NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

To Our Shareholders:

On Tuesday, May 20, 2008, TriCo Bancshares will hold its annual meeting of shareholders at its headquarters located at 63 Constitution Drive, Chico, California. The meeting will begin at 6:00 p.m. Pacific Time.

Shareholders who owned shares of our stock at the close of business on March 31, 2008, may attend and vote at the meeting. We request that all shareholders be present at the meeting in person or by proxy to ensure that we have a quorum. At the meeting, shareholders will be asked to:

1. Elect eleven directors for terms expiring at the 2008 annual meeting of shareholders.
2. Ratify the selection of Moss Adams LLP as our principal independent auditor for 2007.
3. Attend to any other business properly presented at the meeting.

We do not know of any other business that will come before the meeting. In order to vote without attending the meeting, you may sign and date the enclosed proxy and voting instruction card and return it in the postage prepaid envelope.

A copy of our 2007 Annual Report is enclosed. This notice and proxy statement, a proxy and voting instruction card, and the 2007 Annual Report are being distributed on or about April 18, 2008.

By Order of the Board of Directors,

/s/ Alex A. Vereschagin, Jr.
Secretary

Chico, California
April 18, 2008

YOUR VOTE IS IMPORTANT TO TRICO. Regardless of whether you plan to attend the meeting in person, we urge you to vote in favor of each of the proposals as soon as possible.

QUESTIONS AND ANSWERS

1. Q: Why am I receiving these materials?

A: The Board of Directors of TriCo Bancshares is providing these proxy materials to you in connection with TriCo's annual meeting of shareholders which will take place on May 20, 2008. As a shareholder, you are invited to attend the meeting and may vote on the proposals described in this proxy statement.

2. Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of our directors and executive officers and certain other required information. Our 2007 Annual Report is also enclosed.

3. Q: Who may vote at the meeting?

A: Only shareholders of record at the close of business on March 31, 2008, may vote at the meeting. As of the record date, 15,744,950 shares of our common stock were issued and outstanding. Each shareholder is entitled to one vote for each share of common stock held on the record date.

4. Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: Most shareholders hold shares through a stockbroker, bank or other nominee rather than directly in their own name. The distinctions between shares held of record and shares owned beneficially are summarized below.

Shareholder of Record

If your shares are registered directly in your name with our transfer agent, Mellon Investor Services, LLC, you are considered to be the *shareholder of record* of those shares and these proxy materials are being sent directly to you by TriCo. As the *shareholder of record*, you have the right to vote by proxy or to vote in person at the meeting. In that case, we have enclosed a proxy card for you to use.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered to be the *beneficial owner* of shares held *in street name* and these proxy materials are being forwarded to you by your broker or nominee which is considered to be the *shareholder of record* of those shares. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. If you wish to vote these shares at the meeting, you must contact your bank or broker for instructions. Your broker or bank has enclosed a voting instruction card for you to use in directing the broker or bank how to vote your shares for you.

5. Q: What may I vote on at the meeting?

A: You may vote to elect eleven nominees to serve on our Board of Directors for terms expiring at the next annual meeting and to ratify the selection of Moss Adams LLP as our principal independent auditor for 2008.

6. Q: How does the Board of Directors recommend I vote?

A: The Board of Directors recommends that you vote your shares FOR each of the eleven director nominees named in this proxy statement and FOR ratification of Moss Adams LLP as our principal independent auditor for 2008.

1

Table of Contents

7. Q: How can I vote my shares?

A: You may vote either in person at the meeting or by appointing a proxy. Please refer to the instructions included on your proxy card to vote by proxy. If you hold your shares through a bank, broker or other nominee, then you may vote by the methods your bank or broker makes available, using the instructions the bank or broker has included with this proxy statement.

8. Q: How are votes counted?

A: In the election of directors, you may vote FOR all of the director nominees or your vote may be WITHHELD with respect to one or more nominees. In addition, under California law and our bylaws, you may cumulate your votes in the election of the directors by following the procedures described at Corporate Governance, Board Nomination and Board Committees Nomination and Election of Directors. If the proxy is not marked with respect to election of directors, authority will be granted to the persons named in the proxy to cumulate votes if they so choose and to allocate votes among the nominees in such a manner as they determine is necessary in order to elect all or as many of the nominees as possible. You may vote FOR, AGAINST or ABSTAIN on the proposal to ratify the principal independent auditor.

9. Q: How are abstentions and broker non-votes treated?

A: Since the affirmative vote of the holders of a majority of the shares of our common stock present and voting is required to approve the proposals (other than the election of directors), abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present. Abstentions will be counted as voting shares and will have the effect of a vote against the proposals. Broker non-votes will not be counted as shares voting on the proposals.

10. Q: Can I change my vote?

A: You have the right to revoke your proxy at any time before the meeting by:
providing written notice to TriCo's corporate secretary and voting in person at the meeting, or
appointing a new proxy before the meeting begins.

Attending the meeting will not by itself revoke a proxy unless you specifically revoke your proxy in writing.

11. Q: What if I own shares through TriCo's Employee Stock Ownership Plan and Trust?

A: For present or past employees of TriCo, your proxy includes any shares held in your account under our employee stock ownership plan and trust.

12. Q: What does it mean if I get more than one proxy card?

A: If your shares are registered differently and are held in more than one account, then you will receive more than one card. Be sure to vote all of your accounts so that all of your shares are voted. We encourage you to have all accounts registered in the same name and address. You can accomplish this

by contacting Mellon Investor Services LLC, P.O. Box 358016, Pittsburgh, Pennsylvania 15252-8016, telephone 1-800-522-6645.

13. Q: Who may attend the meeting?

A: All shareholders who owned shares of our common stock on March 31, 2008, may attend the meeting. You may indicate on the enclosed proxy card if you plan to attend the meeting.

14. Q: How will voting on any other business be conducted?

A: We do not know of any business to be considered at the meeting other than election of eleven directors and ratification of Moss Adams LLP as our principal independent auditor for 2008. If any other business is properly presented at the meeting, your proxy gives Richard P. Smith, our president and chief executive officer, and Richard O Sullivan, executive vice president of our subsidiary, Tri Counties Bank, authority to vote on these matters in their discretion.

Table of Contents

15. Q: Where and when will I be able to find the results of the voting?

A: The results of the voting will be announced at the meeting. We will also publish the final results in our quarterly report on Form 10-Q for the second quarter of 2008 to be filed with the Securities and Exchange Commission.

16. Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within TriCo or to third parties except:

- as necessary to meet applicable legal requirements,
- to allow for the counting and certification of votes, or
- to help our Board solicit proxies.

17. Q: When are shareholder proposals for the 2009 annual meeting due?

A: All shareholder proposals to be considered for inclusion in our proxy statement for the 2009 annual meeting must be received at our principal office by December 16, 2008. Shareholder nominations for directors must be received by our president as described at Corporate Governance, Board Nomination and Board Committees Nomination and Election of Directors.

18. Q: Who will bear the cost of soliciting proxies for the meeting and how will these proxies be solicited?

A: We will pay the cost of preparing, assembling, printing, mailing and distributing these proxy materials, including the charges and expenses of brokers, banks, nominees and other fiduciaries who forward proxy materials to their principals. Proxies may be solicited by mail, in person, by telephone or by electronic communication by our officers and employees who will not receive any additional compensation for these solicitation activities.

Table of Contents**PROPOSALS TO BE VOTED ON****1. Election of Directors**

Eleven directors will be elected this year for terms expiring at our annual meeting in 2009. Each nominee is currently serving as a director of TriCo. The nominees for election are:

William J. Casey	Craig S. Compton	Richard P. Smith
Donald E. Murphy	John S. A. Hasbrook	Carroll R. Taresh
Donald J. Amaral	Michael W. Koehnen	Alex A. Vereschagin, Jr.
L. Gage Chrysler III	Steve G. Nettleton	

The eleven nominees receiving the most affirmative votes cast at the meeting will be elected as directors assuming a quorum is present. Consequently, any shares not voted at the meeting, whether by abstention or otherwise, will have no effect on the election of directors. If any of the nominees should unexpectedly decline or become unable to serve, the proxies we are soliciting may be voted for a substitute nominee or the Board may reduce the size of the Board.

Brief biographies of the director nominees are found at Board of Directors. These biographies include each nominee's age, business experience and the names of publicly held and certain other corporations of which they are also directors. Unless stated otherwise, each director has been engaged in his present occupation for at least the past five years.

Shareholders may cumulate their votes when electing directors. To do so, you must follow the procedures set forth in our bylaws which are described at Corporate Governance, Board Nomination and Board Committees Nomination and Election of Directors.

The Board recommends a vote FOR the election of all eleven nominees.

