DESCRIPTION OF DEBT SECURITIES

The debt securities will be our senior, senior subordinated or subordinated debt securities. The senior debt securities will be issued under a senior indenture dated as of January 28, 2004, as amended on June 30, 2004, May 1, 2006, November 9, 2006 and August 17, 2007, and as may be further amended and supplemented, by and between us, the Guarantors (as defined below) party thereto from time to time and U.S. Bank National Association (successor in interest to SunTrust Bank), as trustee. The senior subordinated debt securities will be issued under a senior subordinated indenture by and between us, the Guarantors party thereto from time to time and the trustee named in the prospectus supplement relating to an issue of our senior subordinated debt securities. The subordinated debt securities will be issued under a subordinated indenture by and between us, the Guarantors party thereto from time to time and the trustee named in the prospectus supplement relating to an issue of our subordinated debt securities. Throughout this section, we will refer either to the indentures, which includes the senior indenture, the senior subordinated indenture and the subordinated indenture, each as it may be amended or supplemented from time to time, or individually to each separate indenture, as it may be amended or supplemented from time to time, where appropriate.

The following summary of some of the terms of our debt securities and the indentures sets forth certain general terms that might apply to the debt securities. The particular terms of any debt securities will be described in the prospectus supplement and/or free writing prospectus relating to those debt securities. To the extent that any description in a prospectus supplement or in a free writing prospectus of particular terms of debt securities or of an indenture differs from this description, this description will be deemed to have been superseded by the description in that prospectus supplement or in that free writing prospectus in respect of those particular terms of the debt securities or that indenture.

Copies of the forms of indentures and the forms of certificates evidencing the debt securities have been or will be filed as exhibits to the registration statement of which this prospectus is a part or as exhibits to documents that are or will be incorporated by reference in this prospectus. You may obtain copies of these documents as described above under **Where You Can Find More Information**, and we urge you to read these documents before you invest in the debt securities. The following is a summary of selected provisions of the indentures and the debt securities. Certain terms used in this description are defined below in the subsection **Certain Definitions**. This summary is not complete and is subject to and qualified in its entirety by reference to all the provisions of the indentures and the certificates evidencing the debt securities, which are incorporated by reference in this prospectus. Some capitalized terms used in the following summary and not defined have the meanings given to those terms in the applicable indentures.

In this section, references to **KB Home**, **we**, **our** and **us** mean KB Home excluding, unless the context otherwise requires or we otherwise expressly state, our subsidiaries.

General

Each indenture provides that we may issue debt securities under that indenture from time to time in one or more series and permits us to establish the terms of the debt securities of each series at the time of issuance. None of the indentures limits the amounts of debt securities we may issue under that indenture.

Under each indenture, we may, without the consent of the holders of any debt securities under that indenture, from time to time in the future **reopen** any series of debt securities and issue additional debt securities of that series. The debt securities of a series and any additional debt securities of that series that we may issue in the future upon a reopening will constitute together a single series of debt securities under that indenture. This means that, in circumstances where an indenture provides for the holders of debt securities of any series to vote or take any action, the original debt securities of a series, together with any additional debt securities of that series that we may issue by reopening the series, will vote or take that action as a single class.

The debt securities will be our unsecured senior, unsecured senior subordinated or unsecured subordinated obligations. See **Holding Company Structure** and **Ranking** below. The debt securities will initially have the benefit of guarantees (each a **Guarantee** and, collectively, the **Guarantees**) from certain of our subsidiaries. The Guarantors as of the date of this prospectus are KB HOME Coastal Inc., a California corporation; KB HOME Colorado Inc., a Colorado corporation; KB HOME Greater Los Angeles Inc., a California corporation; KB HOME Lone Star Inc., a Texas corporation; KB HOME Nevada Inc., a Nevada corporation; KB HOME Orlando LLC, a Delaware limited liability company; KB HOME Phoenix Inc., an Arizona corporation; KB HOME Sacramento Inc., a California corporation; and KB HOME South Bay Inc., a California corporation. Under certain circumstances, any or all of the

Guarantors may be released from their Guarantees of the debt securities, or other of our Subsidiaries may be required to guarantee the debt securities. See Guarantees. Each Guarantee will be the unsecured senior, unsecured senior subordinated or unsecured subordinated obligation of the related Guarantor. See Ranking.

Table of Contents

The debt securities may be denominated and payable in United States dollars or foreign currencies or units based on or relating to foreign currencies. Special United States federal income tax considerations applicable to any debt securities so denominated will be described in the applicable prospectus supplement.

Although the indentures permit us to issue debt securities in bearer form, unless otherwise provided in a prospectus supplement with respect to the debt securities offered thereby, the debt securities will be issued only in fully registered form without coupons in denominations of \$1,000 and integral multiples of \$1,000 in excess thereof.

The prospectus supplement relating to the debt securities of the series offered thereby, which we sometimes refer to as the offered debt securities, will specify the following terms of the offered debt securities, if applicable:

the title of the offered debt securities and whether those offered debt securities will be senior, senior subordinated or subordinated debt securities;

the aggregate principal amount of the offered debt securities;

the purchase price and denomination of the offered debt securities;

the date or dates on which the principal of the offered debt securities will be payable;

the interest rate or rates, if any, that the offered debt securities will bear, or the method by which such rate will be determined;

the date from which interest, if any, will accrue, the interest payment dates and the regular record dates for the offered debt securities;

any optional or mandatory redemption or repayment provisions;

any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the offered debt securities;

the terms, if any, on which the offered debt securities may be converted into or exchanged for our stock or other securities or stock or other securities of other entities;

any restrictive covenants not described below in Certain Covenants and Consolidation, Merger and Sale of Assets, and any addition to, or modification or deletion of, any covenant, with respect to the offered debt securities;

whether the offered debt securities will be issued as individual certificates to each holder or in the form of global securities held by a depository on behalf of holders;

any special United States federal income tax considerations applicable to the offered debt securities, including in respect of any offered debt securities that are original issue discount securities, which bear no interest or bear interest payable in cash at below-market rates and are sold at a discount below their stated principal amount; and

any other specific terms of the offered debt securities.

Exchange, Registration and Transfer

Registered debt securities may be transferred and debt securities in registered or bearer form may be exchanged at the office or agency that we maintain for these purposes which, unless otherwise provided in respect of a series of debt securities in the prospectus supplement offering debt securities of that series, will be located in the Borough of Manhattan, The City of New York. The office or agency initially maintained by us for the foregoing purposes will be

the office of the trustee in the Borough of Manhattan, The City of New York designated for such purpose. No service charge shall be made for any registration of transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. Debt securities in bearer form and related coupons, if any, will be transferable upon delivery.

Table of Contents

In the case of debt securities of any series that are redeemable at our option, we will not be required to issue, exchange or register a transfer of:

any debt securities of that series during a period beginning at the opening of business 15 days before any day of the selection for redemption of debt securities of like tenor and terms and of the same series and ending at the close of business on the day of such selection;

any debt securities of that series in registered form, or portion thereof, so selected for redemption except, in the case of any such debt securities to be redeemed in part, the portions thereof not selected to be redeemed;

any debt securities of that series in bearer form so selected for redemption except, to the extent provided with respect to such debt securities, that such debt securities may be exchanged for debt securities in registered form of like tenor and terms and of the same series, provided that the debt securities in registered form shall be simultaneously surrendered for redemption with written instruction for payment consistent with the provisions of the applicable indenture; or

any debt securities of that series which, in accordance with their terms, have been surrendered for repayment at the option of the holder and not withdrawn, except the portion, if any, of such debt securities not to be so repaid.

Payment and Paying Agent

We will pay principal of and any premium or interest on registered debt securities in the designated currency or currency unit at the office or agency maintained by us for that purpose which, unless otherwise provided in respect of a series of debt securities in the prospectus supplement offering debt securities of that series, will be located in the Borough of Manhattan, The City of New York; provided that payments of interest on registered debt securities may be made, at our option, by check mailed to the address of the persons entitled thereto or by transfer to an account maintained by the payee with a bank located in the United States; and provided, further, that payments on registered debt securities in global form that are registered in the name of a depository or its nominee will be made by wire transfer, unless otherwise provided in the applicable prospectus supplement with respect to the debt securities of any such series. The office or agency initially maintained by us for the foregoing purposes will be the office of the trustee in the Borough of Manhattan, The City of New York designated for such purpose. Interest payable on coupons pertaining to debt securities in bearer form will be paid only upon presentation and surrender of those coupons.

If any amount payable on any debt security or coupon remains unclaimed at the end of two years after the amount became due and payable, the trustee or paying agent will, on our request, release any unclaimed amounts to us, and the holder of that debt security or coupon, as the case may be, shall look only to us and the Guarantors for any payment they may be entitled to collect, subject to the escheatment of any unclaimed amounts pursuant to applicable state law.

If any interest payment date, redemption date, date for repayment or repurchase at the option of the holder or maturity date of any of the debt securities is not a Business Day at any Place of Payment, then payment of principal and any premium or interest need not be made at such Place of Payment on such date but may be made on the next succeeding Business Day at such Place of Payment, and no interest will accrue on the amount so payable for the period from and after such interest payment date, redemption date, date for repayment or repurchase at the option of the holder or maturity date, as the case may be.

Book-Entry; Delivery and Form

If the debt securities of any series will be issued in the form of one or more global debt securities in fully registered form, without interest coupons (each, a global debt security), each global debt security will be deposited with, or on behalf of, a custodian for the applicable depository (the Depository) and will be registered in the name of the Depository or its nominee. Unless we specify otherwise in a prospectus supplement, the Depository for the global debt securities will be The Depository Trust Company, New York, New York. Investors may hold their beneficial interests in a global debt security directly through the Depository, if they are participants in the Depository's electronic book-entry registration and transfer system, or indirectly through organizations that are participants in the system.

Except as set forth below, the global debt securities may not be transferred except as a whole by the Depository to a nominee of the Depository or by a nominee of the Depository to the Depository or another nominee of the Depository or by the Depository or its nominee to a successor depository or any nominee of such successor. Beneficial interests in global debt securities may not be

Table of Contents

exchanged for debt securities in definitive certificated form (certificated debt securities) except in the limited circumstances described below.

All interests in the global debt securities will be subject to the procedures and requirements of the Depository.

Certificated Debt Securities. The indentures provide that the global debt securities of any series will be exchangeable for certificated debt securities of that series if:

(a) the Depository notifies us that it is unwilling or unable to continue as Depository for the global debt securities of that series or the Depository for the global debt securities of that series ceases to be a clearing agency registered as such under the Securities Exchange Act of 1934, if so required by the applicable law or regulation, and no successor Depository for the global debt securities of that series shall have been appointed within 90 days of such notification or of our becoming aware of the Depository s ceasing to be so registered, as the case may be;

(b) we, in our sole discretion, determine that the debt securities of that series will no longer be represented by global debt securities and execute and deliver to the applicable trustee an order to the effect that the global debt securities of that series shall be so exchangeable; or

(c) an Event of Default has occurred and is continuing with respect to the debt securities of that series.

Upon any such exchange, we will execute, and the applicable trustee will authenticate and deliver, certificated debt securities of the applicable series in exchange for interests in the global debt securities of that series. We anticipate that those certificated debt securities will be registered in such names as the Depository instructs the trustee and that those instructions will be based upon directions received by the Depository from its participants with respect to ownership of beneficial interests in the global debt securities of that series.

Book-Entry System. The Depository has advised us that it is:

a limited purpose trust company organized under the New York Banking Law;

a banking organization within the meaning of the New York Banking Law;

a member of the Federal Reserve system;

a clearing corporation within the meaning of the New York Uniform Commercial Code; and

a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act.

The Depository holds securities of institutions that have accounts with the Depository (participants) and facilitates the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of securities certificates. The Depository s participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (or their representatives) own the Depository. Indirect access to the Depository s book-entry system is also available to others such as banks, brokers, dealers and trust companies (indirect participants) that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Investors who are not participants may beneficially own securities held by or on behalf of the Depository only through participants or indirect participants.

We expect that, upon the issuance of a global debt security, the Depository will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by such global debt security to the accounts of participants. Ownership of beneficial interests in the global debt securities will be limited to participants or persons that may hold interests, directly or indirectly, through participants. Ownership of beneficial interests in the global debt securities will be shown on, and the transfer of those beneficial interests will be effected only through, records maintained by the Depository (with respect to participants interests) and records maintained by participants and indirect participants (with respect to the owners of beneficial interests in the global debt securities other than participants). Likewise, beneficial interests in global debt securities may be transferred only in accordance with the Depository s procedures, in addition to those provided for under the indentures. The laws of some jurisdictions may require that

Table of Contents

certain purchasers of securities take physical delivery of such debt securities in definitive form. Such limits and laws may impair the ability to transfer or pledge beneficial interests in the global debt securities.

