Composition of the Board of Directors

Following the 2004 annual meeting, provided that Mr. Hutts and Dr. Jacobson are reelected to the board, the board of directors has determined that a majority of the directors will be independent as required by the recently amended New York Stock Exchange listing requirements. The board has affirmatively determined by resolution that Messrs. Grua, Hutts, Lapham and Smith and Dr. Jacobson are independent within the meaning of the NYSE listing requirements, and the board has determined that none of them has a material relationship with Renal Care Group that would impair his independence from management or otherwise compromise his ability to act as an independent director.

Committees of the Board of Directors

The board of directors has established three committees, the nominating and governance committee, the audit and compliance committee and the compensation committee, each of which is composed solely of directors who are independent (as determined by our board of directors) for purposes of the NYSE listing requirements. The committees are described below.

Nominating and Governance Committee. Renal Care Group's nominating and governance committee is composed solely of independent directors and operates under a written charter that is available on our website at www.renalcaregroup.com (follow the Investors tab to Corporate Governance). This committee assists the board of directors in fulfilling its oversight responsibilities under the NYSE listing requirements and Delaware law. This committee is responsible for identifying individuals qualified to serve on the board of directors and recommending director nominees for selection by the full board of directors or shareholders in accordance with Delaware law and our Certificate of Incorporation and Bylaws. This committee is also responsible for identifying individuals qualified to serve as Chief Executive Officer and recommending CEO candidates to the full board of directors. This committee is also responsible for (1) adopting and evaluating our corporate governance guidelines and (2) periodically evaluating those guidelines for the purpose of suggesting appropriate improvements.

The board of directors has adopted Corporate Governance Guidelines recommended by the nominating and governance committee, which are available on our website at www.renalcaregroup.com (follow the Investors tab to Corporate Governance). The nominating and governance committee is chaired by Dr. Jacobson and also includes Mr. Lapham and Mr. Smith. The nominating and governance committee has recommended the reelection of Mr. Hutts and Drs. Jacobson and Lowery at the 2004 annual meeting of shareholders.

The nominating and governance committee evaluates candidates for the board of directors identified by its members, other board members, the company's management and shareholders. The nominating and governance committee from time to time may also retain a third-party search firm to identify qualified candidates for membership on the board of directors.

Once the nominating and governance committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation. In evaluating a prospective nominee, the committee may consider, among other things, the following:

the ability of the prospective nominee to represent the interests of our shareholders;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the performance of his or her duties;

Table of Contents

the extent to which the prospective nominee contributes to the range of talent, skill and expertise of the board of directors; and

the extent to which the prospective nominee helps the board of directors reflect the diversity of the company's shareholders, associates and patients.

After completing the evaluation, the nominating and governance committee makes a recommendation to the board of directors.

Audit and Compliance Committee. The members of Renal Care Group's audit and compliance committee are all financially literate and independent for purposes of audit committee membership under the NYSE listing requirements and rules of the Securities and Exchange Commission (SEC). The audit and compliance committee operates under a written charter that was included as an appendix to our proxy statement for the 2003 annual meeting of shareholders. The charter is also available on our website at www.renalcaregroup.com (follow the Investors tab to Corporate Governance). The audit and compliance committee engages the independent auditors, reviews the independence of the independent auditors, approves all audit and non-audit fees for services rendered by the independent auditors, approves the scope of the annual activities of the independent auditors and reviews audit results. This committee also reviews the accounting principles we use in financial reporting, our internal auditing procedures and the adequacy of our internal control procedures, all in conjunction with Renal Care Group's independent auditor. The audit and compliance committee also oversees the activities of our internal compliance committee and program and receives reports from that committee and our Compliance Officer.

In addition, the audit and compliance committee has established procedures for the receipt, retention and treatment of complaints received by Renal Care Group regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by employees of Renal Care Group of concerns regarding questionable accounting and auditing matters. The audit and compliance committee is chaired by Mr. Lapham and also includes Mr. Hutts, Mr. Grua and Mr. Smith. The board of directors has determined that Mr. Lapham qualifies as an audit committee financial expert under the SEC rules and also possesses accounting or related financial management expertise under the NYSE listing requirements.