2. Ratification of Selection of Principal Independent Auditor

Our audit committee has selected the firm of Moss Adams LLP as our principal independent auditor for 2008. Moss Adams served as our principal independent auditor for 2007. Representatives of Moss Adams will be present at the meeting and will have the opportunity to make a statement and to answer appropriate questions.

Neither TriCo's governing documents nor applicable law require shareholder ratification of the appointment of Moss Adams as our principal independent auditor. However, the audit committee recommended, and the Board of Directors determined, to submit the appointment of Moss Adams to the shareholders for ratification as a matter of good corporate practice. If shareholders fail to ratify the appointment, the audit committee will reconsider whether or not to retain that firm. Even if appointment is ratified, the audit committee in its discretion may direct the appointment of a different principal independent auditor at any time.

The affirmative vote of a majority of those shareholders present and voting will ratify the selection of Moss Adams as our principal independent auditor. If the firm should unexpectedly for any reason decline or be unable to act as our principal independent auditor, the proxies will be voted for a substitute nominee to be designated by the audit committee.

Table of Contents

The following audit services were performed by Moss Adams for the year ended December 31, 2007:
examination of our financial statements and our employee benefit plans,

services related to our filings with the Securities and Exchange Commission, and

consultation on matters related to accounting, financial reporting, tax returns, internal controls and regulatory compliance.

Additional information concerning Moss Adams services for TriCo in 2007 can be found at Principal Independent Auditor and Report of the Audit Committee.

The Board recommends a vote FOR the ratification of Moss Adams LLP as our principal independent auditor for 2008.

organizations. Mr. Hasbrook has a BSC degree in finance and an MBA degree in agribusiness from Santa Clara University.

Michael W. Koehnen

Michael W. Koehnen, age 47, has been a director since 2002. Mr. Koehnen is a member of our compensation and management succession committee and our nominating and corporate governance committee. He owns and operates C.F. Koehnen & Sons, a third-generation family farming and bee-keeping company. Mr. Koehnen is also president and owner of Riverwest Processing, an almond and walnut processing company.

Steve G. Nettleton

Steve G. Nettleton, age 69, has been a director since 2003. He is a member of our audit committee and our nominating and corporate governance committee. Mr. Nettleton was the owner of the Chico Heat professional baseball club from 1996 to 2002 and served as the chairman of the board of directors for North State National Bank from 1982 to 2003 prior to its merger into Tri Counties Bank. He also serves as a member and secretary of Enloe Health Systems and a member of the CSU, Chico Advisory Board.

Richard P. Smith

Richard P. Smith, age 50, has been a director since 1999. He has served as the president and chief executive officer of TriCo and Tri Counties Bank since 1999. Mr. Smith joined Tri Counties Bank in 1994 as vice president and chief information officer. He was senior vice president-customer/employee support and control from 1997 until 1998, when he was promoted to executive vice president in the same capacity. Mr. Smith was named president of Tri Counties Bank and executive vice president of TriCo in 1998. Mr. Smith is also a member of the board of directors and a member of the executive board of the California Bankers Association.

Carroll R. Taresh

Carroll R. Taresh, age 70, has been a director since 1998. He was executive vice president and chief operating officer of Tri Counties Bank from 1989 until his retirement in 1996. He also serves as president and director of CNT, Inc., a farming operation.

**CORPORATE GOVERNANCE, BOARD NOMINATION
AND BOARD COMMITTEES**

Corporate Governance

We have long believed that good corporate governance is important to ensure that TriCo is managed for the long-term benefit of our shareholders. We continue to review our corporate governance policies and practices along with provisions of the Sarbanes-Oxley Act of 2002, the rules of the Securities and Exchange Commission and the listing standards of Nasdaq. We have adopted a code of ethics that applies to our principal executive officer, principal financial officer and persons performing similar functions. You can view our code of business conduct, our code of ethics for our principal executive officers and senior financial officers, our audit committee charter, our nominating and corporate governance committee charter and our compensation and management succession charter on our website at www.tricountiesbank.com under Investor Information Corporate Governance, or receive copies by contacting our corporate secretary in writing at TriCo Bancshares, 63 Constitution Drive, Chico, California 95973, or by telephone at (530) 898-0300.

Director Independence

We believe that independent directors play an important role in TriCo's corporate governance and are committed to ensuring that at least a majority of our directors are independent. Our Board has affirmatively determined that the following nine of our eleven directors are independent as defined by Nasdaq Marketplace Rule 4200(a)(15) and our corporate governance guidelines: Mr. Amaral, Mr. Casey, Mr. Compton, Mr. Hasbrook, Mr. Koehnen, Mr. Murphy, Mr. Nettleton, Mr. Taresh and Mr. Vereschagin. Our corporate governance guidelines provide that a director is independent if he does not have a material relationship with TriCo directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with TriCo, and he otherwise qualifies as independent under the applicable rules of the Securities Exchange Act of 1934, as amended, and Nasdaq. These independence determinations were based upon a review of all relevant transactions and relationships between TriCo, our senior management and our accountants, on the one hand, and each director and his family members, on the other hand. Mr. Smith is not considered independent because of his employment as president and chief executive officer of TriCo. Mr. Chrysler is not considered independent because his construction company has provided services to TriCo in the past three years, as described below.

Transactions with Related Persons

Our nominating and corporate governance committee is charged with monitoring and reviewing issues involving potential conflicts of interest and reviewing and approving all related party transactions. We have a policy adopted by our Board of Directors for reviewing transactions between TriCo and our directors and executive officers, their family members and entities with which they have a position or relationship. Our procedures for transactions with related persons are intended to determine whether any such related person transaction impairs the independence of a director or presents a conflict of interest on the part of a director or executive officer. All transactions between TriCo and related persons may be consummated only if our nominating and corporate governance committee approves such transaction in accordance with the procedures set forth in our policy.

We annually require each of our directors and executive officers to complete a questionnaire that elicits information about related person transactions. Our nominating and corporate governance committee and Board of Directors annually review all transactions and relationships disclosed in the questionnaires, and the Board makes a formal determination regarding each director's independence under our corporate governance guidelines.

There have been no transactions or series of similar transactions during 2007, or any currently proposed transaction, to which TriCo was or is to be a party, in which the amount involved exceeded or will exceed the lesser of \$120,000 or 1% of our average total assets at year-end for the last three completed fiscal years, and in which any of our directors, director nominees, executive officers or any shareholder owning 5% or more of our common stock, or any member of the immediate family or associate of any of the foregoing persons (together, the related parties), had or

Table of Contents

will have a direct or indirect material interest, except that Mr. Chrysler's construction company, Modern Building Inc., provided construction services to TriCo in 2007 for two in-store branches and some maintenance/remodel work for aggregate payments of \$308,371. Mr. Chrysler owns 51% of Modern Building and serves as its president.

Mr. Chrysler's company has not provided any services to TriCo since his election to the Board in February 2008 and any future services will be provided only in accordance with the policy described above.

Indebtedness of Management

Some of our directors, executive officers and their immediate family members and associates are customers of Tri Counties Bank and we expect to have banking transactions with them in the future. The loan committee of Tri Counties Bank reviews the adequacy and fairness of any loans made by Tri Counties Bank to our directors and officers. In its opinion, all such loans and commitments to lend were made in the ordinary course of our business and complied with applicable laws. Terms, including interest rates and collateral, were substantially the same as those prevailing for comparable transactions with other persons of similar creditworthiness not affiliated with TriCo. In our opinion, these transactions did not involve more than a normal risk of collectibility or present other unfavorable features. The aggregate amount of all loans and credit extensions outstanding as of December 31, 2007, to all directors and executive officers (including their associates and members of their immediate family) was approximately \$5,217,563, representing 2.76% of shareholders' equity at that time. As of the date of this proxy statement, all of these loans were performing loans.

Board Committees

Our full Board of Directors considers all major decisions. However, we have established three standing committees so that some matters can be addressed in more depth than may be possible in a full Board meeting: a compensation and management succession committee, a nominating and corporate governance committee and an audit committee. These three committees each operate under a written charter. Following is a description of each of these committees. Our directors also serve on various Board committees for our subsidiary, Tri Counties Bank.

Audit Committees. We have a standing audit committee of TriCo and a standing audit committee of Tri Counties Bank. The Board has determined that Mr. Amaral is an audit committee financial expert under the rules of the Securities and Exchange Commission and that each member of the committee is financially literate as defined by Nasdaq listing standards and is independent under special standards established by the Securities and Exchange

Commission for audit committee members. Their qualifications and business expertise are described at Board of Directors. The committee monitors:

the integrity of our financial statements, including the financial reporting process and systems of internal controls regarding finance, accounting and legal and regulatory compliance,

Table of Contents

our compliance with legal and regulatory requirements,

the independence, qualifications and performance of our financial executives, principal independent auditor and internal auditing department, and

the communication among our principal independent auditor, management, our internal auditing function and the Board.