So long as the Depository or its nominee is the registered holder of the global debt securities of any series, the Depository or such nominee, as the case may be, will be considered the sole owner and holder of the related debt securities for all purposes under the applicable indenture. Except as described herein, owners of beneficial interests in the global debt securities will not be entitled to have the debt securities represented by such global debt securities registered in their names and will not receive or be entitled to receive physical delivery of certificated debt securities. In addition, owners of beneficial interests in the global debt securities will not be considered to be the owners or registered holders of the debt securities represented by those beneficial interests under the applicable indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Accordingly, each person owning a beneficial interest in a global debt security of any series must rely on the procedures of the Depository and, if such person is not a participant, on the procedures of the person or persons through which such person owns its beneficial interest in order to exercise any right of a registered holder of debt securities of that series. We understand that under existing industry practice, in the event that the Depository is entitled to take any action as the registered holder of a global debt security, the Depository would authorize its participants to take such action and that the participants and the indirect participants would authorize owners of beneficial interests owning through them to take such action or would otherwise act upon the instructions of owners of beneficial interests.

Payment of principal of and any premium or interest on debt securities represented by a global debt security registered in the name of the Depository or its nominee will be made to the Depository or its nominee, as the case may be, as the registered holder of such global debt security. We expect that the Depository or its nominee, upon receipt of any payment in respect of a global debt security, will credit its participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global debt security as shown on the records of the Depository or its nominee. We also expect that payments by participants and indirect participants to owners of beneficial interests in a global debt security will be governed by standing instructions and customary practices and will be the responsibility of such participants and indirect participants and not of the Depository. We will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, ownership of beneficial interests in the global debt securities or for maintaining, supervising or reviewing any records relating to such beneficial interests or for any other aspect of the relationship between the Depository and its participants and indirect participants or the relationship between such participants and indirect participants and the owners of beneficial interests owning through such participants and indirect participants.

The information in this subsection **Book-Entry; Delivery and Form** concerning the Depository and its book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for its accuracy.

Holding Company Structure

The debt securities will initially be guaranteed by certain of our subsidiaries. See **Guarantees** below. However, subsidiaries of ours that are not Guarantors of the debt securities can generate significant revenues and income for us and may hold a significant amount of our consolidated assets. We refer to these subsidiaries as the **Non-Guarantor Subsidiaries**.

We are a holding company, and we conduct our operations through subsidiaries. We derive substantially all our revenues from our subsidiaries, and all our operating assets are owned by our subsidiaries. As a result, our cash flow and our ability to service our debt, including the debt securities, depends on the results of operations of our subsidiaries and upon the ability of our subsidiaries to provide us cash. Our subsidiaries are separate and distinct legal entities, and the Non-Guarantor Subsidiaries have no obligation to make payments on the debt securities or to make any funds available for that purpose. In addition, dividends, loans or other distributions from our subsidiaries to us may be subject to contractual and other restrictions, depend on their results of operations and are subject to other business considerations.

Because of our holding company structure, the debt securities will be effectively subordinated to all existing and future liabilities of our Non-Guarantor Subsidiaries. These liabilities may include indebtedness, trade payables, guarantees, lease obligations and letter of credit obligations. Therefore, our rights and the rights of our creditors, including the holders of the debt securities, to participate in the assets of any Non-Guarantor Subsidiary upon that

subsidiary's liquidation or reorganization will be subject to the prior claims of that subsidiary's creditors and of the holders of any indebtedness or other obligations guaranteed by that subsidiary, except to the extent that we may ourselves be a creditor with recognized claims against that subsidiary. However, even if we are a creditor of one of our Non-Guarantor Subsidiaries, our claims would still be effectively subordinated to any security interests in, or mortgages or other liens on, the assets of that subsidiary and would be subordinate to any indebtedness of that subsidiary senior to that held by us.

Table of Contents

See Ranking Subordination of Senior Subordinated Debt Securities and Guarantees and Ranking Subordination of Subordinated Debt Securities and Guarantees below for information as to the terms on which the senior subordinated debt securities and the subordinated debt securities and the related Guarantees will be subordinated in right of payment to Senior Indebtedness. The debt securities and the Guarantees will also be effectively subordinated to our secured indebtedness and to the secured indebtedness of the Guarantors, respectively.

Guarantees

The senior indenture provides that payment of principal of and any premium and interest on the senior debt securities will be unconditionally guaranteed, jointly and severally, on an unsecured senior basis by the Guarantors. The senior subordinated indenture provides that payment of principal of and any premium and interest on the senior subordinated debt securities will be unconditionally guaranteed, jointly and severally, on an unsecured senior subordinated basis by the Guarantors. The subordinated indenture provides that payment of principal of and any premium and interest on the subordinated debt securities will be unconditionally guaranteed, jointly and severally, on an unsecured subordinated basis by the Guarantors.

Each indenture provides that the obligations of each Guarantor under its Guarantee are limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Guarantor, result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under applicable law. However, there can be no assurance that, notwithstanding this limitation, a court would not find that a Guarantee violated applicable fraudulent conveyance, fraudulent transfer or other similar laws. If that were to occur, the court could void the applicable Guarantor's obligations under that Guarantee, subordinate that Guarantee to other debt of the Guarantor or take other action detrimental to holders of the debt securities, including directing the return of any payments received by holders from the applicable Guarantor.

Ranking of Guarantees. For information regarding the ranking of the Guarantees of the senior debt securities, the Guarantees of the senior subordinated debt securities and the Guarantees of the subordinated debt securities, see Ranking below.

Release of Guarantors. Each indenture provides that, for so long as we are a party to or otherwise bound by the terms of the Credit Facility or any Substitute Credit Facility, if a Guarantor is released from all of its guarantees under or pursuant to the Credit Facility and all Substitute Credit Facilities, such Guarantor shall be automatically and unconditionally released and discharged from all of its obligations under such indenture and its Guarantee of the debt securities issued under such indenture without any further action required on the part of us, the other Guarantors, the trustee under such indenture or any holder of debt securities issued under such indenture; provided that all guarantees by such Guarantor of any other Indebtedness of ours and of any of our Subsidiaries are terminated at or prior to the time of such release. Each indenture also provides that, for so long as we are not a party to or bound by the terms of the Credit Facility or any Substitute Credit Facility, if a Guarantor shall cease to be a Domestic Significant Subsidiary, such Guarantor shall be automatically and unconditionally released and discharged from all of its obligations under such indenture and its Guarantee of the debt securities issued under such indenture without any further action required on the part of us, the other Guarantors, the trustee under such indenture or any holder of debt securities issued under such indenture; provided that all guarantees by such Guarantor of any other Indebtedness of ours and of any of our Subsidiaries (other than, in the case of the senior subordinated indenture, guarantees that constitute Senior Indebtedness of such Guarantor under the senior subordinated indenture and, in the case of the subordinated indenture, guarantees that constitute Senior Indebtedness of such Guarantor under the subordinated indenture) are terminated at or prior to the time of such release.

Additional Guarantors. Each indenture provides that, for so long as we are a party to or bound by the terms of the Credit Facility or any Substitute Credit Facility, if any of our Subsidiaries that is not then a Guarantor guarantees any indebtedness or other obligations of ours under the Credit Facility or any Substitute Credit Facility, then, contemporaneously with or prior to the effectiveness of such guarantee, we shall cause such Subsidiary to enter into a supplemental indenture pursuant to which such Subsidiary becomes a Guarantor under such indenture. Each indenture also provides that, for so long as we are not a party to or bound by the terms of the Credit Facility or any Substitute Credit Facility, if any of our Subsidiaries that is not a Guarantor either (a) is or becomes a Domestic Significant Subsidiary or (b) guarantees any Subject Notes, then we shall cause such Subsidiary to enter into a supplemental

indenture pursuant to which such Subsidiary becomes a Guarantor under such indenture.

Each indenture also provides that, anything therein to the contrary notwithstanding, we will not cause or permit any of our Subsidiaries to guarantee any of the Subject Notes unless such Subsidiary is either a Guarantor of the debt securities under such indenture or, contemporaneously with or prior to the effectiveness of such Subsidiary's guarantee of such Subject Notes, such Subsidiary enters into a supplemental indenture pursuant to which such Subsidiary becomes a Guarantor under such indenture.

As used in the three preceding paragraphs, the term *guarantee* (but not the term *Guarantee*) means, with respect to any Person, any obligation, contingent or otherwise, of such Person directly or indirectly guaranteeing any Indebtedness of any other Person

Table of Contents

including, without limiting the generality of the foregoing, any obligation, direct or indirect, contingent or otherwise, of such Person to purchase or pay principal of or interest on (or advance or supply funds or pledge assets for the purchase or payment of or payment of interest on) Indebtedness of such other Person (whether by agreement to provide additional capital or to maintain financial condition or other similar agreement), and such term, when used as a verb in any of the three preceding paragraphs, shall have a correlative meaning.

Ranking

Ranking of Senior Debt Securities and Guarantees

Our senior debt securities will be unsecured and will rank equally in right of payment with all of our other unsecured and unsubordinated indebtedness. Each Guarantee of senior debt securities by a Guarantor will be an unsecured senior obligation of such Guarantor and will rank equally in right of payment with all of such Guarantor's other unsecured and unsubordinated indebtedness and guarantees. However, the senior debt securities will be effectively subordinated to all existing and future liabilities of our Non-Guarantor Subsidiaries, and the senior debt securities and each Guarantor's Guarantee of the senior debt securities will also be effectively subordinated to all existing and future secured indebtedness of ours and of such Guarantor, respectively, all as described above under Holding Company Structure.

Subordination of Senior Subordinated Debt Securities and Guarantees

Our senior subordinated debt securities will be unsecured and will be subordinate and junior in right of payment, to the extent and in the manner provided in the senior subordinated indenture, to all of our existing and future Senior Indebtedness, including the senior debt securities. Each Guarantee of senior subordinated debt securities by a Guarantor will be an unsecured obligation of such Guarantor and will be subordinate and junior in right of payment, to the extent and in the manner provided in the senior subordinated indenture, to all of such Guarantor's existing and future Senior Indebtedness, including any Guarantees of senior debt securities.

The senior subordinated indenture defines Senior Indebtedness with respect to us or any Guarantor of the senior subordinated debt securities, as the case may be, to mean the principal of (and premium, if any) and unpaid interest (including interest accruing after the filing of a petition initiating any proceeding pursuant to any Bankruptcy Laws, whether or not the payment of such interest is permitted by law) or accrued original issue discount on and other amounts due on or in connection with any Debt incurred, assumed or guaranteed by us or such Guarantor, as the case may be, whether outstanding on the date of the senior subordinated indenture or thereafter incurred, assumed or guaranteed and all renewals, extensions and refundings of any such Debt; *provided, however*, that the following will not constitute Senior Indebtedness of ours or such Guarantor, as the case may be:

any Debt of ours or of such Guarantor, as the case may be, as to which, in the instrument creating the same or evidencing the same or pursuant to which the same is outstanding, it is expressly provided that such Debt is subordinate in right of payment to all other Debt of ours or of such Guarantor, as the case may be, not expressly subordinated to such Debt;

any Debt of ours or of such Guarantor, as the case may be, which by its terms refers explicitly, in our case, to the senior subordinated debt securities, or, in the case of such Guarantor, to the Guarantees of the senior subordinated debt securities and states that such Debt shall not be senior in right of payment to the senior subordinated debt securities or to the Guarantees of the senior subordinated debt securities, as the case may be;

in our case, any of our Debt in respect of the senior subordinated debt securities;

in the case of such Guarantor, all Guarantees of such Guarantor in respect the senior subordinated debt securities;

in our case, any of our Debt to any of our Subsidiaries;

in the case of such Guarantor, any Debt of such Guarantor to any Subsidiary of such Guarantor or of ours;

in our case, any of our Debt to any joint venture or partnership, which joint venture or partnership is required, under generally accepted accounting principles, to be consolidated into our consolidated financial statements;

Table of Contents

in the case of such Guarantor, any Debt of such Guarantor to any joint venture or partnership, which joint venture or partnership is required, under generally accepted accounting principles, to be consolidated into our or such Guarantor's consolidated financial statements;

in our case, any of our Debt that by its terms ranks *pari passu* with or subordinate to the senior subordinated debt securities; and

in the case of such Guarantor, any Debt of such Guarantor that by its terms ranks *pari passu* with or subordinate to such Guarantor's Guarantees of the senior subordinated debt securities.

