads Circle, Suite 100, Waukesha, Wisconsin 53186, at 4:00 p.m., local time, on Friday, December 6, 2002, and at any adjournments thereof, for the purposes set forth in the accompanying Notice of Meeting. The mailing of this Proxy Statement and accompanying form of proxy is being made on or about October 31, 2002.

GENERAL INFORMATION

The Board of Directors knows of no business which will be presented to the meeting other than the matters referred to in the accompanying Notice of Meeting. However, if any other matters are properly presented to the meeting, it is intended that the persons named in the proxy will vote on such matters in accordance with their judgment. If the enclosed form of proxy is executed and returned, it nevertheless may be revoked at any time before it has been voted by a later dated proxy or a vote in person at the Annual Meeting. Shares represented by properly executed proxies received on behalf of the Company will be voted at the Annual Meeting (unless revoked prior to their vote) in the manner specified therein. If no instructions are specified in a signed proxy returned to the Company, the shares represented thereby will be voted (1) in FAVOR of the election of the nominees listed in the enclosed proxy as directors of the Company, (2) in FAVOR of the proposal to approve the amendment of the Criticare Systems, Inc. 1992 Employee Stock Option Plan (the "1992 Employee Stock Option Plan") to increase the aggregate number of shares of the Company's common stock, par value \$0.04 per share (the "Common Stock"), that may be issued pursuant thereto from 2,040,000 to 2,280,000; and (3) in FAVOR of the ratification of BDO Seidman, LLP as independent accountants for the 2003 fiscal year.

Only holders of Common Stock whose names appear of record on the books of the Company at the close of business on October 18, 2002 (the "Record Date") are entitled to vote at the Annual Meeting. On that date, the only outstanding shares of capital stock of the Company were 11,204,024 shares of Common Stock. Each share of Common Stock is entitled to one vote on each matter to be presented at the meeting. The election of directors requires the affirmative vote of the holders of a plurality of the shares represented, in person or by proxy, at the meeting and the approval and adoption of the proposed amendment to the 1992 Employee Stock Option Plan and the ratification of independent accountants requires the affirmative vote of the holders of a majority of the shares represented, in person or by proxy, at the meeting. Abstentions and

Edgar Filing: CRITICARE SYSTEMS INC /DE/ - Form DEF 14A

broker non-votes (i.e., shares held by brokers in street name, voting on certain matters due to discretionary authority or instructions from the beneficial owners but not voting on other matters due to lack of authority to vote on such matters without instructions from the beneficial owner) will count toward the quorum requirement and will not count toward the determination of whether the directors are elected, the proposed amendment to the 1992 Employee Stock Option Plan is approved or the appointment of independent accountants is ratified.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Pursuant to the authority contained in the By-Laws of the Company, the Board of Directors has established the number of directors of the Company at seven. The Company's By-Laws provide that the Board of Directors will be divided into three classes as nearly equal in number as possible, with

the term of one class expiring each year. The terms of two directors expire at the Annual Meeting. Accordingly, the Board of Directors has nominated for re-election as directors Jeffrey T. Barnes and Dr. N.C. Joseph Lai, each to serve terms of three years, until the 2005 Annual Meeting of Stockholders. Proxies cannot be voted for more than two candidates for director.

The directorship of Jeffrey T. Barnes is connected with the investment in the Company pursuant to the terms of a Purchase Agreement, dated as of October 17, 2000, among the Company, Oxford Bioscience Partners III L.P., Oxford Bioscience Partners (Bermuda) III Limited Partnership and mRNA Fund L.P.

As indicated below, the persons nominated by the Board of Directors are incumbent directors. The Company anticipates that the nominees will be candidates when the election is held. However, if for any reason either of the nominees is not a candidate at that time, proxies will be voted for any substitute nominee designated by the incumbent directors (except where a proxy withholds authority with respect to the election of a director).