The committee also annually retains our principal independent auditor and approves the terms and scope of work to be performed. Our audit committee met six times during 2007. For more information on this committee, please see Report of the Audit Committee.

Compensation and Management Succession Committee. The compensation and management succession committee held ten meetings in 2007. The committee considers the recommendations of our management regarding most compensation matters, including executive compensation. In 2006 the committee hired Mercer Human Resource Consulting, LLC as an outside consultant to provide an analysis concerning our executive compensation program for 2007 compared to other California banks of similar size. For more information on this committee, please see

Compensation Discussion and Analysis. This committee:

establishes TriCo's compensation philosophy,

evaluates and approves the compensation levels for our chief executive officer and the other executive officers,

produces annually a compensation discussion and analysis of executive compensation,

administers our stock option plans,

approves the benefits provided to our executive officers and directors, and

establishes and reviews our management succession policies.

Nominating and Corporate Governance Committee. Our nominating and corporate governance committee met two times in 2007. This committee:

determines nominees to the Board in the manner described at Nomination and Election of Directors,

reviews our Board committee structure and members,

annually evaluates the Board,

approves any related party transactions as described at Transactions with Related Persons,

monitors director independence, and

reviews our corporate governance guidelines and code of business ethics.

Attendance at Meetings

The Board of Directors of TriCo met nine times and the Board of Directors of Tri Counties Bank met twelve times during 2007. Each director attended at least 75% of the meetings of the Boards of Directors of both TriCo and Tri Counties Bank and the meetings of the committees of TriCo on which they served. In addition, our independent directors met one time in executive session to discuss our chief executive officer's performance. Executive sessions are chaired by the independent director then serving as lead director. Mr. Casey was our lead director in 2007 and will continue to serve as lead director in 2008.

Our corporate governance guidelines provide that each director must attend our annual shareholders meeting. In 2007 all of our directors attended the annual shareholders meeting except for Mr. Nettleton.

Nomination and Election of Directors

Qualifications. Our nominating and corporate governance committee determines the director nominees for each annual meeting of shareholders using the criteria set forth in our corporate governance guidelines. Our guidelines provide that all directors must be committed to representing the long-term interests of our shareholders and possess:
the highest personal and professional ethics, integrity and values,

informed judgment,

sound business experience,

the ability to make independent analytical inquiries, and

Table of Contents

an understanding of our business environment.

The committee has not established any specific minimum qualification standards for directors, except that no person may serve as a director who is seventy-five years of age or older at the time of election. However, the committee may identify certain skills or attributes as being particularly desirable for specific director nominees in order to complement the existing Board composition. To date the committee has identified and evaluated nominees for directors based on several factors, including:

referrals from our management, existing directors and advisors,

business or banking experience,

education,

leadership abilities,

professional reputation and affiliation, and

personal interviews.

We do not currently pay any fee to a third party to identify or evaluate potential director nominees, although we may retain search firms in the future to assist in finding qualified candidates.

Shareholder Nominations. The committee will consider nominees recommended by shareholders if those nominations are submitted under Section 15 of our bylaws. Section 15 provides that nomination for election of directors may be made by the Board of Directors or by any shareholder of any outstanding class of our capital stock entitled to vote for the election of directors. Notice of intention to make any nominations must be made in writing and be delivered or mailed to our president not less than 21 days or more than 60 days prior to any meeting of shareholders called for the election of directors. If less than 21 days notice of the meeting is given to shareholders, the notice of intention to nominate shall be mailed or delivered to TriCo's president not later than the tenth day following the day on which the notice of meeting was mailed. If notice of the meeting is sent by third-class mail as permitted by Section 6 of the bylaws, no notice of intention to make nominations shall be required. The notification shall contain the following information to the extent known to the notifying shareholder:

the name and address of each proposed nominee,

the principal occupation of each proposed nominee,

the number of shares of capital stock of TriCo owned by each proposed nominee,

the name and residence address of the notifying shareholder, and

the number of shares of TriCo stock owned by the notifying shareholder.

Nominations not made in accordance with Section 15 of the bylaws may, in the discretion of the chairman of the meeting, be disregarded. Nominees recommended by shareholders are evaluated in the same manner as other nominees. We have not received any proposals for director nominees from shareholders for this election.

Cumulative Voting. Each shareholder may cumulate votes in the election of directors. This means that a shareholder may cast votes for the number of shares owned multiplied by the number of directors to be elected. For example, if you own 1,000 shares, you could cast 11,000 votes since we will be electing eleven directors at the meeting. You may cast those votes for a single candidate or distribute your votes among any or all of the candidates. However, you may not cumulate votes for a candidate unless that candidate has been properly nominated prior to the voting and you have given notice of your intention to cumulate your votes. You must express your intention to cumulate votes at the meeting prior to the election. If any shareholder gives notice to cumulate his shares, all other shareholders shall be allowed to cumulate their votes as well. We will provide an opportunity at the meeting for any shareholder who

desires to cumulate votes to announce his intention to do so. We are soliciting, by your proxy, the discretionary authority to vote proxies cumulatively. The eleven nominees receiving the highest number of votes will be elected as directors.

Compensation and Management Succession Committee Interlocks and Insider Participation

No member of our compensation and management succession committee is an officer, former officer or employee of TriCo or Tri Counties Bank. No executive officer of TriCo had any interlocking relationship with any other for-profit entity during 2007, including serving on the compensation committee for any other entity.

- (2) Includes a \$1,500 monthly retainer for each named director, \$2,000 per month for the chairman of the Board and \$1,800 per month for the chairman of the audit committee. We do not pay our directors any additional compensation to attend Board or committee meetings.
- (3) Nonqualified options for 4,000 shares of our common stock under our 2001 stock option plan were granted to all directors upon their re-election on May 22, 2007, under our 2001 stock option plan described beginning on page 24 which vest in May 2008. The chairman of our Board and the chairman of our audit committee received nonqualified

options for an additional 1,000 shares. The dollar amount shown is recognized for financial statement reporting purposes for 2007 in accordance with the Statement of Financial Accounting Standards (SFAS) 123(R), and thus includes amounts from awards granted in and prior to 2007. See note 11 of our consolidated financial statements in our annual report on Form 10-K for the year ended December 31, 2007, for assumptions underlying the valuation of equity awards. As of December 31, 2007, each named director had the following number of options outstanding:
Mr. Casey, 27,000;
Mr. Amaral, 43,000;
Mr. Chrysler, 0;

In addition, each director has an indemnity agreement under which TriCo will indemnify him in his capacity as a director, was covered by directors' and officers' liability insurance and was reimbursed for expenses incurred in connection with his attendance at Board meetings (including expenses related to spouses when spouses are invited to attend Board events).

Deferred Compensation Plans

In 2005 we adopted a deferred compensation plan to permit our directors to defer payment of their retainer fees until retirement, termination of directorship or death. A director can defer up to a lifetime maximum of \$1.5 million for all deferrals under this plan and our predecessor plan which permitted director deferrals from 1992 until 2004. A director who elects to defer his retainer fees for any year must defer a minimum of \$200 per month. In 2007 none of the directors elected to defer any of their retainer fees. The plan also permits us to make discretionary contributions to a director's account. To date, we have not made any discretionary contributions on behalf of any directors. A director's plan benefit is payable upon his retirement, the termination of his directorship or death. All distributions under the plan are subject to the rules of Section 409A of the Internal Revenue Code. The plan is nonqualified, unsecured and unfunded.

Until December 31, 2008, a director's account under the plan is credited with interest each month at a rate that is 3% higher than the monthly equivalent of the annual yield of the Moody's average corporate bond yield index for the preceding month. Beginning January 1, 2009, the rate for the monthly interest credit to a director's account is reduced to 1% higher than monthly equivalent of the annual yield of the Moody's corporate bond yield index for the preceding month. From the time that his directorship ends until his benefit is paid, a director's account under the plan is credited with interest each month at the monthly equivalent of the annual yield of the Moody's average corporate bond yield index for the preceding month. A director is immediately 100% vested in his deferrals and any related interest on his deferrals. We determine the vesting rate for any discretionary contributions credited to a director's account and any related interest. If a director is removed for cause, our compensation and management succession committee can decide whether the interest credited to the director's account with respect to his deferrals and our discretionary contributions, if any, is forfeited.

Any deferrals made by a director and any discretionary contributions credited to his account by us prior to January 1, 2005, and any related interest, are governed by a predecessor deferred compensation plan for directors that we adopted in 1992. The 1992 plan is similar to the 2005 plan in most respects.

