DECKERS OUTDOOR CORPORATION

Notice is hereby given that the Annual Meeting of Stockholders (the "Annual Meeting") of Deckers Outdoor Corporation, a Delaware corporation (the "Company"), will be held at the offices of Sheppard, Mullin, Richter and Hampton LLP, 800 Anacapa Street, Santa Barbara, California 93101, on Monday, June 7, 2004, beginning at 3:00 p.m., local time. The Board of Directors has fixed April 15, 2004 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting and any postponements or adjournments thereof, and only stockholders of record at the close of business on that date are entitled to such notice and to vote at the Annual Meeting.

A list of stockholders entitled to vote at the Annual Meeting will be available at the offices of the Company for ten (10) days prior to the Annual Meeting.

We hope that you will use this opportunity to take an active part in the affairs of the Company by voting on the business to come before the Annual Meeting either by executing and returning the enclosed Proxy Card or by casting your vote in person at the Annual Meeting.

ANNUAL MEETING OF STOCKHOLDERS

To be Held June 7, 2004

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Deckers Outdoor Corporation, a Delaware corporation (the "Company"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at 3:00 p.m., local time, on June 7, 2004, at the offices of Sheppard, Mullin, Richter and Hampton LLP, 800 Anacapa Street, Santa Barbara, California 93101, and any postponements or adjournments thereof for the purposes set forth in the accompanying Notice of Annual Meeting. This Proxy Statement and the accompanying Form of Proxy were first mailed to stockholders on or about May 3, 2004.

RECORD DATE AND VOTING

April 15, 2004 has been fixed as the record date (the "Record Date") for the determination of stockholders entitled to notice of and to vote at the Annual Meeting and any postponements or adjournments thereof. As of April 15, 2004, there were outstanding 9,788,881 shares of the Company's common stock, par value \$.01 per share (the "Common Stock"). A majority of the shares of Common Stock entitled to vote, present in person or represented by proxy, will constitute a quorum at the meeting.

Each share of Common Stock issued and outstanding on the Record Date is entitled to one vote on any matter presented for consideration and action by the stockholders at the Annual Meeting. With respect to all matters, other than the election of the directors, the affirmative vote of a majority of shares of the Company's Common Stock present in person or represented by proxy at the meeting and entitled to vote on the subject matter will be the act of the stockholders. Directors will be elected by a plurality of the votes of the shares of the Company's Common Stock present in person or represented by proxy and entitled to vote on the election of directors. An abstention on any proposal submitted to the stockholders, other than the election of directors, will be included in the number of votes cast on that proposal and, accordingly, will have the effect of a vote AGAINST the proposal. Unless otherwise instructed, proxies solicited by the Company will be voted FOR the nominees named herein for election as directors, FOR ratification of the selection of KPMG LLP as the Company's independent auditors, and in their discretion upon such other business as may properly come before such meeting or any and all postponements or adjournments thereof.

If any other matters are promptly presented for consideration at the annual meeting including, among other things, consideration of a motion to adjourn the meeting to another time or place in order to solicit additional proxies in favor of the nominee of the Board of Directors, the persons named as proxies and acting thereunder will have discretion to vote on these matters according to their best judgement to the same extent as the person delivering the proxy would be entitled to vote. At the date this proxy statement went to press, we did not anticipate any other matter would be raised at the annual meeting.

With respect to brokers who are members of a stock exchange, the exchange rules generally require that when shares are registered in street or nominee name, its member brokers must receive specific instructions from the beneficial owners in order to vote on certain proposals. However, the exchange rules do not require specific instructions in order for a broker to vote on the election of the Class II directors and on ratification of the selection of the Company's independent auditors. If a member broker indicates on the proxy that such broker does not have discretionary authority as to certain shares to vote on any proposal that does require specific instructions, those shares will not be considered as present and entitled to vote with respect to that proposal, and accordingly will have the effect of reducing the number of affirmative votes needed to approve the proposal.

A stockholder giving a proxy has the power to revoke it at any time before it is exercised by giving written notice of revocation to the Secretary of the Company, by executing a subsequent proxy, or by attending the Annual Meeting and voting in person. Subject to any such revocation, all shares represented by properly executed proxies will be voted in accordance with the specifications on the enclosed proxy card.

Nominating Procedures and Criteria

Among its functions, the Corporate Governance and Nominating Committee considers and approves nominees for election to the Board of Directors. In addition to the candidates proposed by the Board of Directors or identified by the committee, the committee considers candidates for director suggested by stockholders. Stockholder nominations that meet the criteria outlined below will receive the same consideration that the committee's nominees receive.

Essential criteria for all candidates considered by the Nominating and Governance Committee include the following: integrity and ethical behavior, maturity, management experience and expertise, independence and diversity of thought and broad business or professional experience, with an understanding of business and financial affairs, and the complexities of business organizations.

In evaluating candidates for certain Board positions, the committee evaluates additional criteria, including the following: financial or accounting expertise; industry expertise; accomplishment in designing, marketing, manufacturing, distribution and licensing of footwear, apparel and accessories; business and other experience relevant to public companies of a size comparable to the Company; and experience in investment banking, commercial lending or other financing activities.

In selecting nominees for the Board of Directors, the committee evaluates the general and specialized criteria set forth above, identifying the relevant specialized criteria prior to commencement of the recruitment process, considers previous performance if the candidate is a candidate for re-election, and generally considers the candidate's ability to contribute to the success of the Company.

The Board of Directors' nominees for the Meeting have been recommended by the Nominating and Governance Committee, as well as the full Board of Directors.

Stockholders did not propose any candidates for election at the Meeting.