Compensation Committee. Renal Care Group's compensation committee is composed solely of independent directors and operates under a written charter that is available on our website at www.renalcaregroup.com (follow the Investors tab to Corporate Governance). It is responsible for establishing salaries, bonuses and other compensation for our executive officers, including the Chief Executive Officer, and for administering Renal Care Group's stock option plans. The compensation committee is chaired by Mr. Hutts and also includes Mr. Grua and Dr. Jacobson.

Meetings

During 2003, the board of directors held four regularly scheduled meetings and nine special meetings. In addition, during 2003, the compensation committee met four times; the audit and compliance committee met four times; and the nominating and governance committee met three times. In addition, the chairman of the audit and compliance committee and other committee members met by telephone conference call with management and our internal and independent auditors to review our quarterly results before we released those results to the public. Each director attended at least 75% of the total number of meetings held by the board and its committees on which he served.

In addition, the non-management directors, Messrs. Grua, Hutts, Lapham and Smith and Drs. Jacobson and Lowery meet at regularly scheduled executive sessions without management. The independent directors under the NYSE listing requirements also meet separately in executive session at

least once a year. The chairs of our nominating and governance committee, audit and compliance committee and compensation committee rotate serving as the presiding director at the executive sessions of our non-management directors and independent directors. Interested parties may send communications to the chair of each of our standing board committees or the non-management directors as a group by writing to Non-Management Directors, c/o Secretary, Renal Care Group, Inc., 2525 West End Avenue, Suite 600, Nashville, Tennessee 37203.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16 of the Exchange Act, our directors, executive officers and any person holding more than 10% percent of our common stock are required to report their ownership of common stock and any changes in that ownership to the SEC and the New York Stock Exchange. SEC regulations require these persons to furnish copies of these reports to us. Specific due dates for these reports have been established, and Renal Care Group must report any failure to make required filings in 2003 in this annual report. Based solely on a review of the reports furnished to us or written representations from the company's directors, officers and ten percent beneficial owners, all of these reporting requirements were satisfied with the exception of the following: Form 4 filed by each of Messrs. Hutts, Lapham and Dr. Jacobson in connection with the grant of options to purchase 5,625 shares of common stock to each of them; Form 4 filed by Dr. McMurray in connection with the company's grant of options to purchase 15,000 shares of common stock to his spouse, the exercise of options to purchase 22,500 shares of common stock by his spouse and the sale of 5,000 shares of common stock by Dr. McMurray; Form 4 filed William P. Johnston in connection with the grant of options to purchase 16,875 shares of common stock; and Form 4 filed by Timothy P. Martin in connection with the exercise of options to purchase 16,250 shares of common stock.

Code of Ethics

We have adopted a code of ethics that applies to all of our directors, officers and employees. This code is publicly available in the investor relations area of our website at www.renalcaregroup.com. Copies of our code of ethics may also be requested in print by writing to Investor Relations at Renal Care Group, Inc., 2525 West End Avenue, Suite 600, Nashville, Tennessee 37203.

Compensation of Directors

Members of the board of directors who are employees of Renal Care Group do not receive any compensation for serving on the board of directors. In 2004, each non-employee member of the board will receive an annual retainer of \$30,000, a fee of \$5,000 for each meeting of the board he attends and a fee of \$1,000 for each committee meeting he attends. In 2004, committee chairs will receive an additional annual fee of \$5,000. In 2004, Mr. Johnston, as Chairman of the Board, will receive base compensation in the amount of \$420,000. He will receive no additional per meeting fees. Mr. Johnston will be eligible for bonuses in the discretion of the board and stock option grants in the discretion of the compensation committee. Mr. Johnston was paid \$292,308 during 2003 for his services as Chairman and was granted options to purchase 16,875 shares of common stock with an exercise price of \$30.00 per share.

All directors, including members who are employees, receive reimbursement of out-of-pocket expenses incurred in connection with attending meetings of the board of directors or its committees.