Director Supplemental Retirement Plan

In 2004 we adopted a supplemental retirement plan to provide additional retirement benefits to directors who retire on or after January 1, 2004. This plan replaces our supplemental retirement plan for directors originally adopted in 1987 and any benefit accrued by a director as of December 31, 2003 under this earlier plan will be paid under the terms of the 2004 plan. Any of our outside directors who attains director emeritus status is eligible to participate in the 2004 plan. When such a qualified director retires on or after age 55 with at least 15 years of service, or after a change of control with any number of years of service, he can receive an annual lifetime benefit equal to the amount of his base Board fee paid by us during his final year of service. The amount of the retirement benefit is reduced for each month that the benefit commencement date precedes the director's 65th birthday. A director's annual benefit payments under the plan begin the month after his retirement. If a director is involuntarily removed, he forfeits all benefits under this plan. The plan is nonqualified, unsecured and unfunded.

Split Dollar Life Insurance

We have entered into joint beneficiary agreements with all of our directors, except for Mr. Nettleton and Mr. Chrysler. These agreements provide that TriCo owns and pays premiums on a split dollar life insurance policy to provide various death benefits in certain circumstances to the beneficiaries named by each of these directors.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

TriCo's executive compensation program is designed to maximize shareholder value by aligning compensation with TriCo's performance and to attract, retain, motivate and reward a highly qualified executive management team. The compensation and management succession committee believes that these objectives can best be met by linking compensation to the achievement of both individual and corporate performance.

The underlying philosophy behind our compensation program is very straightforward: we pay competitive salaries and reward executives for enhancement of shareholder value and sustained individual superior performance. Consistent with this philosophy is our commitment to offer fair pay based on the respective roles of our executives, the market value of their jobs and the opportunity to earn additional cash and non-cash compensation when they provide superior performance.

Role of the Compensation and Management Succession Committee

The committee has the primary authority to determine TriCo's compensation philosophy and to establish compensation for Richard P. Smith, our chief executive officer, and our other executive officers. Each component of compensation for our executives is generally administered under the direction of our committee and is reviewed on an annual basis to ensure that remuneration levels and benefits are competitive and reasonable using the guidelines described below. In determining each level of compensation and the total compensation package, the committee reviews a variety of sources to determine and set compensation. Mr. Smith aids the committee by providing annual recommendations regarding the compensation of all executive officers, other than himself. The committee can exercise its discretion in modifying any recommended adjustments or awards to the executives. Each executive also participates in an annual performance review with Mr. Smith to provide input about his contributions to TriCo's success for the period being assessed.

While the committee does not set compensation at specific percentage levels compared to the market, the committee does seek to provide salary, incentive compensation opportunities and employee benefits that fall within the average practice of our competitors. The committee annually considers compensation levels of executives with similar qualifications and experience at banks of similar size located in California. Accordingly, the committee compares on an annual basis each element of total compensation against a peer group of bank holding companies. In 2006 the committee retained Mercer Human Resource Consulting, LLC, an independent human resources consulting firm, to identify and maintain a peer group of competitive companies to which we referred when establishing executive compensation in 2007. The compensation peer group consisted of 14 publicly traded and privately held bank holding companies in California which the committee believed were similar to TriCo in terms of total assets, net income, market capitalization and shareholder return. These companies were Capital Corp. of the West, Center Financial Corp, CVB Financial Group, Farmers & Merchants Bancorp, First Community Bancorp, First Regional Bancorp, ITLA Capital Corp., Mid-State Bancshares, Nara Bancorp, Inc., Pacific Capital Bancorp, SVB Financial Group, Vineyard National Bancorp, West America Bancorporation and Wilshire Bancorp, Inc.

Surveys prepared by management are also used periodically to ensure that TriCo is maintaining its labor market competitiveness. These surveys compare our compensation programs to the compensation programs of similarly-sized bank holding companies located in California.

Compensation Program Components

The compensation program for our executives consists of three fundamental components:

base salary,

annual performance-based incentive compensation consisting of a cash bonus, and

long-term incentive compensation composed of equity-based awards intended to reward executives for the enhancement of shareholder value and promote retention.

Table of Contents

This program enables us to tie executive compensation to TriCo's performance, reward individual performance and attract and retain a highly-qualified executive management team. As a result, the committee believes that this program best serves the interests of TriCo and our shareholders. The particular elements of our compensation programs are set forth below. Each executive's current and prior compensation is considered in setting future compensation.

A percentage of total compensation is allocated to incentives as a result of our philosophy. We have no pre-established policy or target for the allocation between either cash and non-cash, or short- and long-term, incentive compensation. Rather, the committee reviews information provided by Mercer to determine the appropriate level and mix of incentive compensation. Based on the summary compensation table on page 22, compensation for the named executive officers in 2007 and 2006 was allocated as follows (excluding the change in pension value and nonqualified deferred compensation earnings):

	Mix of Total Compensation	
	2007	2006
Base salaries	57.6%	55.0%
Short-term incentives (annual incentive bonuses)	16.6%	23.8%
Long-term incentives (stock options)	17.6%	13.0%
Benefits	8.2%	8.2%
	100.0%	100.0%

Base Salaries

The committee reviews and adjusts base salaries annually to realign them with market and industry levels after taking into account TriCo's general financial performance and the executive's responsibilities, experience and future potential. The committee seeks to establish base salaries that are within the range of salaries for persons holding similarly responsible positions at other banks and bank holding companies located in California. Mr. Smith's salary is set by the committee every January and the salaries for the other executives are usually set in February or March of each year for that year.

The committee reviewed TriCo's general financial performance and utilized the data provided by Mercer when determining to increase Mr. Smith's salary 4.0% from \$447,200 in 2006 to \$465,088 in 2007. This information showed Mr. Smith's salary to be in the market median for California bank holding companies similarly-sized to TriCo based on the survey prepared by Mercer.

In 2007 the committee increased our other named executives' base salaries by a range of 3.66% to 4.67% and by 4.42% on average from salaries paid in 2006. Based upon information presented to us by Mercer regarding market ranges for salaries of equivalent positions at peer group companies, we believe that we have established our executives' base salaries within the average practice of our competitors. As a result, we believe that we compensate our executives equitably when compared to competitive companies.

Annual Incentive Bonuses

It is the committee's objective to have a substantial portion of each executive's compensation contingent upon TriCo's performance as well as upon his or her own level of performance and contribution toward TriCo's performance. We utilize annual cash bonuses to align executive compensation with our business objectives and TriCo's performance. Placing an emphasis on incentive compensation is consistent with our philosophy of rewarding executives for TriCo's performance.

CEO Incentive Plan. Under our CEO Incentive Plan approved in May 2007, Mr. Smith was eligible to receive an annual incentive bonus if certain budgeted corporate goals were achieved. The potential incentive bonus for Mr. Smith's performance in 2007 ranged from 0% to 100% of his base salary. If TriCo achieved less than 90% of its budgeted corporate goals, Mr. Smith would not be entitled to a bonus. If TriCo achieved substantially all of the following corporate goals, Mr. Smith would be entitled to a bonus of 50% of his annual salary. If TriCo achieved 120% or more of these budgeted corporate goals, Mr. Smith would be entitled to a bonus of 100% of his annual

Table of Contents

salary. Mr. Smith's annual incentive bonus was determined on the basis of TriCo's achievement of the following budgeted corporate performance goals in 2007:

net income of approximately \$27,850,000,

maintain high asset and liability quality pursuant to regulatory guidelines, and

diluted earnings per share of \$1.70.

The committee retains discretion regarding the determinations as to whether TriCo reached these goals. In February 2008, the committee determined that TriCo achieved approximately 93% of its budgeted corporate goals for 2007 and thus Mr. Smith was awarded an incentive bonus of 25% of his salary, or \$116,272. For 2008 performance, the committee has determined that Mr. Smith's potential incentive bonus will range from 0% to 100% of Mr. Smith's base salary depending on TriCo's achievement of budgeted corporate performance goals, personal leadership traits, and other items such as results of examinations and audits.

Other Executives. The committee provides incentive compensation to our other executives in the form of an annual cash bonus. There is no pre-established policy or target for the determination of the amount of the incentive bonus compensation for our other executives. Although the achievement of certain financial objectives as measured by TriCo's earnings are considered in determining incentive bonus compensation, other subjective and less quantifiable criteria are also considered. In this regard, the committee takes into account specific achievements that are expected to affect our future earnings and results or that have an identifiable impact on the prior year's results. In March 2008 our other named executive officers received bonuses ranging from approximately 21% to 35% of their base salaries for their performance in 2007, as set forth in the summary compensation table on page 22.

Stock Option Grants

The committee provides long-term incentive compensation to our executive officers through the grant of stock options under our 2001 stock option plan described on page 24. In accordance with our philosophy, the use of stock options is intended to provide incentives to our executive officers to work toward the long-term growth of TriCo by providing them with a benefit that will increase only to the extent that the value of our common stock increases. Since the value of an option bears a direct relationship to TriCo's stock price, the committee believes it is an effective long-term incentive to create value for shareholders and appropriately align the interests of our executives with the interest of our shareholders. The grant of stock options also serves as a long-term retention incentive for our executives with the four-year and five-year vesting schedules imposed by the committee.