The senior subordinated indenture provides that, for purposes of the foregoing definition, all references to Debt of any Guarantor shall include all obligations of such Guarantor as a guarantor of any Debt of others and, without limitation to the foregoing, any guarantee by such Guarantor of any senior debt securities issued by us under the senior indenture shall constitute Senior Indebtedness of such Guarantor.

Anti-Layering Covenant. The senior subordinated indenture provides that neither we nor any Guarantor of the senior subordinated debt securities will incur any Debt that is subordinated by the terms of the instrument creating such Debt in right of payment to any other Debt of ours or of such Guarantor, respectively, and that is not expressly by the terms of the instrument creating such Debt made *pari passu* with, or subordinate and junior in right of payment to, the senior subordinated debt securities or such Guarantor's Guarantee of the senior subordinated debt securities, respectively. The senior subordinated indenture provides that, for purposes of the preceding sentence, references to Debt of any Guarantor shall include all obligations of such Guarantor as guarantor of any Debt of others.

Subordination Following Insolvency or Bankruptcy. The senior subordinated indenture provides that, upon any distribution of our assets in the event of:

any insolvency or bankruptcy case or proceeding, or any receivership, liquidation, reorganization or other similar case or proceeding in connection therewith, relative to us or our creditors, as such, or to our assets, or

our liquidation, dissolution or other winding up, whether voluntary or involuntary, or

any assignment for the benefit of our creditors or any other marshalling of our assets and liabilities, then and in that event:

holders of our Senior Indebtedness will be entitled to receive payment in full of all amounts due or to become due on or in respect of all of our Senior Indebtedness, or provision will be made for that payment in cash, before holders of senior subordinated debt securities are entitled to receive any payment on account of the principal of or any premium or interest on or any other amount owing in respect of the senior subordinated debt securities; and

any payment or distribution of our assets, of any kind or character, whether in cash, property or securities, by set-off or otherwise, to which holders of senior subordinated debt securities would be entitled but for the subordination provisions in the senior subordinated indenture will, subject to limited exceptions, be paid directly to the holders of our Senior Indebtedness or their representatives to the extent necessary to pay in full all of our Senior Indebtedness.

Notwithstanding the provisions described in the preceding paragraph, in the event that the trustee under the senior subordinated indenture or the holder of any senior subordinated debt securities receives any payment or distribution of our assets, subject to limited exceptions, before all of our Senior Indebtedness is paid in full or payment of all of our Senior Indebtedness is provided for, that payment or distribution will be held in trust for the benefit of and paid over or delivered to the holders of that Senior Indebtedness or their representatives to the extent necessary to pay all of our Senior Indebtedness in full.

Our consolidation with or our merger into another corporation or our liquidation or dissolution following the conveyance or transfer of all or substantially all our assets to another Person upon the terms and conditions described below under Consolidation, Merger and Sale of Assets will not be deemed a dissolution, winding-up, liquidation,

reorganization, assignment for the benefit of creditors or marshalling of our assets and liabilities for the purposes of the subordination provisions described above if the successor or transferee Person shall, as a part of that transaction, comply with the conditions described under Consolidation, Merger and Sale of Assets.

Table of Contents

Prohibition on Payments Following Acceleration of the Senior Subordinated Debt Securities. If payment of any of our senior subordinated debt securities is accelerated because of an Event of Default, we must promptly notify holders of our Senior Indebtedness of the acceleration. We may not pay or acquire the senior subordinated debt securities until 135 days have passed after that acceleration occurs and may thereafter pay or acquire the senior subordinated debt securities only if we are permitted to do so under the subordination provisions of our senior subordinated indenture.

Prohibition on Payments Following Certain Defaults on Senior Indebtedness. We may not make any payment of the principal of or any premium or interest on or any other amount owing in respect of the senior subordinated debt securities, and we may not acquire any senior subordinated debt securities for cash or property, if:

a default on our Senior Indebtedness occurs and is continuing that permits holders of that Senior Indebtedness to accelerate its maturity, and

unless that default relates to a failure by us to make any payment in respect of that Senior Indebtedness when due or within any applicable grace period (a Payment Default), that default is either the subject of judicial proceedings or we receive notice of the default. If we receive notice of the default, then a similar notice received within nine months after the original notice relating to the same default on the same issue of our Senior Indebtedness will not be effective for purposes of the provisions described in this paragraph.

We may resume making payments on the senior subordinated debt securities and may acquire senior subordinated debt securities if and when:

- (1) 135 days pass after, in the case of a Payment Default, the later of the date that payment was due and the expiration of any applicable grace period for that payment or, in the case of any other such default, the date the related judicial proceedings commence or that notice of the default is given to us, as the case may be, and
- (2) the Senior Indebtedness in respect of which the default exists has not been declared due and payable in its entirety within that 135 day period or, if declared due and payable, that declaration has been rescinded, waived or annulled; or

the default with respect to the applicable Senior Indebtedness is cured or waived, and, in any case described above, the subordination provisions of the senior subordinated indenture otherwise permit the payment or acquisition of senior subordinated debt securities at that time.

In the event that, notwithstanding the provisions described in the two immediately preceding paragraphs, we make any payment to the trustee for, or the holders of, the senior subordinated debt securities that is prohibited by those provisions, then that payment will be held in trust for the benefit of and be paid over or delivered to the holders of the Senior Indebtedness or their representatives.

Subordination Provisions Applicable to the Guarantors and Prohibitions on Payments by the Guarantors. A Guarantor's obligations under its Guarantee of our senior subordinated debt securities are senior subordinated obligations of such Guarantor. As a result, a Guarantor's obligations to make payments under its Guarantee of our senior subordinated debt securities will be subordinated in right of payment to all existing and future Senior Indebtedness of such Guarantor on substantially the same terms (as described above) as our obligations to make payments on our senior subordinated debt securities are subordinated in right of payment to all of our existing and future Senior Indebtedness. Accordingly, payments under each Guarantor's Guarantee of the senior subordinated debt securities will be subordinated to the prior payment of all Senior Indebtedness of such Guarantor under subordination and payment blockage provisions substantially the same as those pursuant to which our obligations under the senior subordinated debt securities will be subordinated to the prior payment of our Senior Indebtedness as described above. For example, in the event of any insolvency or bankruptcy case or proceeding relative to a Guarantor, holders of Senior Indebtedness of such Guarantor will be entitled to receive payment in full of all amounts due or to become due in respect of the Senior Indebtedness of such Guarantor before any payment is made under its Guarantee of the senior subordinated debt securities, all on terms substantially similar to those described above under Subordination Following Insolvency or Bankruptcy. Likewise, each Guarantor will be prohibited from making any payment under its Guarantee of the senior subordinated debt securities if the senior subordinated debt securities are accelerated because of an Event of Default or if a default on any of our Senior Indebtedness occurs and is continuing that permits holders

of that Senior Indebtedness to accelerate its maturity, all on terms substantially similar to those described above under Prohibition on Payments Following Acceleration of the Senior Subordinated Debt Securities and Prohibition on Payments Following Certain Defaults on Senior Indebtedness. In addition, the payment blockage provisions described under Prohibition on Payments Following Certain Defaults on Senior Indebtedness, insofar as they apply to any Guarantor of the senior subordinated debt securities, will also prohibit

Table of Contents

such Guarantor from making any payment under its Guarantee of the senior subordinated debt securities if a default on any of its Senior Indebtedness occurs and is continuing that permits holders of that Senior Indebtedness to accelerate its maturity.

The consolidation of any Guarantor with, or the merger of any Guarantor into, another corporation or the liquidation or dissolution of any Guarantor following the conveyance or transfer of all or substantially all its assets to another Person upon the terms and conditions described below under Consolidation, Merger and Sale of Assets will not be deemed a dissolution, winding-up, liquidation, reorganization, assignment for the benefit of creditors or marshalling of assets and liabilities of such Guarantor for the purposes of the subordination provisions described above under Subordination Following Insolvency or Bankruptcy if the successor or transferee Person shall, as part of that transaction and if required by the provisions described above under Guarantees Additional Guarantors, become a Guarantor in accordance with the applicable provisions described above under Guarantees Additional Guarantors.

As a result of these subordination provisions, our creditors and creditors of the Guarantors who hold neither our senior subordinated debt securities nor our Senior Indebtedness may recover less, ratably, than holders of our Senior Indebtedness and may recover more, ratably, than the holders of our senior subordinated debt securities.

The senior subordinated indenture further provides that, anything therein to the contrary notwithstanding, the senior subordinated debt securities shall in all respects rank *pari passu* in right of payment with our outstanding 8 5/8% senior subordinated notes due December 15, 2008, and each Guarantor's Guarantee of the senior subordinated debt securities shall in all respects rank *pari passu* in right of payment with such Guarantor's guarantee of the 8 5/8% senior subordinated notes due December 15, 2008.

If this prospectus is being delivered in connection with a series of senior subordinated debt securities, the accompanying prospectus supplement or the information incorporated by reference in this prospectus will indicate the approximate amount of our Senior Indebtedness outstanding as of a recent date.

Subordination of Subordinated Debt Securities and Guarantees

Our subordinated debt securities will be unsecured and will be subordinate and junior in right of payment, to the extent and in the manner provided in the subordinated indenture, to all of our existing and future Senior Indebtedness, including the senior debt securities and the senior subordinated debt securities. Each Guarantee of subordinated debt securities by a Guarantor will be an unsecured obligation of such Guarantor and will be subordinate and junior in right of payment, to the extent and in the manner provided in the subordinated indenture, to all of such Guarantor's existing and future Senior Indebtedness, including any Guarantees of senior debt securities and senior subordinated debt securities.

The subordinated indenture defines Senior Indebtedness with respect to us or any Guarantor of the subordinated debt securities, as the case may be, to mean the principal of (and premium, if any) and unpaid interest (including interest accruing after the filing of a petition initiating any proceeding pursuant to any Bankruptcy Laws, whether or not the payment of such interest is permitted by law) or accrued original issue discount on and other amounts due on or in connection with any Debt incurred, assumed or guaranteed by us or such Guarantor, as the case may be, whether outstanding on the date of the subordinated indenture or thereafter incurred, assumed or guaranteed and all renewals, extensions and refundings of any such Debt; *provided, however*, that the following will not constitute Senior Indebtedness of ours or of such Guarantor, as the case may be:

any Debt of ours or of such Guarantor, as the case may be, as to which, in the instrument creating the same or evidencing the same or pursuant to which the same is outstanding, it is expressly provided that such Debt is subordinate in right of payment to all other Debt of ours or of such Guarantor, as the case may be, not expressly subordinated to such Debt;

any Debt of ours or of such Guarantor, as the case may be, which by its terms refers explicitly, in our case, to the subordinated debt securities, or, in the case of such Guarantor, to the Guarantees of the subordinated debt securities and states that such Debt shall not be senior in right of payment to the subordinated debt securities or the Guarantees of the subordinated debt securities, as the case may be;

in our case, any of our Debt in respect of the subordinated debt securities;

in the case of such Guarantor, all Guarantees of such Guarantor in respect the subordinated debt securities;

in our case, any of our Debt to any of our Subsidiaries;

Table of Contents

in the case of such Guarantor, any Debt of such Guarantor to any Subsidiary of such Guarantor or of ours;

in our case, any of our Debt to any joint venture or partnership, which joint venture or partnership is required, under generally accepted accounting principles, to be consolidated in our consolidated financial statements;

in the case of such Guarantor, any Debt of such Guarantor to any joint venture or partnership, which joint venture or partnership is required, under generally accepted accounting principles, to be consolidated in our or such Guarantor's consolidated financial statements;

in our case, any of our Debt that by its terms ranks *pari passu* with or subordinate to the subordinated debt securities; and

in the case of such Guarantor, any Debt of such Guarantor that by its terms ranks *pari passu* with or subordinate to such Guarantor's Guarantees of the subordinated debt securities.