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE IN FAVOR OF THE ELECTION OF JEFFREY T. BARNES AND DR. N.C. JOSEPH LAI AS DIRECTORS OF THE COMPANY.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In May 2002, the Company accepted promissory notes from two directors, Karsten Houm and Milton Datsopolous, as payment for the exercise of expiring stock options. Each director received 50,000 shares of Common Stock at an exercise price of \$2.25 per share and issued to the Company a promissory note in the principal amount of \$112,500 as payment for the exercise price of the stock options. These notes are non-interest bearing and are due and payable within one year from the date of execution of the notes.

STOCK OPTION PLANS

On December 5, 1992 the Company adopted two new nonqualified stock option plans, the 1992 Employee Stock Option Plan and the 1992 Non-Employee Stock Option Plan (collectively, the "New Plans"). Pursuant to the adoption of the New Plans, no new stock options can be granted under the stock option plans (the "Old Plans") which existed prior to the approval of the New Plans, although the Company may regrant existing stock options under the Old Plans to extend the term of such stock options. The New Plans provide for the grant to key employees and outside directors and consultants of the Company of options covering shares of Common Stock. The New Plans are administered by the Compensation Committee of the Board of Directors which has discretion to select optionees, designate the number of shares to be covered by each option, establish vesting schedules,

Edgar Filing: CRITICARE SYSTEMS INC /DE/ - Form DEF 14A

specify the amount and type of consideration to be paid to the Company on exercise, and to specify certain other terms of the options. The exercise price of options granted under the New Plans must be at least 100% of the fair market value of the Common Stock on the date of grant.

The Company has reserved 2,040,000 shares of Common Stock for issuance under the 1992 Employee Stock Option Plan and 180,000 shares of Common Stock for issuance under the 1992 Non-Employee Stock Option Plan, subject to adjustment for certain dilutive events. At the end of fiscal 2002, options to purchase 1,172,920 shares were outstanding under the New Plans and options to purchase 36,700 shares were outstanding under the Old Plans. During fiscal 2002, options were granted to purchase 15,000 shares of Common Stock under the New Plans at an average per share exercise price of \$4.10 (all options were granted at no less than the market price on the grant dates) and options to purchase 20,000 shares of Common Stock were regranted under the Old Plans at an average per share exercise price of \$4.30 per share. In addition, during fiscal 2002, options to purchase 37,700 shares of Common Stock at an average per share exercise price of \$2.53 were canceled under the New Plans and options to purchase 20,000 shares of Common Stock at an average per share exercise price of \$2.25 were canceled under the Old Plans and options to purchase 402,300 shares at an average exercise price per share of \$2.14 were exercised under the New Plans and options to purchase 1,000 shares at an average exercise price per share of \$2.25 were exercised under the Old Plans. A total of 160,630 shares of Common Stock remain available for future grants under the New Plans. The Company is also submitting a proposal at the Annual Meeting to increase the number of shares of Common Stock that may be issued under the 1992 Employee Stock Option Plan to 2,280,000. See "Proposal No. 2 - Amendment to 1992 Employee Stock Option Plan."

No stock options were granted to the named executive officers of the Company during the fiscal year ended June 30, 2002.

RETIREMENT PLAN

Effective April 1, 1991, the Company adopted a 401(k) plan, which covers substantially all employees who have completed three months of employment. Under the plan, eligible employees can contribute up to 15% of pre-tax compensation for investment in a trust under the plan. Company contributions to the plan are discretionary and determined annually by the Board of Directors. Employee contributions, within certain limitations, are considered tax deferred under the provisions of section 401(k) of the Internal Revenue Code. Withdrawals of tax deferred amounts may be made upon termination of employment or earlier in the event of certain defined hardship situations. Contributions made or accrued for named executive officers are included under the "All Other Compensation" column in the Summary Compensation Table.

Other than the 401(k) plan, the Company does not maintain any pension, profit sharing, retirement or similar plans.

COMPENSATION COMMITTEE REPORT

The objectives of the Company's compensation program are to attract and retain the best available executives, to motivate these executives to achieve the Company's business goals and to recognize individual contributions as well as overall business results. To achieve these objectives, the Company reviews its compensation program on a regular basis and attempts to tie a portion of each executive's potential compensation to Company performance.