Option awards are made at the regular committee meetings. The effective date for all grants is the date that the committee approves the grant and all key terms have been determined. The committee grants stock options to our executives, including the CEO, on the date of our annual shareholders' meeting each year. The committee may also grant stock options in its discretion in connection with the hiring of a new executive officer or other employee or to address other special circumstances. The exercise price for stock option grants is determined by reference to the last quoted price per share on The Nasdaq Global Select Market at the close of business on the date of grant. Our annual shareholders' meeting typically occurs within four weeks after the official announcement of our first quarter results so that the stock option exercise price will reflect a fully informed market price. Each grant allows the executive to acquire shares of common stock over a specified period of time, typically four to five years. Accordingly, the option will provide a return to the executive only if the market price of the shares appreciates over the option term.

The number of options granted each year by the committee to an executive is not set, but is based on a subjective evaluation of:

the perceived incentive that the grant will provide,

the executive's prior performance and level of responsibility,

the benefit that the grant may have on long-term shareholder value, and

the value of the stock option at the time of grant.

The committee views the grant of options as a retention device and therefore also reviews the status of vesting and the number of vested versus unvested options held by an executive at the time of grant and the annual option grants made to executives at our peer group companies.

Table of Contents

In 2007 the committee granted Mr. Smith stock options to purchase 45,000 shares of our common stock which will vest ratably over a five-year period. In 2007 Mr. Smith also received options for 4,000 shares of our common stock for his re-election to the Board which will vest on the first anniversary of the date of grant. The committee granted stock options for the following number of shares to our other executives in 2007: Mr. Bailey 52,500 shares, Mr. Carney 10,450 shares, Mr. Hagstrom 13,200 shares, Mr. Miller 7,800 shares, Mr. O Sullivan 19,400 shares, Mr. Reddish 19,100 shares, and Mr. Rios 5,600 shares. These shares vest ratably over a five-year period. We do not currently maintain any equity or other security ownership guidelines or requirements for our executives.

Other Elements of Compensation and Perquisites

In order to attract and retain talented executives who will focus on achieving TriCo's long-term goals, we provide to our executives, including Mr. Smith, the following benefits and perquisites:

Supplemental Executive Retirement Plan. TriCo maintains a supplemental executive retirement plan described at Compensation of Named Executive Officers Pension Benefits, which provides our executives with benefits upon their retirement.

Deferred Compensation Plan. TriCo maintains a nonqualified, unsecured and unfunded executive deferred compensation plan, which is described at Compensation of Named Executive Officers Nonqualified Deferred Compensation. This plan provides our executives with the opportunity to defer all or part of their salaries and bonuses until retirement, earlier termination from employment or death, in addition to any discretionary contribution or reoccurring contribution that we credit to his account. All amounts are credited with interest and are paid in the form and at the time elected by the executive, generally after the executive's cessation of employment.

Change of Control Agreements. The change of control agreements described on page 29 protect income for our executives who would likely be involved in decisions regarding, and the successful implementation of, merger activity and would be at risk for a job loss if a change of control occurs. The committee believes it was important to adopt such agreements in order to provide an incentive for executives to remain employed with TriCo throughout the turmoil and uncertainty that an unsolicited tender offer or merger can cause. Such continuity in leadership benefits both our shareholders and employees. These agreements enable the executives to make decisions that are in the best interests of our shareholders without being distracted or influenced in the exercise of his business judgment by personal concerns. Change of control agreements are typically offered to executives in the marketplace and thus are necessary to attract and retain executives as well as protect shareholders' interests. A change of control will also accelerate the vesting of all outstanding options and accelerate benefits under some of our benefit plans as described at Compensation of Named Executive Officers Potential Payments Upon Termination and Change of Control.

ESOP Contributions. TriCo makes yearly contributions to each executive's account under our employee stock ownership plan described at Compensation of Named Executive Officers ESOP.

Defined Contribution Plan. TriCo offers a 401(k) savings plan to all eligible employees as described at Compensation of Named Executive Officers 401(k).

Long-term Care Insurance. TriCo has entered into long-term care agreements with each executive as described at Compensation of Named Executive Officers Long-Term Care Insurance.

Medical Insurance. TriCo provides to each executive and their family such health, dental and vision insurance coverage as TriCo may from time to time make available to its other executives of the same level of employment. TriCo pays a portion of the premiums for this insurance for all employees.

Life and Disability Insurance. TriCo provides each officer such disability and/or life insurance as TriCo in its sole discretion determines from time to time to make available.

Other. TriCo makes available certain other perquisites to executives such as country club memberships and automobile allowances which are listed in the perquisites and personal benefits table on page 23. Although TriCo allows its executives officers and directors to utilize TriCo's corporate airplane for personal use in limited circumstances, TriCo requires its executive officers and directors to reimburse TriCo for such personal use on an operating cost per flight hour which is predetermined each year. The hourly reimbursement rate represents the

Table of Contents

aggregate incremental cost to TriCo for such personal use and takes into account items such as maintenance and repair, operating expenses, the pilot's salary, landing and ramp fees, fuel costs, airport taxes and crew travel expenses.

Revenue Code Section 162(m)

The committee considers the potential impact of section 162(m) of the Internal Revenue Code of 1986, as amended. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the chief executive officer and the other senior executive officers, other than is approved by the shareholders of the corporation and that meets certain other technical requirements. Based on current levels of compensation, no executive officer is expected to receive compensation for 2006 services that would be non-deductible under section 162(m) of the Internal Revenue Code. Accordingly, the compensation committee has not considered any revisions to its policies and programs in response to this provision of law.

This limitation does not apply to compensation that is performance based. Our 2001 stock option plan has been structured so that any compensation paid in connection with the exercise of options granted under the plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation. Therefore, it will not be subject to the \$1 million deduction limitation.

Summary

The committee believes that our philosophy of aligning compensation with TriCo's performance and individual superior performance was met and that the compensation for our executive officers has been competitive and comparable to the compensation received by executive officers of similarly-sized banks located in the western United States. In addition, TriCo's executive compensation philosophy and programs support our overall objective to enhance shareholder value through profitable management of TriCo's operations. The committee is firmly committed to the ongoing review and evaluation of our executive compensation program.

REPORT OF THE COMPENSATION AND MANAGEMENT SUCCESSION COMMITTEE

To Our Shareholders:

The compensation and management succession committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with TriCo's management. Based on such review and discussion, the committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

This report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission or subject to Regulation 14A promulgated by the Commission or Section 18 of the Securities Exchange Act of 1934, as amended.

Respectfully submitted:

William J. Casey (Chairman)

(1) Reflects actual salary earned in the year indicated.

(2) Paid pursuant to Mr. Smith's employment agreement described on page 29.

- (3) Reflects cash bonuses earned for performance in the year indicated but paid in the following year.

- (4) Reflects the dollar amount recognized for financial statement reporting purposes for the year indicated in accordance with SFAS 123(R) of stock options granted pursuant to our 2001 stock option plan and our 1995 stock option plan and thus may include amounts from options granted in and prior to the year indicated. Assumptions used in the calculation of these amounts are included in footnote 14 to our audited financial statements for 2007 included in our annual report on Form 10-K for the year ended December 31, 2007.

- (5) Reflects the cash award paid to Mr. Smith under the CEO Incentive Plan for the year indicated.

- (6) Reflects (i) the actuarial increase in the present value of the executive's benefits under our supplemental executive retirement plan described on page 27 determined using interest rate and mortality rate assumptions consistent with those named in our financial statements and includes amounts which the executive may not be currently entitled to receive because such amounts are not vested, and (ii) above-market rates earned under our executive deferred compensation plan discussed on page 28.
- (7) Reflects the incremental cost to TriCo of other compensation indicated on the perquisites and personal benefits table on the next page:
- (8) Mr. Hagstrom's present value of accumulated pension value decreased from

2006 due to a
change in the
assumed
retirement age.

- (A) Reflects the value attributable to personal use of automobiles provided by TriCo as calculated in accordance with IRS guidelines.
- (B) Reflects the taxable value attributable to split dollar life insurance benefits provided by joint beneficiary agreements between TriCo and each executive. TriCo owns and pays premiums on all insurance policies which provide various death benefits to the beneficiaries named by each executive.
- (C) Reflects contributions allocated by TriCo to an executive's ESOP account pursuant to the terms of our nonqualified deferred compensation plan described on page 28.
- (D) Reflects the premiums relating to the long-term care insurance described below.
- (E) Reflects discretionary contributions made by TriCo to an executive's account in our ESOP described below.
- (F) Includes security system expenses for Mr. O Sullivan and expenses related to spouses when spouses are invited to accompany executives on management retreats and conventions.