The subordinated indenture provides that, for purposes of the foregoing definition, all references to Debt of any Guarantor shall include all obligations of such Guarantor as a guarantor of any Debt of others and, without limitation to the foregoing, any guarantee by such Guarantor of (a) senior debt securities issued by us under the senior indenture, (b) senior subordinated debt securities issued by us under our senior subordinated indenture and (c) our 8 5/8% senior subordinated notes due December 15, 2008 shall constitute Senior Indebtedness of such Guarantor.

Subordination Following Insolvency or Bankruptcy. The subordinated indenture provides that, upon any distribution of our assets in the event of:

any insolvency or bankruptcy case or proceeding, or any receivership, liquidation, reorganization or other similar case or proceeding in connection therewith, relative to us or our creditors, as such, or to our assets, or

our liquidation, dissolution or other winding up, whether voluntary or involuntary, or

any assignment for the benefit of our creditors or any other marshalling of our assets and liabilities, then and in that event:

holders of our Senior Indebtedness will be entitled to receive payment in full of all amounts due or to become due on or in respect of all of our Senior Indebtedness, or provision will be made for that payment in cash, before holders of subordinated debt securities are entitled to receive any payment on account of the principal of or any premium or interest on or any other amount owing in respect of the subordinated debt securities; and

any payment or distribution of our assets, of any kind or character, whether in cash, property or securities, by set-off or otherwise, to which holders of subordinated debt securities would be entitled but for the subordination provisions in the subordinated indenture will, subject to limited exceptions, be paid directly to the holders of our Senior Indebtedness or their representatives to the extent necessary to pay in full all of our Senior Indebtedness.

In the event that, notwithstanding the provisions described in the preceding paragraph, the trustee under the subordinated indenture or the holder of any subordinated debt securities receives any payment or distribution of our assets, subject to limited exceptions, before all of our Senior Indebtedness is paid in full or payment of all of our Senior Indebtedness is provided for, that payment or distribution will be held in trust for the benefit of and paid over or delivered to the holders of that Senior Indebtedness or their representatives to the extent necessary to pay all of our Senior Indebtedness in full.

Our consolidation with or our merger into another corporation or our liquidation or dissolution following the conveyance or transfer of all or substantially all our assets to another Person upon the terms and conditions described below under Consolidation, Merger and Sale of Assets will not be deemed a dissolution, winding-up, liquidation, reorganization, assignment for the benefit of creditors or marshalling of our assets and liabilities for the purposes of

the subordination provisions described above if the successor or transferee Person shall, as a part of that transaction, comply with the conditions described under Consolidation, Merger and Sale of Assets.

Prohibition on Payments Following Acceleration of the Subordinated Debt Securities. If payment of any of our subordinated debt securities is accelerated because of an Event of Default, we must promptly notify holders of our Senior Indebtedness of the acceleration. We may not pay or acquire the subordinated debt securities until 135 days have passed after that acceleration occurs and

Table of Contents

may thereafter pay or acquire the subordinated debt securities only if we are permitted to do so under the subordination provisions of our subordinated indenture.

Prohibition on Payments Following Certain Defaults on Senior Indebtedness. We may not make any payment of the principal of or any premium or interest on or any other amount owing in respect of the subordinated debt securities, and we may not acquire any subordinated debt securities for cash or property, if:

a default on our Senior Indebtedness occurs and is continuing that permits holders of that Senior Indebtedness to accelerate its maturity, and

unless that default relates to a Payment Default, that default is either the subject of judicial proceedings or we receive notice of the default. If we receive notice of the default, then a similar notice received within nine months after the original notice relating to the same default on the same issue of our Senior Indebtedness will not be effective for purposes of the provisions described in this paragraph.

We may resume making payments on the subordinated debt securities and may acquire subordinated debt securities if and when:

- (1) 135 days pass after, in the case of a Payment Default, the later of the date that payment was due and the expiration of any applicable grace period for that payment or, in the case of any other such default, the date the related judicial proceedings commence or that notice of the default is given to us, as the case may be, and
- (2) the Senior Indebtedness in respect of which the default exists has not been declared due and payable in its entirety within that 135 day period or, if declared due and payable, that declaration has been rescinded, waived or annulled; or

the default with respect to the applicable Senior Indebtedness is cured or waived, and, in any case described above, the subordination provisions of the subordinated indenture otherwise permit the payment or acquisition of subordinated debt securities at that time.

In the event that, notwithstanding the provisions described in the two immediately preceding paragraphs, we make any payment to the trustee for, or the holders of, the subordinated debt securities that is prohibited by those provisions, then that payment will be held in trust for the benefit of and be paid over or delivered to the holders of the Senior Indebtedness or their representatives.

Subordination Provisions Applicable to the Guarantors and Prohibitions on Payments by the Guarantors. A Guarantor's obligations under its Guarantee of our subordinated debt securities are subordinated obligations of such Guarantor. As a result, a Guarantor's obligations to make payments under its Guarantee of our subordinated debt securities will be subordinated in right of payment to all existing and future Senior Indebtedness of such Guarantor on substantially the same terms (as described above) that our obligations to make payments on our subordinated debt securities are subordinated in right of payment to all of our existing and future Senior Indebtedness. Accordingly, payments under each Guarantor's Guarantee of the subordinated debt securities will be subordinated to the prior payment of all Senior Indebtedness of such Guarantor under subordination and payment blockage provisions substantially the same as those pursuant to which our obligations under the subordinated debt securities will be subordinated to the prior payment of our Senior Indebtedness as described above. For example, in the event of any insolvency or bankruptcy case or proceeding relative to a Guarantor, holders of Senior Indebtedness of such Guarantor will be entitled to receive payment in full of all amounts due or to become due in respect of the Senior Indebtedness of such Guarantor before any payment is made under its Guarantee of the subordinated debt securities, all on terms substantially similar to those described above under Subordination Following Insolvency or Bankruptcy. Likewise, each Guarantor will be prohibited from making any payment under its Guarantee of the subordinated debt securities if the subordinated debt securities are accelerated because of an Event of Default or if a default on any of our Senior Indebtedness occurs and is continuing that permits holders of that Senior Indebtedness to accelerate its maturity, all on terms substantially similar to those described above under Prohibition on Payments Following Acceleration of the Subordinated Debt Securities and Prohibition on Payments Following Certain Defaults on Senior Indebtedness. In addition, the payment blockage provisions described under Prohibition on Payments Following Certain Defaults on Senior Indebtedness, insofar as they apply to any Guarantor of the subordinated debt securities, will also prohibit such

Guarantor from making any payment under its Guarantee of the subordinated debt securities if a default on any of its Senior Indebtedness occurs and is continuing that permits holders of that Senior Indebtedness to accelerate its maturity.

The consolidation of any Guarantor with, or the merger of any Guarantor into, another corporation or the liquidation or dissolution of any Guarantor following the conveyance or transfer of all or substantially all its assets to another Person upon the terms and

conditions described below under Consolidation, Merger and Sale of Assets will not be deemed a dissolution, winding-up, liquidation, reorganization, assignment for the benefit of creditors or marshalling of assets and liabilities of such Guarantor for the purposes of the subordination provisions described above under Subordination Following Insolvency or Bankruptcy if the successor or transferee Person shall, as part of that transaction and if required by the provisions described above under Guarantees Additional Guarantors, become a Guarantor in accordance with the applicable provisions described above under Guarantees Additional Guarantors.

As a result of these subordination provisions, our creditors and creditors of the Guarantors who hold neither our subordinated debt securities nor our Senior Indebtedness may recover less, ratably, than holders of our Senior Indebtedness and may recover more, ratably, than the holders of our subordinated debt securities.

If this prospectus is being delivered in connection with a series of subordinated debt securities, the accompanying prospectus supplement or the information incorporated by reference in this prospectus will indicate the approximate amount of our Senior Indebtedness outstanding as of a recent date.

Certain Covenants

Unless otherwise expressly provided in the prospectus supplement applicable to any series of debt securities, the following covenants will apply with respect to each series of senior debt securities but will not apply with respect to any series of senior subordinated debt securities or subordinated debt securities.

Except as described below with respect to the senior indenture, none of the indentures limits the amount of secured or unsecured indebtedness or the amount of lease obligations or other liabilities that may be incurred by us, our subsidiaries or entities in which we have an ownership interest but which do not constitute subsidiaries. Neither we nor any of our subsidiaries is restricted under any of the indentures from paying dividends or issuing or repurchasing securities. In addition, none of the indentures contains any provision that would permit holders of debt securities issued under that indenture to require us to repurchase those debt securities in the event of a change in control of us or otherwise, nor do any of the indentures contain provisions intended to protect investors in the event of a recapitalization, highly leveraged transaction or other similar transaction affecting us or our subsidiaries.

As described below, the senior indenture contains a covenant that limits our ability and the ability of our Restricted Subsidiaries to incur Secured Debt and a covenant that limits our ability and the ability of our Restricted Subsidiaries to enter into certain Sale and Leaseback Transactions. However, these covenants are subject to a number of important exceptions and limitations and prospective purchasers of senior debt securities should carefully review the information with respect to these covenants and the related definitions appearing below. In that regard, the senior indenture does not limit the amount of unsecured indebtedness or the amount of lease obligations (other than lease obligations under certain Sale and Leaseback Transactions) or other liabilities that may be incurred by us and our Restricted Subsidiaries, nor does the senior indenture limit the amount of indebtedness, whether secured or unsecured, or the amount of lease obligations or other liabilities that may be incurred by our subsidiaries which are not Restricted Subsidiaries or by entities in which we have an ownership interest but do not constitute Restricted Subsidiaries.

The senior indenture contains, among others, the following covenants:

Restrictions on Secured Debt. The senior indenture provides that we will not, and will not cause or permit any Restricted Subsidiary to, create, incur, assume or guarantee any Secured Debt unless the senior debt securities are secured equally and ratably with (or prior to) such Secured Debt; provided that this restriction does not prohibit the creation, incurrence, assumption or guarantee of Secured Debt which is secured by Security Interests:

(1) on (a) model homes, (b) homes held for sale, (c) homes that are under contract for sale, (d) contracts for the sale of homes, (e) land (improved or unimproved), (f) manufacturing plants, (g) warehouses or (h) office buildings, and fixtures and equipment located thereat or thereon;

(2) on property at the time of its acquisition by us or a Restricted Subsidiary which Security Interests secure obligations assumed by us or a Restricted Subsidiary in connection with the acquisition of such property or on the property of a corporation or other entity at the time it is merged into or consolidated with us or a Restricted Subsidiary (other than Secured Debt created in contemplation of the acquisition of such property or the consummation of such a merger or consolidation or where the Security Interest attaches to or affects any property that we or a Restricted Subsidiary own prior to such transaction);

Table of Contents

(3) arising from conditional sales agreements or title retention agreements with respect to property we or a Restricted Subsidiary acquire;

(4) incurred by us or a Restricted Subsidiary in connection with pollution control, industrial revenue, water, sewage or any similar financing;

(5) securing Indebtedness of a Restricted Subsidiary owing to us or a Restricted Subsidiary that is wholly owned (directly or indirectly) by us and Security Interests securing our Indebtedness owing to a Guarantor; and

(6) for the sole purpose of extending, renewing or replacing in whole or in part Secured Debt referred to in the foregoing clauses (1) to (5), inclusive, or in this clause (6); *provided, however*, that the Secured Debt excluded pursuant to this clause (6) shall be excluded only in an amount not to exceed the principal amount of the Secured Debt being extended, renewed, or replaced at the time of such extension, renewal or replacement, and that such extension, renewal or replacement shall be limited to all or part of the assets subject to the Security Interest so extended, renewed or replaced (plus refurbishment of or improvements thereon or thereto).

In addition, we and our Restricted Subsidiaries may create, incur, assume or guarantee Secured Debt, without equally and ratably securing the senior debt securities, if immediately thereafter the sum of (a) the aggregate principal amount of all Secured Debt outstanding (excluding Secured Debt permitted under clauses (1) through (6) above and any Secured Debt in relation to which the senior debt securities have been secured equally and ratably (or prior to)) and (b) all Attributable Debt in respect of Sale and Leaseback Transactions (excluding Attributable Debt in respect of Sale and Leaseback Transactions satisfying the conditions set forth in clauses (1), (2) and (3) of the first sentence, or meeting the requirements set forth in the second sentence, under Restrictions on Sale and Leaseback Transactions) as of the date of determination would not exceed 20% of our Consolidated Net Tangible Assets as of such date.