We maintain the Renal Care Group, Inc. 1996 Stock Option Plan for Outside Directors to provide for grants of options to our non-employee directors. Currently, this plan provides for automatic grants to directors who are (1) not employees; (2) not the Chairman or Vice Chairman of the board of directors; and (3) not a party to, and whose medical practices are not a party to, a medical director agreement with Renal Care Group that is in force. This plan provides for an initial grant to each eligible director of 11,250 shares on the date such person first becomes a director and subsequent annual grants of options to purchase 5,625 shares of common stock following each annual meeting. The annual grants are made on the day following each annual meeting of shareholders.

Employment Agreements

We have entered into employment agreements with Mr. Brukardt, Mr. Chappell, Mr. Dill, Dr. Hakim and Mr. Martin, as well as some other key associates. The term of the employment agreement for Mr. Brukardt commenced on April 28, 2003; the term of Mr. Chappell's commenced on January 1, 2004; the term of Mr. Dill's commenced on November 3, 2003; the term of Dr. Hakim's commenced on December 15, 2003; and the term of Mr. Martin's commenced on November 30, 2003. Each of these employment agreements has a term of three years with successive one-year renewal terms. Each of these employment agreements contains restrictive covenants that prohibit the officer from competing with Renal Care Group for one year after the end of the employment term, unless the employment agreement is terminated following a change in control.

The annual salaries of the executive officers as set forth in the employment agreements are \$550,000, \$270,000, \$275,000, \$400,000 and \$300,000 for Mr. Brukardt, Mr. Chappell, Mr. Dill, Dr. Hakim and Mr. Martin, respectively. These salaries are subject to adjustment by the compensation

committee. Each executive officer is eligible under his employment agreement for bonuses at the sole discretion of the compensation committee.

The employment agreements also provide for severance of (i) salary for 12 months if the officer is terminated without cause; (ii) salary for one month if the officer is terminated for cause; (iii) salary (plus target bonus) for 36 months if the officer is terminated within 12 months of a change in control of Renal Care Group either (A) without cause or (B) by resignation of the officer as a result of declining to accept reassignment to a job that is not the equivalent of his then current position; or (iv) salary (plus target bonus) for 24 months if the officer resigns 12 months after a change in control. If any of the executive officers receives severance that would result in the imposition of excise tax under Section 4999 of the Code, then he will be entitled to the amount described above plus a gross-up payment, if necessary, to reimburse him for any such excise tax plus all federal, state and local income and excise taxes imposed on such gross-up payment. In addition, following a change in control, if any of the above officers resigns for any reason or is terminated without cause, the non-competition covenants set forth in his employment agreement will become null and void.

Prior to his death, Mr. Brooks was a party to an employment agreement with the company that had substantially similar terms to those of the other executive officers. The company also adopted a defined benefit plan for Mr. Brooks in 2003. That defined benefit plan is discussed below.

Prior to his resignation, Mr. Allison was also a party to an employment agreement with the company that had substantially similar terms to those of the other executive officers. Upon his resignation, Mr. Allison received a severance payment of \$540,000.

Defined Benefit Plan

In January 2004, the board of directors approved a retirement benefit plan for Mr. Brooks, our former Chairman, Chief Executive Officer and President. The plan provides that the company will make 120 monthly payments of \$50,000 to Mr. Brooks or his estate beginning on his death or retirement. Mr. Brooks died in March 2003, and we made the first payment under this plan in May 2003. The plan also provides that the company will maintain health coverage for Mr. Brooks' surviving spouse for ten years.

Compensation Committee Interlocks and Insider Participation

Members of the compensation committee during 2003 were Mr. Hutts, Mr. Lapham and Dr. Jacobson.