CEO Incentive Plan

Each year the Board adopts a CEO Incentive Plan which provides bonus compensation to our chief executive officer, Richard Smith, for his performance during that year. In 2007, the CEO Incentive Plan generally provided that Mr. Smith could earn a bonus equal to up to 100% of his 2007 salary if TriCo met certain pre-established performance goals. See Compensation Discussion and Analysis Annual Incentive Bonus for a more detailed discussion of this plan. The compensation and management succession committee retains discretion regarding the determinations as to whether TriCo reached these goals.

Long-Term Care Insurance

In 2003 we entered into long-term care agreements with certain directors and executives which provide that TriCo will purchase long-term care insurance policies which are owned by the individual directors and executives. The long-term care insurance provides long-term care benefits if a participant becomes disabled or has a long-term medical condition. The agreements generally provide that if a participant's service with TriCo terminates in certain circumstances, the participant will reimburse a percentage of the premium paid by TriCo based upon his years of service with TriCo or let the policy lapse. During 2007 we recognized an expense of \$127,846 relating to the long-term care insurance.

ESOP

We have an employee stock ownership plan and trust for all employees completing at least 1,000 hours of service with TriCo or Tri Counties Bank. Annual contributions are made by TriCo in cash at the discretion of the Board.

Contributions to the plan are held in trust and invested primarily in our common stock. Contributions are allocated to participants on the basis of salary in the year of allocation. In general, benefits become vested after six years.

Table of Contents**401(k)**

We have a 401(k) plan for all employees age 21 and over who complete at least 90 days of service with TriCo or Tri Counties Bank. Participants may contribute a portion of their compensation subject to certain limits based on federal tax laws. Participants may select between making regular pre-tax deferrals or Roth deferrals (effective January 1, 2008). TriCo has not made any matching contributions to the plan to date. Plan assets are held in trust. A participant can direct the investment of his contribution into one or more of 19 mutual funds. Generally, contributions are triggered by a participant's retirement, disability, death or other separation from employment.

2001 Stock Option Plan

General. In 2001 we adopted a stock option plan for key officers, employees, directors and consultants, as subsequently amended by shareholders, which provides that an aggregate of 2,124,650 shares of our common stock may be granted under the plan. On March 31, 2008, there were options for 1,271,181 shares outstanding and options for 195,380 shares were available for future grant. Vesting schedules are determined individually for each grant. The stock options that we have issued to our executives were granted at exercise prices equal to the fair market value of TriCo stock on the date of grant. All stock options granted to date vest ratably over a five-year period beginning either on the grant date or the first anniversary of the grant date.

The committee may grant both incentive stock options, which can result in potentially favorable tax treatment to the participant, and non-qualified stock options. The committee determines the terms and vesting provisions, including the exercise price that generally may not be less than the fair market value of a share of common stock on the grant date. The maximum term of each option, the times at which each option will be exercisable, and the provisions requiring forfeiture of unexercised options following termination of employment generally are fixed by the committee, except that no option may have a term exceeding ten years. Incentive stock options that are granted to holders of more than 10% of our stock are subject to certain additional restrictions, including a five-year maximum term and a minimum exercise price of 110% of the fair market value.

Shares subject to options that are cancelled, expire unexercised, forfeited or otherwise terminated remain available for awards under the plan. The plan imposes individual limitations on the amount of certain awards in order to comply with Section 162(m) of the Internal Revenue Code of 1986. Under these limitations no single participant may generally receive options in any calendar year that relate to more than \$1 million. Finally, options may generally be adjusted to prevent dilution or enlargement of benefits when certain events occur, such as a stock dividend, reorganization, recapitalization, stock split, combination, merger or consolidation.

Eligibility and Administration. Current and prospective officers, employees, directors and consultants of TriCo or its subsidiaries or affiliates may be granted awards under the plan. As of March 31, 2008, approximately 709 individuals were eligible to participate in the plan. The plan is administered by our compensation and management succession committee. Awards to directors serving on the committee are determined and administered by the full Board of Directors. The committee may:

select participants,

determine the type and number of options to be granted,

determine the exercise price and vesting period of any option,

determine and later amend the terms and conditions of any option,

interpret the rules relating to the plan, and

otherwise administer the plan.

Director Options. A new director to the Board receives options for 20,000 shares when he is first elected. These options become exercisable in five equal installments of 4,000 shares each beginning on the first anniversary of the grant date. In addition, each director who is re-elected to the Board receives options for 4,000 shares upon re-election and each director who is appointed as chairman of the Board or chairman of our audit committee may receive options

for 1,000 shares. These shares are exercisable on the first anniversary of the grant date. The option price for all options granted to directors is the fair market value on the grant date. The Board determines the terms and conditions of any other options granted to directors.

Termination and Change of Control. See Potential Payments Upon Termination or Change of Control.

Table of Contents

Amendment and Termination. The Board may amend, suspend or terminate the plan subject to applicable shareholder approval. The committee may waive any conditions or amend the terms of any option. However, the committee may not amend the terms of previously granted options to reduce the exercise price or cancel options and grant substitute options with a lower exercise price than the cancelled options. The committee also may not adversely affect the rights of any award holder without the award holder's consent.

Federal Income Tax Consequences. Tax consequences to TriCo and to participants receiving options will vary with the type of option. The plan is not intended to be a qualified plan under Section 401(a) of the Internal Revenue Code.

1995 Stock Option Plan

In 1995 we adopted a stock option plan for key employees. On March 31, 2008, there were options for 100,000 shares outstanding under this plan and no additional options were available for grant. Vesting schedules were determined individually for each grant under both plans. The material terms of this plan are similar to our 2001 stock option plan.

Grants of Plan-Based Awards for 2007

Table of Contents**Option Exercises and Stock Vested for 2007**

The following table presents information on stock options exercised by each of the named executives in 2007 and the aggregate dollar amount realized on exercise. There were no stock awards made or outstanding for the named executives in 2006.

Name	Option Awards	
	Number of shares acquired on exercise (#) (1)	Value realized on exercise (\$) (2)
Mr. Smith	30,000	429,450
Mr. Reddish	9,000	133,905
Mr. O Sullivan	160,000	2,117,900
Mr. Hagstrom	0	0
Mr. Carney	0	0

(1) Of the shares exercised, the following amounts were due to options expiring in 2007: Mr. Reddish, 9,000 shares and Mr. Smith, 30,000 shares.

(2) The aggregate dollar value realized upon the exercise of an option represents the difference between the market price of the underlying shares on the date of exercise and the exercise price of the option.

Pension Benefits

Effective January 1, 2004, we adopted a supplemental executive retirement plan to provide supplemental retirement benefits to our key employees. This plan replaces the supplemental retirement plan for executives that we originally adopted in 1987. Any benefit accrued by an executive as of December 31, 2003 under the earlier plan will be paid under terms of the 2004 plan. We select the key employees who will participate in this plan. The plan is nonqualified, unsecured and unfunded.

Under normal circumstances, a participant is entitled to a supplemental retirement benefit if he:

- retires after age 62,
- terminates due to his disability at any age,
- retires after age 55,
- voluntarily terminates with a minimum number of years of service, or
- is terminated without cause with a minimum number of years of service.

The plan provides a monthly lifetime benefit determined by a formula based on the participant's highest average compensation, including salary and bonus, for 36 of the last 60 months of his employment and his years of service when he ceases employment. A participant's benefit is reduced by his ESOP and social security benefits. If he retires after age 55 but before age 62, a participant must have a minimum of 10 years of service to be entitled to a supplemental retirement benefit. A participant generally forfeits all benefits under the plan if he is terminated with cause, he voluntarily terminates prior to age 55 with less than 15 years of service or is terminated without cause with less than 5 years of service. In general, a participant's monthly benefit payments begin on the later of the first day of the month after his 62nd birthday or the first day of the month after his retirement. A participant can elect to receive his monthly benefit payments earlier if he is at least 55, but the amount of his benefit is reduced for early payment. Other termination provisions are described at Potential Payments Upon Termination or Change of Control Supplemental Executive Retirement Plans.

The following table presents certain information concerning the benefits of the named executives under our supplemental executive retirement plan:

Mr. Carney	Supplemental Executive Retirement Plan	12	145,844	0

(1) The value as of December 31, 2007, is determined using assumptions consistent with those used in note 14 of our audited financial statements included in our annual report on Form 10-K for the year ended December 31, 2007.

Nonqualified Deferred Compensation

Our 2005 deferred compensation plan provides our executives with the opportunity to defer all or part of their salaries and bonuses until retirement, termination from employment or death. An executive can defer up to a lifetime maximum of \$1.5 million for all deferrals under this plan and our predecessor plan which permitted deferrals from 1987 until 2004. An executive who elects to defer his compensation for any year must defer a minimum of \$200 per month. The plan permits us to make discretionary contributions to an executive's account. Each year since the plan's inception we have credited to each executive's account a contribution based on our contributions made for him under our ESOP for that year. This plan is nonqualified, unsecured and unfunded.