A substantial portion of the book value of our assets and the assets of our Restricted Subsidiaries could be pledged to secure Indebtedness without violating the foregoing covenant. Among other things, this covenant allows us and our Restricted Subsidiaries to incur Indebtedness secured by homes held for sale, homes that are under contract for sale, contracts for the sale of homes and both improved and unimproved land, which in the past have typically represented a substantial portion of the book value of our consolidated assets. Accordingly, investors should be aware that this covenant allows us and/or our Restricted Subsidiaries to incur substantial amounts of Secured Debt without being required to equally and ratably secure the senior debt securities.

The provisions described above with respect to limitations on Secured Debt are also not applicable to certain types of Non-Recourse Indebtedness by virtue of the definition of Secured Debt, and will not restrict or limit our or our Restricted Subsidiaries' ability to create, incur, assume or guarantee any unsecured Indebtedness, or the ability of any of our subsidiaries that is not a Restricted Subsidiary to create, incur, assume or guarantee any secured or unsecured Indebtedness.

Restrictions on Sale and Leaseback Transactions. The senior indenture provides that we will not, and will not cause or permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction after the date of the senior indenture, unless:

- (1) notice is promptly given to the trustee under the senior indenture of the Sale and Leaseback Transaction;
- (2) we or the relevant Restricted Subsidiary receive fair value for the property sold (as determined in good faith pursuant to a resolution of the Board of Directors delivered to the trustee); and
- (3) we or such Restricted Subsidiary, within 365 days after the completion of the Sale and Leaseback Transaction, applies, or enters into a definitive agreement to apply within such 365-day period, an amount equal to the net proceeds therefrom either:
 - to the redemption, repayment or retirement of (a) any senior debt securities outstanding under the senior indenture, (b) any of our indebtedness that is for borrowed money or is evidenced by a bond, note, debenture or similar instrument (other than a trade payable or a current liability arising in the ordinary course of business) and which indebtedness ranks equally in right of payment with the senior debt securities issued under the senior indenture, or (c) any indebtedness of any Guarantor that is for borrowed money or is evidenced by a bond, note, debenture or similar instrument (other than a trade payable or a current liability arising in the ordinary course of business) and which indebtedness ranks equally in right of payment with the Guarantee of such Guarantor, and/or

Table of Contents

to the purchase by us or any Restricted Subsidiary of property used in our or its respective trade or business.

These provisions will not apply to a Sale and Leaseback Transaction if, at the time such Sale and Leaseback Transaction is entered into, the term of the related lease to us or the applicable Restricted Subsidiary of the property being sold pursuant to such transaction is three years or less. In addition, these provisions will not apply to a Sale and Leaseback Transaction that we and our Restricted Subsidiaries enter into if immediately thereafter the sum of (a) the aggregate principal amount of all Secured Debt outstanding (excluding Secured Debt permitted under clauses (1) through (6) of the first paragraph under Restrictions on Secured Debt above and any Secured Debt in relation to which the senior debt securities have been secured equally and ratably (or prior to)) and (b) all Attributable Debt in respect of Sale and Leaseback Transactions (excluding Attributable Debt in respect of Sale and Leaseback Transactions satisfying the conditions set forth in clauses (1), (2) and (3) of the first sentence, or meeting the requirements set forth in the second sentence, under this caption Restrictions on Sale and Leaseback Transactions) as of the date of determination would not exceed 20% of our Consolidated Net Tangible Assets as of such date.

Consolidation, Merger and Sale of Assets

Each indenture provides that neither we nor any of the Guarantors will, in any transaction or series of related transactions, consolidate or merge with or into any other Person or sell, lease, assign, transfer or otherwise convey all or substantially all its properties and assets to any other Person unless:

either (1) we or such Guarantor, as the case may be, shall be the continuing Person (in the case of a merger) or (2) the successor Person (if other than us or such Guarantor, as the case may be) formed by or resulting from the consolidation or merger or to which such properties and assets shall have been sold, leased, assigned, transferred or otherwise conveyed (A) is, in the case of a merger, consolidation or other such transaction involving us, a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia and shall expressly assume, by a supplemental indenture, the due and punctual payment of the principal of and any premium and interest on all the debt securities outstanding under such indenture and the due and punctual performance and observance of all our other obligations under such indenture and the debt securities outstanding thereunder, and which supplemental indenture shall provide for conversion or exchange rights in accordance with the provisions of any debt securities outstanding under such indenture that are convertible or exchangeable into Common Stock or other securities and for the affirmation by all the Guarantors of their Guarantees and other obligations under such indenture, and (B) is, in the case of a merger, consolidation or other such transaction involving a Guarantor, a corporation or other entity organized and existing under the laws of the United States, any state thereof or the District of Columbia and (except in the case of a merger of such Guarantor into, or a sale, lease, assignment, transfer or other conveyance of all or substantially all such Guarantor's properties and assets to, us) shall expressly assume, by a supplemental indenture, the due and punctual performance and observance of all the Guarantor's obligations under such indenture (including its Guarantee), and which supplemental indenture shall provide for the affirmation by all the Guarantors of their Guarantees and other obligations under such indenture;

immediately after giving effect to such transaction or transactions, no Event of Default under such indenture, and no event that, after notice or lapse of time or both, would become an Event of Default under such indenture, shall have occurred and be continuing; and

the trustee shall have received the officers' certificate and opinion of counsel called for by such indenture.

Upon any consolidation by us or any Guarantor with, or any merger of us or any Guarantor into, any other Person or any sale, assignment, transfer, lease or conveyance of all or substantially all of the properties and assets of ours or any Guarantor to any Person in accordance with the provisions of any indenture described above, the successor Person formed by the consolidation or into which we are or such Guarantor, as the case may be, is merged or to which the sale, lease, assignment, transfer or other conveyance is made shall succeed to, and be substituted for, us or (except in the case of a merger of such Guarantor into, or a sale, lease, assignment, transfer or other conveyance of all or substantially all such Guarantor's properties and assets to, us) such Guarantor, as the case may be, and may exercise every right and power of ours or (except in the case of a merger of such Guarantor into, or a sale, lease, assignment,

transfer or other conveyance of all or substantially all such Guarantor's properties and assets to, us) such Guarantor, as the case may be, under such indenture with the same effect as if such successor Person had been named as us or such Guarantor, as applicable, therein; and thereafter, except in the case of a lease, the predecessor Person shall be released from all obligations and covenants under such indenture and, in the case of a transaction involving us, the debt securities issued under such indenture or, in the case of a transaction involving a Guarantor, its Guarantee of such debt securities.

Events of Default

An Event of Default with respect to the debt securities of any series issued under any indenture is defined as being:

- (1) default in payment of any interest on any of the debt securities of that series when due and continuance of such default for a period of 30 days;
- (2) default in payment of any principal of, or premium, if any, on any of the debt securities of that series when due (whether at maturity, upon redemption, upon repayment or repurchase at the option of the holder or otherwise and whether payable in cash or in shares of Common Stock or other securities or property);
- (3) default in the deposit of any sinking fund payment or payment under any analogous provision when due with respect to any of the debt securities of that series;
- (4) default by us or any Guarantor in the performance of, or breach of, any other covenant or warranty in such indenture or in any debt security of that series (other than a covenant or warranty included in such indenture solely for the benefit of a series of debt securities other than that series) and continuance of that default or breach for a period of 60 days after notice to us by the trustee under such indenture or to us and the trustee by the holders of not less than 25% in aggregate principal amount of the debt securities of that series then outstanding;
- (5) a default under any mortgage, indenture or other instrument or agreement under which there may be issued or by which there may be secured or evidenced any Indebtedness (other than Non-Recourse Indebtedness) of ours or any of our Significant Subsidiaries, whether such Indebtedness existed on the date of such indenture or shall be created thereafter, if (a) such default results from the failure to pay any such Indebtedness when due (provided that no such failure to pay Indebtedness when due shall be deemed to have occurred so long as we or such Significant Subsidiary, as the case may be, shall be contesting whether such Indebtedness is due in good faith by appropriate proceedings) or as a result of such default the maturity of such Indebtedness has been accelerated prior to its expressed maturity and (b) the sum of (x) the principal amount of such Indebtedness plus (y) the aggregate principal amount of all other such Indebtedness in default for failure to pay any such Indebtedness when due or the maturity of which has been so accelerated, equals \$20,000,000 or more, individually, or \$40,000,000 or more, in the aggregate, without such Indebtedness having been discharged or such acceleration having been rescinded or annulled within a period of 30 days after notice to us by the trustee under such indenture or to us and the trustee by the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding;
- (6) certain events of bankruptcy, insolvency or reorganization with respect to us or any of our Significant Subsidiaries;
- (7) the Guarantee of any Guarantor ceases to be in full force and effect (other than by reason of the release of such Guarantor in accordance with such indenture) or is declared by a court or governmental authority of competent jurisdiction to be null and void or unenforceable or the Guarantee of any Guarantor is found by a court or governmental authority of competent jurisdiction to be invalid or a Guarantor denies its liability under its Guarantee (other than by reason of the release of such Guarantor in accordance with the terms of such indenture); or
- (8) any other Event of Default established for the debt securities of that series.

No Event of Default with respect to a series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities. Each indenture requires the trustee, within 90 days after the occurrence of a default with respect to the debt securities of any series outstanding under that indenture, to mail notice of such default, if known to the trustee, to all holders of debt securities of that series unless the default has been cured or waived. However, each indenture provides that the trustee may withhold notice to the holders of the debt securities of any series of the occurrence of a default with respect to the debt securities of such series (except a default in payment of principal or any premium or interest) if the trustee in good faith determines it is in the interest of the holders to do so. As used in this paragraph, the term default means any event or condition that is, or with notice or lapse of time or both would be, an Event of Default.

If an Event of Default with respect to the debt securities of any series occurs and is continuing, either the applicable trustee or the holders of at least 25% of the aggregate principal amount of the outstanding debt securities of that series may declare the principal of all the debt securities of that series, and accrued and unpaid interest, if any, thereon, to be due and payable immediately. At any time after the debt securities of any series have been accelerated, but before a judgment or decree based on acceleration has been obtained,

Table of Contents

the holders of a majority of the aggregate principal amount of outstanding debt securities of that series may, under certain circumstances, rescind and annul such acceleration.

Each indenture provides that, subject to the duty of the trustee thereunder during a default to act with the required standard of care, such trustee will be under no obligation to exercise any of its rights or powers under such indenture at the request or direction of any of the holders of debt securities of any series issued under that indenture unless such holders shall have offered to the trustee reasonable security or indemnity. Subject to the foregoing, the holders of a majority of the aggregate principal amount of the outstanding debt securities of any series will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the applicable indenture with respect to the debt securities of that series.

No holder of any debt securities of any series will have any right to institute any proceeding with respect to the indenture under which such debt securities were issued or for any remedy thereunder unless:

(1) such holder previously has given written notice to the trustee under such indenture of a continuing Event of Default with respect to debt securities of that series;

(2) the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request to the trustee to institute such proceeding as trustee, and offered to the trustee reasonable indemnity against costs, expenses and liabilities incurred in compliance with such request;

(3) in the 60-day period following receipt of the notice, request and offer of indemnity referred to above, the trustee has failed to institute any such proceeding; and

(4) during such 60-day period, the trustee has not received from the holders of a majority of the aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with such request.

Notwithstanding the provisions described in the immediately preceding paragraph or any other provision of the indentures, the holder of any debt security shall have the right, which is absolute and unconditional, to receive payment of the principal of and any premium or interest on such debt security on the respective dates such payments are due, and to receive any payments required to be made by any Guarantor pursuant to its Guarantee when due, and, in the case of any debt security that is convertible into or exchangeable for other securities or property, to convert or exchange such debt security in accordance with its terms, and to institute suit for the enforcement of any such payment or any such right to convert or exchange, and such right shall not be impaired without the consent of such holder.

We are required to furnish to the trustee annually a statement as to any default in the performance of our obligations under the applicable indenture. Each of the Guarantors also is required to furnish to the trustee annually a statement as to any default in the performance of its obligations under the applicable indenture.

Discharge, Defeasance and Covenant Defeasance

Each indenture provides that, upon our direction, such indenture shall cease to be of further effect with respect to any series of debt securities issued thereunder specified by us (subject to the survival of certain provisions thereof) when:

(1) either (A) all outstanding debt securities of such series have been delivered to the trustee for cancellation (subject to certain exceptions) or (B) all outstanding debt securities of such series have become due and payable, will become due and payable at their stated maturity within one year or are to be called for redemption by us within one year and, in each case, we have deposited with the applicable trustee, in trust, funds in an amount sufficient to pay the entire indebtedness on such debt securities in respect of principal and any premium or interest to the date of such deposit (if such debt securities have become due and payable) or to the stated maturity or redemption date thereof, as the case may be;

(2) we have paid all other sums payable under such indenture with respect to the debt securities of such series; and

(3) certain other conditions specified in the indenture are met.