The key elements of the Company's executive compensation program consist of fixed compensation, in the form of base salary, and variable compensation, which is more directly tied to Company performance, in the form of long-term compensation through stock option awards. In determining each element of compensation to be awarded to an executive officer, the Compensation Committee

Edgar Filing: CRITICARE SYSTEMS INC /DE/ - Form DEF 14A

considers the executive's overall benefit package as well as the executive's responsibilities and experience. The Compensation Committee also considers the competitive marketplace for executive talent, including, to the extent possible, a comparison to compensation packages for executives with similar levels of experience and responsibility at other companies. In determining the compensation package for Mr. Soika, the Company's President and Chief Executive Officer, the Compensation Committee took into consideration both the compensation packages of chief executive officers of companies the Compensation Committee deemed comparable to the Company and the Compensation Committee's assessment of Mr. Soika's individual performance and the Company's overall performance.

The Compensation Committee believes the fiscal 2002 salary levels for executive officers of the Company are in line with or below the salary levels of executives in comparable positions of responsibility.

In fixing the stock option grants, the Committee considered the current stock holdings of each eligible officer, their responsibilities and historical and anticipated future contributions to the Company's performance. The Committee believes that selective grants of stock options promote a commonality of interest between the Company's officers and its stockholders by giving the Company's officers added incentives to maximize the Company's stock price.

The Compensation Committee is of the opinion that the compensation levels for the named executive officers are reasonable when compared to similar positions of responsibility and scope in similar industries and that an appropriate amount of total compensation is based on the performance of the Company, and therefore provides sufficient incentive for these individuals to attain improved results in the future.

COMPENSATION COMMITTEE:

Dr. Higgins D. Bailey
Karsten Houm
Stephen K. Tannenbaum

PROPOSAL NO. 2: AMENDMENT TO 1992 EMPLOYEE STOCK OPTION PLAN

PURPOSE AND EFFECT OF PROPOSED AMENDMENT

Proposed Amendment. Subject to stockholder approval, the Board of Directors has amended the 1992 Employee Stock Option Plan to increase from 2,040,000 to 2,280,000 the aggregate number of shares of Common Stock that may be issued or transferred thereunder upon the exercise or payment of stock options.

Purpose of Proposed Amendment. The Company recognizes the importance of attracting and retaining key employees of merit and stimulating the active interest of those individuals in the development and financial success of the Company. The Board of Directors believes that the 1992 Employee Stock Option Plan is critically important to the furtherance of these objectives. The Board of Directors also believes that, through the 1992 Employee Stock Option Plan, the Company is able to enhance the prospects for its business activities and objectives and more closely align the interests of key employees with those of shareholders by offering key employees the opportunity to participate in the Company's future through proprietary interests in the Company.

15

As of October 18, 2002, and absent stockholder approval of the proposed amendment to increase the aggregate number of shares of Common Stock available for issuance or transfer under the 1992 Employee Stock Option Plan, there would be only 23,630 shares of Common Stock remaining available for issuance with respect to additional stock options under the 1992 Employee Stock Option Plan. The absence of an adequate number of shares of Common Stock available for issuance or transfer under the 1992 Employee Stock Option Plan restricts both the ability and the flexibility of the Company to effectively attract and retain and adequately compensate key employees. The Board of Directors believes that it is both necessary and desirable to increase from 2,040,000 to 2,280,000 the aggregate number of shares of Common Stock available for issuance or transfer under the 1992 Employee Stock Option Plan in order to continue to maintain the effectiveness of the 1992 Employee Stock Option Plan.

DESCRIPTION OF 1992 EMPLOYEE STOCK OPTION PLAN

The following description of the 1992 Employee Stock Option Plan is qualified in its entirety by reference to the 1992 Employee Stock Option Plan, as amended, which is attached hereto as Appendix A.