Until December 31, 2008, an executive's account under the plan is credited with interest each month at a rate that is 3% higher than the monthly equivalent of the annual yield of the Moody's average corporate bond yield index for the preceding month. Beginning January 1, 2009, the rate for the monthly interest credit to an executive's account is reduced to 1% higher than the monthly equivalent of the annual yield of the Moody's corporate bond yield index for the preceding month. From the time that his employment with us ends until his benefit is paid, an executive's account under the plan is credited with interest each month at the monthly equivalent of the annual yield of the Moody's average corporate bond yield index for the preceding month.

Executives are immediately 100% vested in their own contributions and in our reoccurring contributions credited to their account. We determine the vesting rate for any discretionary contributions credited to an executive's account as well as for the interest related to these contributions. If an executive is terminated for cause, our compensation and management succession committee can decide whether the interest credited to the executive's account with respect to his deferrals, our discretionary contributions and our reoccurring contributions is forfeited. The distribution of an executive's plan benefit in the event of a change of control or other termination is described at Potential Payments Upon Termination or Change of Control.

Any deferrals made by an executive, our discretionary contributions and our reoccurring contributions credited to his account prior to January 1, 2005, and the related interest, are governed by a predecessor deferred compensation plan for executives that we adopted in 1987. The 1987 plan is similar to the 2005 plan in most respects.

In 2007 Mr. Smith and Mr. Carney each elected to defer some of their compensation. The following table presents information concerning nonqualified deferred compensation for each of the named executives:

(1) These amounts were included as salary paid to such officer in the summary compensation table on page 22.

(2) These amounts were paid into the executive's account as an ESOP make-up contribution.

(3) The following amounts were included in the summary compensation table on page 22 as above-market rates earned under our executive nonqualified deferred compensation plan: Mr. Smith, \$5,417; Mr. O Sullivan, \$13,930; Mr. Hagstrom, \$9,113; and Mr. Carney,

\$4,869.

CEO Employment Agreement

We entered into an employment agreement with Richard Smith, our president and chief executive officer, which provides Mr. Smith with a base annual salary of \$483,691 for 2008 with future increases as determined by the compensation and management succession committee. Mr. Smith is also eligible to receive an annual incentive bonus under the CEO Incentive Plan and stock options under our 2001 stock option plan. Mr. Smith's employment agreement also provides that Mr. Smith shall receive 20 paid vacation days annually and a car allowance of \$1,000 per month or use of an automobile owned or leased by TriCo, and reimbursement of other reasonable out-of-pocket expenses incurred in the performance of his duties. Mr. Smith is also eligible to participate in our 401(k) savings plan, our employee stock ownership plan, our executive deferred compensation plan and our supplemental executive retirement plan. Finally, Mr. Smith and his dependents receive disability, health, dental or other insurance plans available to all of our employees.

If Mr. Smith is terminated without cause not in connection with a change of control, then TriCo shall pay to Mr. Smith all amounts earned or accrued as salary and a pro rated amount of Mr. Smith's minimum guaranteed annual bonus through the date of termination. In addition, TriCo shall pay through the then remaining term of the agreement the amount of salary that would be payable to Mr. Smith if his employment had not been terminated. The current term of Mr. Smith's employment under the agreement is through March 20, 2009. The agreement is automatically extended for an additional year unless one party notifies the other party to the contrary 90 days prior to the renewal date. If Mr. Smith's employment is terminated in various circumstances as described under Potential Payments Upon Termination or Change of Control, then Mr. Smith is entitled to receive the potential benefits described in that section.

Potential Payments Upon Termination or Change of Control

Change of Control Agreements. Each named executive has entered into an agreement with TriCo that provides him with benefits if TriCo experiences a change of control. If a change of control occurs and the executive's employment is terminated other than for cause or the executive terminates his employment after a substantial and material negative change in his title, compensation or responsibilities within one year after such change of control, then such executive is entitled to receive a severance payment equal to twice the combined amount of his annual salary in effect at the time plus his most recent annual bonus, paid in 24 equal monthly installments; provided that the present value of those payments shall not be more than 299% of executive's compensation as defined by section 280G of the Internal Revenue Code (Section 280G). The effect of this provision is that deductions for payments made under these agreements will not be disallowed due to Section 280G. All of our executives' change of control agreements are currently scheduled to expire in August 2008, except for Mr. Smith's agreement which will expire on March 20, 2009. However, each agreement will automatically renew for an additional one-year period unless terminated by either party 90 days prior to such anniversary date. In exchange for receiving the benefits under the agreement, each executive has agreed to keep confidential all of TriCo's trade secrets.

Table of Contents

A change of control as defined in our executives change of control agreements and Mr. Smith's employment agreement generally occurs in connection with:

a person becoming the beneficial owner of 40% or more of our outstanding common stock,

the purchase of our common stock pursuant to a tender or exchange offer,

our shareholders approval of the merger of TriCo where TriCo is not the surviving corporation, the sale of all of our assets or TriCo's dissolution, or

a replacement of at least a majority of our directors.

For cause as defined in these agreements means:

an employee's dishonesty, disloyalty, willful misconduct, dereliction of duty or conviction of a felony or other crime the subject matter of which is related to his duties for TriCo,

an employee's commission of an act of fraud or bad faith upon TriCo,

an employee's willful misappropriation of any funds or property of TriCo, or

an employee's willful continued and unreasonable failure to perform his duties or obligations.

2001 Stock Option Plan. Under our 2001 stock option plan, upon a change of control all outstanding options shall vest, become immediately exercisable and have all restrictions lifted. A change of control as defined under this plan generally means:

the acquisition of 50% or more of our outstanding voting securities,

a replacement of at least two-thirds of our directors, or

our shareholders approval of a merger, dissolution or sale of substantially all of our assets.

Upon termination of an executive's employment or service, a participant will generally have 90 days following termination of employment or service to exercise any vested options. All options which are not exercised prior to 90 days after the date the executive ceases to serve as an employee of TriCo shall be forfeited. If an executive is terminated for cause, all right to exercise his vested options terminates on the date of the executive's termination.

Nonqualified Deferred Compensation Plans. An executive's plan benefit is generally payable upon his retirement, separation from employment or death. However, if an executive is terminated for cause, our compensation and management succession committee can determine in its discretion whether the interest credited to the executive's account with respect to his deferrals and any contributions made by TriCo are forfeited. For cause as defined in this plan is generally the same as an involuntary termination under our supplemental executive retirement plan described below. An executive can also elect in advance to receive a distribution of his plan benefit in the event of a change of control. A change of control as defined under our 2005 deferred compensation plan generally means:

the acquisition of more than 50% of our outstanding stock,

the acquisition in 12 months or less of at least 35% of our stock,

the replacement in 12 months or less of a majority of our directors, or

the acquisition in 12 months or less of at least 40% of our assets.

In addition to any advance election to receive his benefit in the event of a change of control, the executive can make an advance election as to the time and form for his benefit distribution after his separation from employment. In all cases, other than a distribution to satisfy his severe financial hardship, the executive may elect to receive his benefit payments in a lump sum or in monthly installments over 5, 10 or 15 years. An executive's distribution election can be

changed in advance of his retirement or other separation in accordance with Section 409A of the Internal Revenue Code. All distributions under the plan are subject to Section 409A of the Internal Revenue Code including, for example, the rule that an employee who is a specified employee may not receive a distribution of his benefit until at least 6 months following his separation.

Supplemental Executive Retirement Plans. Under our 2004 supplemental executive retirement plan, if, following a change of control, a participant retires after age 55, is terminated without cause or voluntarily terminates within 24 months, he is entitled to a supplemental retirement benefit. The monthly lifetime benefit is determined by a formula based on the executive's highest average compensation, including salary and bonus, for 36 of the last 60 months of his employment and his years of service when he ceases employment. The executive is entitled to a supplemental

Table of Contents

retirement benefit under the plan without regard to the minimum number of years of service that would be required if his retirement or termination had occurred before the change of control. An executive's benefit is reduced by the sum of his ESOP and social security benefits. In general, his monthly benefit payments begin on the first day of the month after his retirement or other termination from employment following a change of control without any reduction for payment of this benefit prior to age 62, as would be the case if he had retired or terminated before a change of control. See Pension Benefits for a description of benefits payable not in connection with a change of control. A change of control as defined under this plan is generally the same as under our executive change of control agreements. An involuntary termination with cause as defined in this plan generally means a termination due to:

gross negligence or gross neglect,

commission of a felony, misdemeanor or any other act involving moral turpitude, fraud or dishonesty which has a material adverse impact on TriCo,

willful and intentional disclosure, without authority, of any secret or confidential information that has a material adverse impact on TriCo, or

willful and intentional violation of the rules of any regulatory agency that has a material adverse impact on TriCo.