Subject to meeting the conditions described below, we may elect with respect to any series of debt securities either:

Table of Contents

(1) to defease and be discharged from any and all obligations with respect to the debt securities of such series (except for, among other things, the obligations to register the transfer or exchange of such debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of such debt securities and to hold money for payment in trust) (defeasance); or

(2) to be released from our obligations with respect to the debt securities of such series under certain restrictive covenants in the indenture (including, in the case of any series of senior debt securities, the covenants described above under Certain Covenants Restrictions on Secured Debt and Certain Covenants Restrictions on Sale and Leaseback Transactions), and any omission to comply with such obligations shall not constitute a default or an Event of Default with respect to the debt securities of such series (covenant defeasance);

in either case upon the irrevocable deposit with the applicable trustee (or other qualifying trustee), in trust for such purpose, of money, or Government Obligations that through the scheduled payment of principal and interest in accordance with their terms will provide money, in an amount sufficient, in the opinion of a nationally recognized firm of public accountants, to pay the principal of and any premium and interest on such debt securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates therefor or the applicable redemption date, as the case may be. Upon any defeasance (but not covenant defeasance) of the debt securities of any series, the Guarantors will be released from their Guarantees of the debt securities of that series.

Such defeasance or covenant defeasance with respect to the debt securities of any series shall be effective if, among other things,

(1) it shall not result in a breach or violation of, or constitute a default under, the applicable indenture or any other material agreement or instrument to which we or any of our Subsidiaries is a party or is bound;

(2) in the case of defeasance, we shall have delivered to the applicable trustee an opinion of independent counsel stating that (A) we have received from, or there has been published by, the Internal Revenue Service a ruling, or (B) since the date of the applicable indenture there has been a change in applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion of independent counsel shall confirm that, the holders of the debt securities of such series will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;

(3) if the action is taken under the senior subordinated indenture or subordinated indenture, no event or condition exists that, pursuant to the subordination provisions in that indenture, prevents us, or with notice or lapse of time or both would prevent us, from making payments on the debt securities of that series on the date we make the deposit of cash or Government Obligations into trust or at any time during the period ending on and including the 91st day after the date of such deposit into trust;

(4) in the case of covenant defeasance, we shall have delivered to the applicable trustee an opinion of independent counsel to the effect that the holders of the debt securities of such series will not recognize income, gain or loss for United States federal income tax purposes as a result of such covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred; and

(5) if the cash and Government Obligations deposited are sufficient to pay the outstanding debt securities of such series, provided such debt securities are redeemed on a particular redemption date, we shall have given the applicable trustee irrevocable instructions to redeem such debt securities on such date.

It shall also be a condition to the effectiveness of such defeasance or covenant defeasance that no Event of Default or event that, with notice or lapse of time or both, would become an Event of Default with respect to the debt securities of such series shall have occurred and be continuing on the date of deposit of cash or Government Obligations into trust and, solely in the case of defeasance, no Event of Default described in clause (6) of the first paragraph under Events of Default above shall have occurred and be continuing at any time during the period ending on and including the 91st day after the date of such deposit into trust.

In the event we effect covenant defeasance with respect to the debt securities of any series, then any failure by us to comply with any covenant as to which there has been covenant defeasance will not constitute an Event of Default with respect to the debt securities of such series. However, if the debt securities of such series are declared due and payable

because of the occurrence of any other Event of Default, the amount of monies and/or Government Obligations deposited with the trustee to effect such covenant defeasance

may not be sufficient to pay amounts due on such debt securities at the time of any acceleration resulting from such Event of Default. However, we and the Guarantors would remain liable to make payment of such amounts due at the time of acceleration.

Modification, Waivers and Meetings

Each indenture contains provisions permitting us, the Guarantors and the applicable trustee, with the consent of the holders of a majority in principal amount of the outstanding debt securities of each series issued under such indenture that is affected by the modification or amendment, to modify, amend or eliminate any of the provisions of such indenture (including the Guarantees of the debt securities of such series) or of the debt securities of such series or the rights of the holders of the debt securities of such series under such indenture; provided that no such modification or amendment shall, among other things:

- change the stated maturity of the principal of, or premium, if any, on, or any installment of interest, if any, on any debt securities;

- reduce the principal amount of any debt securities or any premium on any debt securities;

- reduce the rate of interest on any debt securities;

- reduce the amount payable on any debt securities upon redemption thereof by us;

- change any place where, or the currency in which, any debt securities are payable;

- impair a holder's right to institute suit to enforce the payment of any debt securities when due;

- modify in any manner adverse to holders the obligations of the Guarantors in respect to the due and punctual payment of the principal of, or premium or interest, if any, on any debt securities or release any Guarantor from its obligations under its Guarantee otherwise than in accordance with the terms of such indenture; or

- reduce the aforesaid percentage of debt securities of any series issued under such indenture the consent of whose holders is required for any such modification or amendment or the consent of whose holders is required for any waiver (of compliance with certain provisions of such indenture or certain defaults thereunder and their consequences) or reduce the requirements for a quorum or voting at a meeting of holders of such debt securities;

without in each such case obtaining the consent of each holder of each outstanding debt security issued under such indenture so affected.

In addition, we may not amend our senior subordinated indenture or our subordinated indenture to alter the subordination of any outstanding debt securities issued under that indenture or any Guarantees of any such debt securities without first obtaining the written consent of each holder of Senior Indebtedness then outstanding that would be adversely affected by the amendment.

Each indenture also contains provisions permitting us, the Guarantors and the applicable trustee, without notice to or the consent of the holders of any debt securities issued thereunder, to modify or amend such indenture in order to, among other things:

- add to the Events of Default or the covenants made by us or the Guarantors for the benefit of the holders of all or any series of debt securities issued under such indenture;

- to establish the form or terms of debt securities of any series and any related coupons;

- to cure any ambiguity or correct or supplement any provision therein that may be defective or inconsistent with other provisions therein or to make any other provisions with respect to matters or questions arising under such indenture that shall not adversely affect the interests of the holders of any series of debt securities issued

thereunder;

to provide for the assumption of our or a Guarantor's obligations in the case of a merger, consolidation or sale, lease, assignment, transfer or other conveyance of all or substantially all of our or its properties and assets in accordance with the provisions of the indenture;

Table of Contents

to secure the debt securities;

to add Guarantors or to evidence the release of any Guarantor in accordance with the provisions of the indenture;

to qualify or maintain the qualification of the indenture under the Trust Indenture Act of 1939; or

to amend or supplement any provision contained in the indenture, provided that such amendment or supplement does not apply to any outstanding debt securities issued prior to the date of such amendment or supplement and entitled to the benefits of such provision.

Each indenture provides that the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive compliance by us and the Guarantors with certain covenants and other provisions of the indenture. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the indenture with respect to debt securities of that series and its consequences, except a default in the payment of the principal of or any premium or interest on any debt securities of such series; or in the case of any debt securities that are convertible into or exchangeable for Common Stock or other securities or property, a default in any such conversion or exchange; or in respect of a covenant or provision that cannot be modified or amended without the consent of the holder of each outstanding debt security of such series affected.

Each indenture contains provisions for convening meetings of the holders of debt securities of a series issued thereunder. A meeting may be called at any time by the trustee and also, upon request, by us or the holders of at least 10% in principal amount of the outstanding debt securities of such series, in any such case upon notice given in accordance with the provisions of the indenture. Except for any consent that must be given by the holder of each outstanding debt security affected thereby, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum (as described below) is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series; provided, however, that any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage, other than a majority, in principal amount of the outstanding debt securities of a series may be adopted at a meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the indenture will be binding on all holders of debt securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be Persons holding or representing a majority in principal amount of the outstanding debt securities of a series, subject to certain exceptions.

In determining whether the holders of the requisite principal amount of the outstanding debt securities of any series have given any request, demand, authorization, direction, notice, consent or waiver under an indenture or are present at a meeting of holders of debt securities for quorum purposes, any debt security of that series owned by us or any Guarantor or any other obligor on such debt securities or the Guarantees of such debt securities or any Affiliate of ours, any Guarantor or such other obligor shall be deemed not to be outstanding.

Applicable Law

The indentures, the Guarantees and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

Securities Act means the Securities Act of 1933, as amended, or any successor thereto, in each case as amended from time to time.

Security Interest means any mortgage, pledge, lien, encumbrance or other security interest.

DESCRIPTION OF CAPITAL STOCK

We are authorized to issue (i) 290,000,000 shares of common stock, of which 89,623,718 shares were outstanding as of August 31, 2008 (including 12,020,382 shares held by our Grantor Stock Ownership Trust and excluding 25,483,921 shares held in treasury), (ii) 25,000,000 shares of special common stock, none of which is outstanding, and (iii) 10,000,000 shares of preferred stock, none of which is outstanding. However, we have reserved 1,600,000 shares of our Series A Participating Cumulative Preferred Stock, which we sometimes refer to as the rights preferred stock, for issuance under our stockholder rights plan as described below. At August 31, 2008, our common stock was held by 862 holders of record.

The following summarizes certain provisions of our certificate of incorporation and stockholder rights plan. These summaries are not complete and are subject to, and are qualified in their entirety by reference to, our certificate of incorporation and stockholder rights plan. We have filed copies of these documents with the SEC and have incorporated them by reference as exhibits to the registration statement of which this prospectus is a part. You should read these documents, which may be obtained as described above under Where You Can Find More Information.

Common Stock and Special Common Stock

Voting. Our common stock and special common stock generally have identical rights, except holders of common stock are entitled to one vote per share while holders of our special common stock are entitled to one-tenth of a vote per share on all matters to be voted on by stockholders and except that holders of our special common stock have the conversion rights described below. Holders of common stock and special common stock are not entitled to cumulate their votes in the election of directors. Generally all matters to be voted on by stockholders must be approved by a majority of the combined voting power of the outstanding shares of common stock and special common stock, voting together as a single class, subject to any voting rights of holders of any outstanding preferred stock. Any amendments to our certificate of incorporation generally must be approved by a majority of the combined voting power of all shares of common stock and special common stock, voting together as a single class. However, an amendment that adversely affects the rights of the common stock or special common stock must be approved by a majority of the votes entitled to be cast by holders of the affected class, voting as a separate class, in addition to the approval of a majority of the votes entitled to be cast by the holders of the common stock and special common stock voting together as a single class.

Preemptive Rights; Conversion. Our common stock and special common stock have no preemptive rights, and neither provides for redemption. Our common stock is not convertible into any other securities. If we make a tender or exchange offer for shares of our common stock or if another person makes a tender offer for our common stock, each share of special common stock will be convertible at the option of the holder into one share of common stock solely to enable those shares of common stock to be tendered

Table of Contents

pursuant to that offer. Each share of special common stock converted into common stock and not purchased pursuant to that offer will be automatically reconverted into one share of special common stock. All our outstanding shares of common stock are fully paid and nonassessable and shares of our special common stock, if issued, will be fully paid and nonassessable.

Dividends. Subject to any prior dividend rights of our outstanding preferred stock, if any, holders of our common stock and special common stock may receive dividends and distributions from funds legally available for dividends in the discretion of our board of directors. Holders of common stock and special common stock will share equally in all dividends and distributions on a per share basis. If we pay dividends or other distributions in capital stock other than preferred stock (including stock splits), only shares of common stock will be distributed with respect to common stock and only shares of special common stock will be distributed with respect to special common stock, in each case in an amount per share equal to the amount per share distributed with respect to the common stock or the special common stock, as the case may be. If we combine or reclassify our common stock or special common stock, the shares of each such class will be combined or reclassified so as to retain the proportionate interest of each class after giving effect to the combination or reclassification.

Distributions on Liquidation. The common stock and special common stock are entitled to share pro rata in any distribution upon our liquidation, dissolution or winding up, after payment or provision for our liabilities and after giving effect to any liquidation preference of any preferred stock.

Reorganization, Consolidation or Merger. If we reorganize, consolidate or merge, each holder of a share of common stock will receive the same kind and amount of property that a holder of a share of special common stock receives, and each holder of a share of special common stock will receive the same kind and amount of property receivable by a holder of common stock.