Under the 1992 Employee Stock Option Plan, the Board of Directors, or the

Edgar Filing: CRITICARE SYSTEMS INC /DE/ - Form DEF 14A

Compensation Committee if so designated by the Board of Directors, may grant options to purchase shares of Common Stock to executives, other key employees and directors of the Company. As of October 18, 2002, 43 persons hold stock options under the 1992 Employee Stock Option Plan. Options granted generally have been designated as nonqualified stock options. Options will expire at such time as the Board of Directors or Compensation Committee determines, provided that no stock option may be exercised later than the fifth anniversary of the date of its grant. Options cannot be exercised until the vesting period, if any, specified by the Board of Directors or Compensation Committee has expired. Options are not transferable other than by will or the laws of descent and distribution, and may be exercised during the life of the employee only by him or her.

The option price per share is determined by the Board of Directors or the Compensation Committee, but cannot be less than 100% of the fair market value of the Common Stock on the date such option is granted. Payment of the exercise price may be made in cash or by the surrender of shares of Common Stock having a fair market value on the date of exercise equal to the exercise price.

The Company will reimburse such parties for their expenses in so doing.

Shares of Common Stock which may be issued pursuant to Options granted under the Plan may be either authorized and unissued shares of Common Stock or authorized and issued shares of Common Stock held by the Company as treasury stock. The number of shares of Common Stock reserved for issuance under the Plan shall not exceed 2,280,000 shares, subject to adjustments pursuant to paragraph 6.8. subject to the requirement that, if at any time the Committee shall determine that any listing or registration of the shares of

Common Stock or any consent or approval of any governmental body or any other agreement or consent is necessary or desirable as a condition of the granting of an Option or issuance of Common Stock on exercise of an Option, such grant or issuance may not be consummated unless such requirement is satisfied in a manner acceptable to the Committee.

6.2 Nonassignability; Holding Period. No Option granted under this Plan may be: (a) assigned or transferred by the optionee, except by will or by the laws of descent and distribution, or (b) exercised for at least six months after the date of grant. During the life of the recipient, any Option shall be exercisable only by such individual.

6.3 Withholding Taxes. Whenever the Company proposes or is required to issue or transfer shares of Common Stock under this Plan, the Company shall have the right to require the participant to remit to the Company an amount sufficient to satisfy any federal, state and local withholding tax requirements prior to the delivery of any certificate for such shares.

6.4 Investment Representation. Each Option agreement may provide, upon demand by the Committee, that the optionee or recipient shall deliver to the Committee at the time of any exercise of any Option a written representation that the shares to be acquired under such exercise are to be acquired for investment and not for resale or with a view to the distribution thereof. Upon such demand, delivery of such representation prior to delivery of any shares issued upon exercise of an Option shall be a condition precedent to the right of the optionee or such other person to purchase any shares.

6.5 No Right to Employment. Nothing in this Plan or in any agreement entered into pursuant to it shall confer upon any participant the right to continue in the employment of the Company or a Subsidiary or affect any right which the Company or a Subsidiary may have to terminate the employment of such participant.

6.6 Nonuniform Determinations. The Committee's determination under this Plan (including, without limitation, its determinations of the persons to receive Options) need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, awards under this Plan, whether or not such persons are similarly situated.

6.7 No Rights as Shareholders. Recipients of Options under this Plan shall have no rights as shareholders of the Company with respect thereto unless and until certificates for shares of Common Stock are issued to them.

6.8 Adjustment of Stock. If a change occurs in the outstanding Common Stock of the Company due to any stock dividend, recapitalization, reorganization, merger, consolidation, split-up, combination or any similar transaction, the Committee shall appropriately adjust the number of shares of Common Stock which may be issued under this Plan, the number of shares of Common Stock subject to Options theretofore granted under this Plan, the option price of such Options and any and all other adjustments deemed appropriate by the Committee to prevent substantial dilution or enlargement of the rights granted to an optionee.

6.9 Amendment or Termination of this Plan. The Committee, with the approval of the Board of Directors, may, at any time, terminate this Plan or a part thereof and may, from time to time, amend this Plan as it may deem advisable. The termination or amendment of this Plan shall not, without the consent of the participant, affect such participant's rights under Options previously granted.