Joint Beneficiary Agreements. In 2003 we entered into joint beneficiary agreements with each of our executives. These agreements provide that Tri Counties Bank shall purchase a life insurance policy for the executive and the executive may designate beneficiaries to receive his share of the death proceeds. The value of the benefits received by the executive's beneficiaries depends on the executive's age at the time of death and whether the executive was eligible for benefits under our supplemental executive retirement plan.

The amounts listed in the following table are estimated maximum amounts that would have been payable to our executives upon termination of employment in certain circumstances if payment had occurred on December 31, 2007. The actual amounts payable can only be determined when an executive is terminated from TriCo and can be more or less than the amounts shown below, depending on the facts and circumstances actually prevailing at the time of the executive's termination of employment. Our compensation and management succession committee may in its discretion revise, amend or add to the benefits if it deems advisable. Thus, the actual amounts payable in certain circumstances could be significantly greater or less than the estimated amounts shown in the table below.

(1) Payment based on salary as of December 31, 2007, and bonus paid in March 2007.

(2) The value of accelerated stock option amounts represents the number of shares issuable upon the exercise of stock options for which vesting is accelerated multiplied by the difference between the market value on

December 31, 2007, and the option exercise price. The closing price of our common stock on December 31, 2007, was \$19.30 per share. Stock option vesting is accelerated following a change of control regardless of an executive's termination of employment.

- (3) Represents an estimate of the present value of the accumulated benefit obligation under our supplemental executive retirement plans as of December 31, 2007, as adjusted to reflect the effect of vesting considerations in the termination situations indicated.
- (4) The value of the benefits under our deferred compensation plans assumed that the executive received a lump

sum payment.
Participants are fully vested in amounts deferred and interest earned on such deferrals.

(5) We assumed that our compensation and management succession committee determined that the executive forfeited interest on his deferrals and any contributions made by TriCo.

(6) Represents the lesser of the difference between death benefit and the cash value of the executive's life insurance policies and the amount specified in the joint beneficiary agreement.

Regardless of the manner of which an executive's employment terminates, he is also generally entitled to receive amounts earned during his term of employment. Such amounts include:

salary earned,

annual incentive bonus compensation earned,

gain on exercise of vested stock options granted pursuant to our stock option plan,

amounts contributed under our 401(k) savings plan and our ESOP,

unused vacation pay, and

benefits under the long-term care insurance.

162(m) Disclosure

Based on current levels of compensation, no executive is expected to receive compensation for 2006 services that would be non-deductible under Section 162(m) of the Internal Revenue Code. Accordingly, the compensation and management succession committee has not considered any revisions to its policies and programs in response to this provision of law.

REPORT OF THE AUDIT COMMITTEE

To Our Shareholders:

The Board has affirmatively determined that all members of TriCo's audit committee are independent directors as defined in Nasdaq Rule 4200(a)(15) and the special standards established by the Securities and Exchange Commission. The committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of TriCo's accounting, the system of internal controls established by management, auditing and reporting practices. The responsibilities of the committee are described at Corporate Governance, Board Nomination and Board Committees Board Committees and are set forth in its charter, a copy of which was attached to the proxy statement relating to the 2006 annual meeting of shareholders and can be found on our website.

Management is responsible for internal controls and the financial reporting process, including the system of internal controls. Moss Adams, LLP, our principal independent auditor in 2007, was responsible for expressing an opinion on the conformity of TriCo's audited consolidated financial statements with generally accepted accounting principles. The audit committee monitors these processes and reports its findings to the full Board. The committee has reviewed and discussed TriCo's audited consolidated financial statements with management and Moss Adams. The committee has also discussed with Moss Adams the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (communication with audit committees).

The audit committee has reviewed and implemented the provisions of the Sarbanes-Oxley Act, the rules of the Securities and Exchange Commission and the Nasdaq listing standards. The committee may also engage independent legal counsel to review assets and make recommendations on procedures required by the Sarbanes-Oxley Act. At two of its regular meetings in 2007, the committee met privately in executive session with Moss Adams, TriCo's chief executive officer and the director of the internal audit department to review:

overall audit scope and plans,

results of internal and external audit examinations,

TriCo's audited consolidated financial statements,

management's discussion and analysis of financial condition and results of operations contained in TriCo's quarterly and annual reports,

evaluations of TriCo's internal controls by Moss Adams, and

quality of TriCo's financial reporting.

The audit committee considered the need to ensure the independence of TriCo's accountants while recognizing that in certain situations Moss Adams may possess the expertise and be in the best position to advise TriCo on issues other than accounting and auditing. All audit services and fees payable to our principal independent auditor for audit services must be pre-approved by the committee. The committee's charter requires that any other services, including any permitted non-audit services, must also be pre-approved by the committee. The committee then communicates its approval to management. All audit and non-audit services performed by Moss Adams during 2007 were pre-approved by the committee.

The committee received from Moss Adams the written disclosures and the letter required by Independence Standards Board Standard No. 1 (independence discussions with audit committees), and the committee discussed with Moss Adams their independence. The audit committee has considered the effect that provision of the services described under tax fees and all other fees at Principal Independent Auditor may have on the independence of Moss Adams. These fees amounted to 0% of our total fees paid to Moss Adams in 2007 because in 2007 KPMG, LLP provided these services for us as indicated on page 36. Moss Adams did not serve as our principal auditor in 2006. The committee approved these services and determined that those services were compatible with maintaining the independence of Moss Adams as TriCo's principal auditor in 2007.

Table of Contents

Based on the audit committee's review and discussions with management and Moss Adams referenced in this report, the audit committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in TriCo's annual report on Form 10-K for the year ending December 31, 2007, for filing with the Securities and Exchange Commission.

Respectfully submitted:

Donald J. Amaral (Chairman)

Table of Contents**PRINCIPAL INDEPENDENT AUDITOR****Change in Auditor**

On March 15, 2007, our audit committee dismissed our principal independent auditor, KPMG, LLP, and engaged the services of Moss Adams LLP as our new principal independent auditor on March 15, 2007, for the year ended December 31, 2007. During the years ended December 31, 2005 and 2006, and the following interim period through March 15, 2007, we did not consult with Moss Adams regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

During the years ended December 31, 2005 and 2006, and the following interim period through March 15, 2007, there were no disagreements between TriCo and KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to KPMG's satisfaction, would have caused KPMG to make reference to the subject matter of the disagreement in connection with its reports on our financial statements for such periods. Also, none of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within the two most recent years ended December 31, 2005 and 2006 or within the following interim period through March 15, 2007.

The audit reports of KPMG on our consolidated financial statements as of and for the years ended December 31, 2005 and 2006 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. We requested KPMG to furnish us with a letter addressed to the Securities and Exchange Commission stating whether they agreed with the above statements. A copy of that letter was filed with the Commission on a Form 8-K filed on March 21, 2007.

Audit Fees, Audit-related Fees, Tax Fees and All Other Fees

Moss Adams audited our financial statements for the year ending December 31, 2007 and KPMG audited our financial statements for the year ending December 31, 2006. The following table shows the fees we paid to Moss Adams and KPMG in 2007 and 2006.

(1) For auditing our annual consolidated financial statements and our interim financial statements in our reports filed with the Securities and Exchange Commission and auditing our internal controls over financial

reporting and management's assessments of those controls.

- (2) For accounting and auditing consultation services, audits of our employee benefit plans, assistance with registration statements filed with the Securities and Exchange Commission and audits of separate subsidiary financial statements.
- (3) For tax compliance, tax advice and planning.

Section 16(a) Beneficial Ownership Reporting Compliance

Our directors, executive officers and some other shareholders are required to report their ownership of our common stock and any changes in that ownership to the Securities and Exchange Commission and Nasdaq. To the best of our knowledge, all required filings in 2006 were properly made in a timely fashion, except that Mr. Nettleton and Mr. Bailey were each inadvertently late in filing one report. In making these statements, we have relied on the representations of the persons involved and on copies of their reports filed with the Commission.

Contact the Board

Shareholders may direct questions to the independent lead director by sending an e-mail to leaddirector@tricountiesbank.com. All communications required by law or regulation to be relayed to the Board will be promptly delivered to the lead director. The lead director monitors these messages and replies appropriately. The lead director for 2008 is Mr. Casey. We also encourage shareholders to attend the annual meeting to ask questions of directors concerning TriCo.

Employees and others may confidentially or anonymously report potential violations of laws, rules, regulation or our code of business conduct, including questionable accounting or auditing practices, by calling our hotline at (866) 519-1882. Employee comments will be promptly delivered to the chairman of the audit committee, Mr. Amaral.