Preferred Stock

We are authorized to issue preferred stock in one or more series with the designations, rights, preferences and limitations determined by our board of directors, including the consideration to be received for the preferred stock, the number of shares comprising each series, dividend rates, redemption provisions, liquidation preferences, mandatory retirement provisions, conversion rights and voting rights, all without any stockholder approval.

If we issue preferred stock with voting rights, it could make it more difficult for a third party to acquire control of us and could adversely affect the rights of holders of common stock and special common stock. Preferred stockholders typically are entitled to satisfaction in full of specified dividend and liquidation rights before any payment of dividends or distribution of assets on liquidation can be made to holders of common stock or special common stock. Also, any voting rights granted to our preferred stock may dilute the voting rights of our common stock and special common stock. Under some circumstances, control of us could shift from the holders of common stock to the holders of preferred stock with voting rights. Certain fundamental matters requiring stockholder approval (such as mergers, sale of assets, and certain amendments to our certificate of incorporation) may require approval by the separate vote of the holders of preferred stock in addition to any required vote of the common stock and special common stock.

Stockholder Rights Plan

On February 4, 1999 our board of directors declared a dividend of one preferred stock purchase right for each share of our common stock. On April 7, 2005 our board of directors declared a 2-for-1 stock split paid in the form of 100% stock dividend, which adjusted each right such that each share of our common stock is now associated with one-half of a right. The terms of the rights are set forth in a rights agreement between KB Home and BNY Mellon Shareowner Services, LLC (successor to ChaseMellon Shareholder Services, L.L.C.), as rights agent, as amended. These rights replace the preferred stock purchase rights we issued in 1989 under our previous rights agreement. Throughout this discussion of our stockholder rights plan, subsequent references to our common stock mean our common stock and our special common stock, collectively, unless otherwise expressly stated or the context otherwise requires.

Each whole right entitles the holder thereof the right to purchase one-one hundredth (1/100th) of a share of our rights preferred stock at an exercise price of \$270.

The rights will be evidenced by certificates of our common stock until the distribution date, which will be the earlier to occur of:

Table of Contents

10 days following a public announcement that a person or group (referred to in this section as an acquiring person) has acquired beneficial ownership of common stock entitled to 15% or more of the aggregate votes entitled to be cast by all outstanding shares of common stock; or

10 business days following the commencement of a tender offer or exchange offer the consummation of which would result in a person or group becoming an acquiring person.

Until the distribution date or, if earlier, the redemption or expiration of the rights:

the rights will be transferred only with the common stock;

common stock certificates will refer to the rights and the rights agreement (the notation on outstanding common stock certificates referring to our prior rights agreement will be deemed to refer to the new rights); and

a transfer of shares of common stock will also constitute the transfer of the rights associated with the transferred shares of common stock.

As soon as practicable after we have notified the rights agent of the occurrence of the distribution date, separate certificates evidencing the rights will be mailed to holders of record of our common stock as of the close of business on the distribution date. Afterwards, the separate right certificates alone will evidence the rights.

The rights are not exercisable until the distribution date. The rights will expire on March 5, 2009, unless we redeem or exchange the rights before the expiration date.

The exercise price payable, and the number of shares of rights preferred stock or other securities or property issuable, upon exercise of the rights may be adjusted to prevent dilution in certain circumstances specified in the rights agreement, such as payment of a stock dividend on our common stock or a subdivision, combination or reclassification of our voting stock.

If any person or group becomes an acquiring person, each holder of a right (other than rights beneficially owned by the acquiring person, which become void) will have the right to receive, upon exercise and payment of the then current exercise price, in lieu of our rights preferred stock, that number of shares of common stock or special common stock, as the case may be, having a market value of two times the exercise price.

If, after a person or group has become an acquiring person, we are acquired in a merger or other business combination transaction, or 50% or more of our consolidated assets or earning power are sold, we are required to make proper provision so that each holder of a right (other than the acquiring person, whose rights will become void) will afterwards have the right to receive, upon exercise at the then current exercise price, that number of shares of common stock of the person with whom we have engaged in the acquisition transaction (or its parent) which at the time of the transaction has a market value of two times the exercise price.

At any time after any person or group becomes an acquiring person, our board of directors may exchange each right (other than rights owned by the acquiring person, which become void) in whole or in part for shares of common stock or special common stock at an exchange ratio of two shares of common stock or special common stock per right, as appropriately adjusted for changes in the common stock or special common stock after the date of the rights agreement.

We will not issue any fractional shares of rights preferred stock, except for fractions which are integral multiples of one-hundredth of a share, which may, at our election, be evidenced by depositary receipts. Instead of any other fractional interest, we will make an adjustment in cash based on the market price of the rights preferred stock.

At any time prior to the earlier of the expiration date of the rights or ten days after a person or group becomes an acquiring person (or any later date determined by our board of directors), our board of directors may redeem the rights in whole, but not in part, at a redemption price of \$.005 per right, subject to adjustment. Immediately upon any redemption of the rights, the right to exercise the rights will terminate and holders of rights will only have a right to receive the redemption price. We may amend the rights to the extent and on the conditions set out in the rights

agreement. Until a right is exercised, the holder of the right, as such, will have no rights as a stockholder, including, without limitation, the right to vote or to receive dividends.

Table of Contents

The rights will make it more difficult to acquire us without the approval of our board of directors. The rights will cause substantial dilution to a person or group that attempts to acquire us without conditioning their offer on substantially all the rights being acquired. The rights will not interfere with any merger or other business combination approved by our board of directors, which may, at its option, at any time before a person or group becoming an acquiring person, redeem the then outstanding rights.

Additional Provisions of Our Certificate of Incorporation

We have adopted certain defensive measures, including restricting stockholders' ability to call special meetings of stockholders, implementing our stockholder rights plan and amending our certificate of incorporation to provide that Section 203 of the Delaware General Corporation Law shall apply to us. In addition, our certificate of incorporation prohibits stockholder action by written consent.

These defensive measures could require a potential acquiror of us to pay a higher price than might otherwise be the case or to obtain the approval of a larger percentage of our stockholders than might otherwise be the case. These measures may also discourage a proxy contest or make it more difficult to complete a merger involving us, or a tender offer, open-market purchase program or other purchase of our shares, in circumstances that would give our stockholders the opportunity to realize a premium over the then-prevailing market prices for their shares.

Section 203 of the Delaware General Corporation Law

As a Delaware corporation, we are subject to the provisions of Section 203 of the General Corporation Law of the State of Delaware. Under Section 203, if a person or group acquires 15% or more of a corporation's voting stock (thereby becoming an interested stockholder) without prior board approval, the interested stockholder may not, for a period of three years, engage in a wide range of business combination transactions with the corporation. However, this restriction does not apply to a person who becomes an interested stockholder in a transaction resulting in the interested stockholder owning at least 85% of the corporation's voting stock (excluding from the outstanding voting stock, shares held by persons who are directors and also officers and shares held pursuant to employee stock plans without confidential tender offer decisions), or to a business combination approved by the board of directors and authorized by the affirmative vote of a least 66 2/3% of the outstanding voting stock not owned by the interested stockholder. In addition, Section 203 does not apply to certain business combinations proposed subsequent to the public announcement of specified business combination transactions which are not opposed by the board of directors.

Transfer Agent

The transfer agent and registrar for our common stock is BNY Mellon Shareowner Services.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities, preferred stock, depositary shares or common stock. Warrants may be issued independently or together with our debt securities, preferred stock, depositary shares or common stock and may be attached to or separate from any offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. A copy of the warrant agreement will be filed with the SEC in connection with any offering of warrants.

The prospectus supplement relating to a particular issue of warrants to purchase debt securities, preferred stock, depositary shares or common stock will describe the terms of those warrants, including the following:

the title of the warrants;

the offering price for the warrants, if any;

the aggregate number of the warrants;

the designation and terms of the debt securities, preferred stock, depositary shares or common stock that may be purchased upon exercise of the warrants;

Table of Contents

if applicable, the designation and terms of the securities that the warrants are issued with and the number of warrants issued with each security;

the dates on which the right to exercise the warrants will commence and expire;

if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time;

whether the warrants represented by the warrant certificates or debt securities that may be issued upon exercise of the warrants will be issued in registered or bearer form;

information relating to book-entry procedures, if any;

the currency or currency units in which the offering price, if any, and the exercise price are payable;

anti-dilution provisions of the warrants, if any;

redemption or call provisions, if any, applicable to the warrants;

any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants; and

any other information we think is important about the warrants.

DESCRIPTION OF DEPOSITARY SHARES

We may, at our option, elect to offer depositary shares, each of which will represent a fractional interest in a share of a particular series of preferred stock as specified in the applicable prospectus supplement and/or free writing prospectus. We may offer depositary shares rather than offering fractional shares of preferred stock of any series. Subject to the terms of the applicable deposit agreement, each owner of a depositary share will be entitled, in proportion to the applicable fractional interest in shares of preferred stock underlying that depositary share, to all rights and preferences of the preferred stock underlying that depositary share. Those rights may include dividend, voting, redemption and liquidation rights.

The shares of preferred stock underlying the depositary shares will be deposited with a depositary under a deposit agreement between us, the depositary and the holders of the depositary receipts evidencing the depositary shares. The depositary will be a bank or trust company selected by us. The depositary will also act as the transfer agent, registrar and, if applicable, dividend disbursing agent for the depositary shares. We anticipate that we will enter into a separate deposit agreement for the depositary shares representing fractional interests in preferred stock of each series.

Holders of depositary receipts will be deemed to agree to be bound by the deposit agreement, which requires holders to take certain actions such as filing proof of residence and paying certain charges.

The following is a summary of selected terms of the depositary shares and the related depositary receipts and deposit agreement. The deposit agreement, the depositary receipts, our certificate of incorporation and the certificate of designation for the applicable series of preferred stock that have been, or will be, filed with the SEC will set forth all of the terms relating to each issue of depositary shares. To the extent that any particular terms of any depositary shares or the related depositary receipts or deposit agreement described in a prospectus supplement or free writing prospectus differ from any of the terms described below, then the terms described

Table of Contents

below will be deemed to have been superseded by the applicable terms described in that prospectus supplement or free writing prospectus. The following summary of selected provisions of the depositary shares and the related depositary receipts and deposit agreement is not complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the applicable depositary receipts and deposit agreement, including terms defined in those documents.

Immediately following our issuance of shares of a series of preferred stock that will be offered as depositary shares, we will deposit the shares of preferred stock with the applicable depositary, which will then issue and deliver the depositary receipts. Depositary receipts will only be issued evidencing whole depositary shares. A depositary receipt may evidence any number of whole depositary shares.

Dividends

The depositary will distribute all cash dividends or other cash distributions received relating to the series of preferred stock underlying the depositary shares to the record holders of depositary receipts in proportion to the number of depositary shares owned by those holders on the relevant record date. The record date for the depositary shares will be the same date as the record date for the preferred stock.

In the event of a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary receipts that are entitled to receive the distribution. However, if the depositary determines that the distribution cannot be made proportionately among the holders or that it is not feasible to make the distribution, the depositary may, with our approval, adopt another method for the distribution. The method may include selling the securities or property and distributing the net proceeds to the holders.

The amount distributed in any of the foregoing cases will be reduced by any amounts required to be withheld by us or the depositary on account of taxes or other governmental charges.

Liquidation Preference

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of each depositary share will be entitled to receive the fraction of the liquidation preference accorded each share of the applicable series of preferred stock, as set forth in the applicable prospectus supplement.

Redemption

If the series of preferred stock underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the proceeds received by the depositary from the redemption, in whole or in part, of preferred stock held by the depositary. Whenever we redeem any preferred stock held by the depositary, the depositary will redeem, as of the same redemption date, the number of depositary shares representing the preferred stock so redeemed. The depositary will mail the notice of redemption to the record holders of the depositary receipts promptly upon receiving the notice from us and not less than 35 nor more than 60 days prior to the date fixed for redemption of the preferred stock and the depositary shares. The redemption price per depositary share will be equal to the applicable fraction of the redemption price payable per share for the applicable series of preferred stock. If fewer than all the depositary shares are redeemed, the depositary shares to be redeemed will be selected by lot or ratably as the depositary will decide.

After the date fixed for redemption, the depositary shares so called for redemption will no longer be deemed to be outstanding and all rights of the holders of the depositary shares will cease, except the right to receive the moneys payable upon redemption and any moneys or other property to which the holders of the depositary shares were entitled upon the redemption, upon surrender to the depositary of the depositary receipts evidencing the depositary shares.