Dr. Jacobson currently serves as Vice Chancellor of Health Affairs at Vanderbilt University Medical Center. We are a party to two Dialysis Center Management Agreements with Vanderbilt University Medical Center (VUMC) pursuant to which we manage VUMC's outpatient dialysis centers. Each agreement has a one-year term that is automatically renewed each year unless either party cancels the agreement at least 90 days prior to the end of the current term. We received approximately \$805,000 pursuant to these agreements for the year ended December 31, 2003.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

Medical Director Arrangements

Dr. Lowery is a partner in Tyler Nephrology Associates, P.A., a practice group currently consisting of eight nephrologists. Renal Care Group entered into a Medical Director Agreement with that practice group effective as of February 12, 2003. The Medical Director Agreement has a term of seven years with successive renewal terms of three years each and provides for medical director fees of \$532,000 subject to agreed adjustments. During 2003, Renal Care Group paid Tyler Nephrology Associates, P.A. a total of \$701,622 under this agreement.

Dr. McMurray is a member of Indiana Dialysis Management, a division of Indiana Medical Associates, a 46-member multi-specialty practice group. Renal Care Group entered into a Medical Director Agreement dated February 12, 1996 with the predecessor of that practice group. The Medical Director Agreement has a term of seven years with successive renewal terms of three years each and provides for medical director fees of \$326,000 subject to agreed adjustments. During 2003, Renal Care Group paid Indiana Dialysis Management a total of \$620,000 under this agreement.

We believe that each of the foregoing agreements was obtained on terms no less favorable to the company than could be obtained from unaffiliated third parties. The terms of each Medical Director Agreement were determined by arm's-length negotiations between Renal Care Group and the practices, with the member of the board of directors taking no part in Renal Care Group's review or negotiation of the relationship.

Consulting Services

Renal Care Group entered into an Independent Contractor Agreement with Dr. McMurray, dated November 20, 1997, pursuant to which Dr. McMurray receives \$12,000 per month in connection with services provided to the company. Dr. McMurray received \$144,000 under this agreement during 2003.

Table of Contents

Barbara McMurray, Dr. McMurray's spouse, is an employee of Renal Care Group, serving as Vice President, Operations Development. In 2003, Ms. McMurray received a base salary of \$150,734 plus bonuses of \$50,888.

Relationship with Indiana Dialysis Management

Renal Care Group and Indiana Dialysis Management formed two joint ventures in 2001, each of which owns and operates one dialysis center in or near Fort Wayne, Indiana. Indiana Dialysis Management owns a 30% interest in one of the joint ventures and 40% in the other. The agreements for these joint ventures require all members of the joint venture to contribute in cash their share of all capital (including working capital) to operate the business and provide for distributions out of net cash flow strictly in accordance with the members' interests. During 2001, Indiana Dialysis Management contributed \$380,000 to the capital of one of these two joint ventures and \$351,493 to the capital of the other. During 2003, the members of these joint ventures received distributions equal to \$90,000. The formation of these joint ventures was reviewed by the audit and compliance committee and was approved by the full board of directors, with Dr. McMurray not taking part in the deliberations.

Leases of Real Property

Dr. Lowery owns a 37% interest in real property and improvements that we lease and use in the operation of two of our dialysis centers, one located in Carthage and the other Tyler, Texas. Each lease is a triple net lease with rent payable at \$12.00 per square foot per year. The Tyler lease requires a gross payment of \$20,092 per month, and the Carthage lease requires a gross payment of \$2,479 per month. Each lease has an initial term of ten years with two additional five-year renewal options. The amount of rent is subject to a consumer price index adjustment after the initial five-year period. During 2003, Renal Care Group paid approximately \$260,660 in rent under these leases net of amounts attributable to subleases.

We believe that the foregoing leases were obtained on terms no less favorable than could be obtained from unaffiliated third parties.

Company Policy

Our policy is that transactions with affiliates must be reviewed by the audit and compliance committee and approved by a majority of the disinterested members of the board of directors and that the transactions will be made on terms no less favorable to Renal Care Group than could be obtained from unaffiliated third parties.

The audit and compliance committee determined that the services rendered and the fees billed last year that were not related to the audit of our financial statements are compatible with the independence of Ernst & Young as our independent auditors. Our audit committee approves all fees to be paid for audit and non-audit services of Ernst & Young prior to engagement.