Voting

Upon receipt of notice of any meeting at which the holders of preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary receipts representing the preferred stock. Each record holder of those depositary receipts on the record date will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the amount of preferred stock underlying that holder's depositary shares. The record date for the depositary shares will be the same date as the record date for the preferred stock. The depositary will try, as far as practicable, to vote the preferred stock

underlying the depositary shares in a manner consistent with the instructions of the holders of the depositary receipts. We will agree to take all action which may be deemed necessary by the depositary in order to enable the depositary to do so. The depositary will not vote the preferred stock to the extent that it does not receive specific instructions from the holders of depositary receipts.

Withdrawal of Preferred Stock

Owners of depositary shares are entitled, upon surrender of depositary receipts at the applicable office of the depositary and payment of any unpaid amount due the depositary, to receive the number of whole shares of preferred stock underlying the depositary shares. Partial shares of preferred stock will not be issued. After the withdrawal of shares of preferred stock as described in the preceding sentence, the holders of those shares of preferred stock will not be entitled to deposit the shares under the deposit agreement or to receive depositary receipts evidencing depositary shares for those shares of preferred stock.

Amendment and Termination of Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the applicable deposit agreement may be amended at any time and from time to time by agreement between us and the depositary. However, any amendment which materially and adversely alters the rights of the holders of depositary shares, other than any change in fees, will not be effective unless the amendment has been approved by at least a majority of the depositary shares then outstanding. The deposit agreement automatically terminates if:

all outstanding depositary shares have been redeemed; or

there has been a final distribution relating to the preferred stock in connection with our liquidation, dissolution or winding up, and that distribution has been made to all the holders of depositary shares.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will also pay charges of the depositary in connection with the initial deposit of the preferred stock and the initial issuance of the depositary shares and receipts, any redemption of the preferred stock and all withdrawals of preferred stock by owners of depositary shares. Holders of depositary receipts will pay transfer, income and other taxes and governmental charges and certain other charges as provided in the deposit agreement. In certain circumstances, the depositary may refuse to transfer depositary shares, withhold dividends and distributions, and sell the depositary shares evidenced by the depositary receipt, if the charges are not paid.

Reports to Holders

The depositary will forward to the holders of depositary receipts all reports and communications we deliver to the depositary that we are required to furnish to the holders of the preferred stock. In addition, the depositary will make available for inspection by holders of depositary receipts at the applicable office of the depositary and at other places as it thinks is advisable any reports and communications we deliver to the depositary as the holder of preferred stock.

Liability and Legal Proceedings

Neither we nor the depositary will be liable if either of us is prevented or delayed by law or any circumstance beyond our control in performing our obligations under the deposit agreement. Our obligations and those of the depositary will be limited to performance in good faith of our duties under the deposit agreement. Neither we nor the depositary will be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely on written advice of counsel or accountants, on information provided by holders of depositary receipts or other persons believed in good faith to be competent to give such information and on documents believed to be genuine and to have been signed or presented by the proper persons.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering a notice to us of its election to do so. We may also remove the depositary at any time. Any such resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of such appointment. The successor depositary must be appointed within 60 days after delivery of the notice for resignation or removal. In

addition, the successor depositary must be a bank or trust company having its principal office in the United States and must have a combined capital and surplus of at least \$150,000,000.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and us to sell to the holders, a specified number of shares of common stock at a future date or dates, which we refer to herein as stock purchase contracts. The price per share of common stock and the number of shares of common stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts, and may be subject to adjustment under anti-dilution formulas. The stock purchase contracts may be issued separately or as part of units consisting of a stock purchase contract and debt securities, preferred stock, depositary shares, debt obligations of third parties, including United States Treasury securities, any other securities described in the applicable prospectus supplement or free writing prospectus or any combination of the foregoing, which may secure the holders' obligations to purchase the common stock under the stock purchase contracts, which we refer to herein as stock purchase units. The stock purchase contracts may require holders to secure their obligations thereunder in a specified manner, and in some circumstances we may deliver newly issued prepaid common stock purchase contracts, which are referred to as prepaid securities, upon release to a holder of any collateral securing that holder's obligations under the original purchase contract. The stock purchase contracts also may require us to make periodic payments to the holders of the stock purchase contracts or stock purchase units, as the case may be, or vice versa, and those payments may be unsecured or prefunded on some basis.

The applicable prospectus supplement or free writing prospectus will describe the terms of the stock purchase contracts or stock purchase units and, if applicable, prepaid securities. This description is not complete and the description in the applicable prospectus supplement or in the applicable free writing prospectus will not necessarily be complete, and reference is made to the stock purchase contracts, and, if applicable, collateral or depositary agreements, relating to the stock purchase contracts or stock purchase units. If any particular terms of the stock purchase contracts or stock purchase units described in an applicable prospectus supplement or free writing prospectus differ from any of the terms described herein, then the terms described herein will be deemed to have been superseded by that prospectus supplement or free writing prospectus. Selected United States federal income tax considerations applicable to the stock purchase units and the stock purchase contracts may also be discussed in the applicable prospectus supplement or free writing prospectus.

We may sell the securities:

through underwriters or dealers;

through a combination of any of those methods of sale.

We will identify the specific plan of distribution, including any underwriters, dealers, agents or direct purchasers and their compensation in a prospectus supplement.

Item 15. *Indemnification of Directors and Officers***Delaware Registrants**

We are incorporated under the laws of the State of Delaware. Section 145 of the Delaware General Corporation Law (the "DGCL") provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with specified actions, suits or proceedings, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation or a derivative action), if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's by-laws, disinterested director vote, stockholder vote, agreement or otherwise.

Article 6(d) of our certificate of incorporation provides that we will indemnify its directors and officers and may indemnify any other employees or agents to the full extent permitted by the Delaware General Corporation Law.

Article 6(c) of our certificate of incorporation provides that its directors will not be personally liable to us or our stockholders for monetary damages resulting from breaches of their fiduciary duty as directors to the full extent permitted by the Delaware General Corporation Law.

We have purchased directors' and officers' liability insurance policies which insure against certain liabilities incurred by its directors and officers.

KB HOME Orlando LLC ("Orlando") is a limited liability company organized under the laws of the State of Delaware. Section 18-108 of the Delaware Limited Liability Company Act provides that, subject to the standards and restrictions, if any, as are described in its limited liability company agreement, a limited liability company may, and shall have the power to, indemnify and hold harmless any member or manager or other person from and against any and all claims and demands whatsoever.

Orlando's limited liability company agreement provides that its member shall not have any liability whatsoever for the obligations or liabilities of Orlando, except as provided in the Delaware Limited Liability Company Act.

In addition, this agreement limits the liability of, and provides indemnity to, (a) any officers, directors, shareholders, partners, employees or authorized agents of Orlando or its affiliates and (b) any officer, employee or authorized agent of its member or any person or other entity that directly or indirectly controls, is controlled by, or is

under common control with its member ((a) and (b) collectively, Covered Persons), in each case for any loss, damage, claim or expense (including, but not limited to, legal fees) incurred by such Covered Person by reason of any act or omission (whether or not constituting negligence) made in good faith on

Orlando's behalf and in a manner reasonably believed to be within the scope of authority conferred by Orlando's limited liability company agreement. No Covered Person, other than Orlando's member, shall be entitled to limited liability or be indemnified for acts or omissions constituting gross negligence or willful misconduct.

This agreement further provides that Orlando's member shall be entitled to indemnification for any loss, damage, claim or expense (including, but not limited to, legal fees) it incurs by reason of any act or omission made in good faith on Orlando's behalf. This agreement also states that indemnity of Orlando's member shall be provided solely out of Orlando's available assets.

This agreement allows Orlando to purchase and maintain insurance as its member deems reasonable on behalf of Covered Persons, and other persons or entities as the member shall determine, against any liability that may be asserted against, or expenses that may be incurred by, any such person or entity in connection with the activities of Orlando, regardless of whether the agreement would allow for indemnification.

These provisions of this agreement apply to any former member of Orlando for all acts or omissions made when it was a member to the same extent as if it were still a member.

With respect to actions by or in the right of the corporation, indemnification may not be made for any claim, issue or matter as to which such a person has been adjudged liable to the corporation, unless and only to the extent that the court in which the action is or was pending determines upon application that in view of all circumstances the person is fairly and reasonably entitled to indemnity for expenses. Texas Registrant

KB HOME Lone Star Inc. is incorporated under the laws of the State of Texas. The Texas Business Organizations Code provides that a corporation shall indemnify officers, current or former directors, and delegates against reasonable expenses actually incurred by the person in connection with a proceeding in which the person is a respondent because the person is or was a director or delegate if the person is wholly successful, on the merits or otherwise, in the defense of the proceeding. A delegate is a current or former director who is or was serving, at the corporation's request, as the corporation's representative at another enterprise or another organization or to an employee benefit plan. In addition, a court may order a corporation to indemnify a person to the extent the court determines that the person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances and without regard to whether the person satisfies the requirements for permissive indemnification (as described below) or has been found liable: (1) to the corporation; or (2) because the person improperly received a personal benefit, without regard to whether the benefit resulted from an action taken in the person's official capacity. A corporation may also indemnify (permissive indemnification) a current or former director or delegate who was, is, or is threatened to be made a respondent in a proceeding against a judgment and expenses that are reasonable and actually incurred by the person in connection with the proceeding, provided that the person acted in good faith; reasonably believed, in the case of conduct in the person's official capacity, that the person's conduct was in the corporation's best interests, and in any other case, that the person's conduct was not opposed to the corporation's best interests; and in the case of a criminal proceeding, the person did not have a reasonable cause to believe the person's conduct was unlawful. Where the person is found liable to the corporation or is found liable because the person improperly received a personal benefit, permissive indemnification is limited to the reasonable expenses actually incurred by the person in connection with a proceeding and does not include a judgment, penalty, fine, or excise or similar tax, including an excise tax assessed against the person with respect to an employee benefit plan. Permissive indemnification may not be made in relation to a proceeding in which the person has been found liable for willful or intentional misconduct in the performance of the person's duty to the corporation; breach of the person's duty of loyalty owed to the corporation; or an act or omission not committed in good faith that constitutes a breach of a duty owed by the person to the corporation. A corporation may indemnify an officer or employee of a corporation as provided in its certificate of formation or bylaws.

Section 8.01 of the Bylaws of KB HOME Lone Star Inc. provides that the corporation shall indemnify any person who was, is, or is threatened to be made a named defendant or respondent in a proceeding (defined as any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, arbitral, or investigative, any appeal in such an action, suit, or proceeding, and any inquiry or investigation that could lead to such an action, suit, or proceeding) because the person: (a) is or was a director or officer of the corporation or (b) while a director or officer of the corporation, is or was serving at the request of the corporation as a director, officer, manager, partner, member, venturer, proprietor, trustee, employee, agent, or similar functionary of, or as a representative of the corporation at or to, another foreign or domestic corporation, partnership, joint venture, sole proprietorship, trust, employee benefit plan, or other enterprise, to the fullest extent that a corporation may grant indemnification to a person serving in such capacity under the Texas Business Organizations Code or other applicable law, as the same exists or may hereafter be amended. Indemnification under Section 8.01 of a person who is or was an officer shall be made upon the same terms and conditions, in the same manner, and subject to the same limitations, as if such person were a director.

Section 8.02 of the Bylaws of KB HOME Lone Star Inc. provides that the right to indemnification under Section 8.01 shall be a contract right which shall survive the termination of any such person's service as a director or officer, shall not be adversely affected by any amendment of Article 8 of the Bylaws with respect to acts or omissions occurring or alleged to occur prior to any such amendment, and shall include the right to be paid by the corporation for all expenses incurred in defending any such proceeding in advance of its final disposition to the maximum extent permitted under the Texas Business Organizations Code or other applicable law, as the same exists or may hereafter be amended.

Table of Contents

Section 8.03 of the Bylaws of KB HOME Lone Star Inc. provides that the corporation may additionally indemnify any person covered by the grant of mandatory indemnification contained in Section 8.01 to such further extent as is permitted by law and may indemnify any other person to the fullest extent permitted by law.

Indemnification for Liabilities Arising under the Securities Act of 1933

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of each registrant pursuant to the foregoing provisions, or otherwise, each registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of a registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale

prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) Each undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of a registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) Each undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act (Act) in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.