Employment Agreements

Effective January 1, 2004, the employment agreement for Douglas B. Otto was amended and extended through 2007. For 2004, Mr. Otto's compensation includes a base salary of \$345,000 and a target bonus of \$207,000, based upon the achievement of certain performance criteria. In the event that performance targets are surpassed, the bonus earned can exceed the target bonus amount. If Mr. Otto's employment agreement is terminated for any reason, including termination within two years of a Change in Control, the Company will pay Mr. Otto severance in the amount of three times his annual base salary in effect immediately prior to the time such termination occurs, plus the greater of (x) three times the targeted Incentive Bonus immediately prior to the time such termination occurs or (y) three times the average actual Incentive Bonus for the previous three years, whichever is greater.

Effective January 1, 2004, the other Named Executive Officers entered into separate employment agreements with the Company, which will continue until December 31, 2005. The agreements provide for base salaries in the amounts of \$160,000, \$167,000, \$165,000 and \$168,000 for Constance X. Rishwain, Patrick C. Devaney, M. Scott Ash and Robert P. In the event that performance targets are surpassed, the bonus earned can exceed the target bonus amount. The agreements also provide for severance payments to be made in the event of termination, excluding "For Cause" as defined therein,

and including termination within two

years of a Change in Control by the Company without cause or by the Named Executive Officers for good reason. The amount of severance pay ranges from one half to one and one-half times the respective executive's annual base salary plus, if there is a change in control, the greater of (x) one and one-half times the targeted Incentive Bonus immediately prior to the time such termination occurs or (y) one and one-half times the average actual Incentive Bonus for the previous three years, whichever is greater.

CERTAIN TRANSACTIONS

In February 2002, we agreed to guarantee up to \$1,000,000 of principal for a home construction bank loan of Doug Otto for up to three years. We provided the guarantee on behalf of Mr. Otto in order to avoid any need for Mr. Otto to sell a portion of his common stock in our Company. During 2003, the largest amount outstanding at any time on the loan from the bank to Mr. Otto was \$1,800,000, and the amount outstanding at December 31, 2003 was \$1,000,000, although we still only guaranteed up to \$1,000,000. The loan matures on June 1, 2004.

In December 2003, the Company repurchased all of the outstanding convertible preferred stock of \$5,500,000 from Mark Thatcher. In connection with the repurchase, the Company paid Mr. Thatcher a premium of approximately \$438,000.

In November 2002, the Company entered into an employment agreement with Mark Thatcher as part of its acquisition of the Teva Rights from Mr. Thatcher. In exchange for his services as an advisor on Teva matters, the Company has agreed to pay Mr. Thatcher an annual salary of \$276,875 through 2007. Mr. Thatcher currently beneficially owns approximately 7.8% of the Company's common stock.

REPORT OF THE COMPENSATION COMMITTEE

ON EXECUTIVE COMPENSATION

The Compensation Committee (the Committee) of the Board of Directors, consists entirely of directors who have never served as officers or employees of the Company or any of its subsidiaries. The Committee determines and administers the compensation of the Company's executive officers. Set forth below are the principal factors underlying the Committee's philosophy used in setting compensation.

Compensation Philosophy At the direction of the Board of Directors, the Committee endeavors to ensure that the compensation programs for executive officers of the Company and its subsidiaries are competitive and consistent in order to attract and retain key executives critical to the Company's long-term success. The Committee believes that the Company's overall financial performance should be an important factor in the total compensation of executive officers. At the executive officer level, the Committee has a policy that a significant proportion of potential total compensation should consist of variable, performance-based components, such as stock options, stock awards and bonuses, which can increase or decrease to reflect changes in corporate and individual performance. These incentive compensation programs are intended to reinforce management's commitment to enhancement of profitability and stockholder value.

The Committee takes into account various qualitative and quantitative indicators of corporate and individual performance in determining the level and composition of compensation for the chief executive officer and other executive officers. The Committee considers such corporate performance measures as net sales, open orders, net income, earnings per share and similar quantitative measures. The Committee also appreciates the importance of achievements that may be difficult to quantify, and accordingly recognizes qualitative factors, such as successful supervision of major corporate projects, demonstrated leadership ability and contributions to industry and community development. For 2003, the most important qualitative factors in determining incentive compensation awards to executive officers were the Committee's assessments of their contributions to the Company's sales, open orders, and earnings per share.

The Committee also evaluates the total compensation of the Company's chief executive officer and other executive officers in light of information regarding the compensation practices and corporate financial performance of similar companies in the Company's industry. However, the Committee does not target a

specific percentile range within the peer group compensation structure in determining compensation for executive officers. From time to time, the Committee also receives assessments and advice regarding the Company's compensation practices from independent compensation consultants.

Relationship of Performance to Compensation Compensation that may be earned by the executive officers in any fiscal year consists of base salary, cash bonus and stock options. Salaries are reviewed periodically and adjusted as warranted to reflect sustained individual performance. The Committee focuses primarily on total annual compensation, including incentive awards and cash bonuses, rather than base salary alone, as the appropriate measure of executive officer performance and contribution.

The executive officers receive incentive compensation awards based on individual goals and milestones established for each officer at the beginning of each year and other factors as determined by the Committee. Such officers receive compensation for the subsequent attainment of these goals.

The 1993 Plan authorizes the Committee to make grants and awards of stock options, stock appreciation rights, restricted stock and other stock-based awards. The Committee grants stock options to executive officers, as well as other employees and consultants of the Company and its subsidiaries below the executive officer level. Executive officers are eligible to receive stock option grants, which the Committee approves from time to time as it deems appropriate.

In approving grants and awards under the 1993 Plan, the quantitative and qualitative factors and industry comparisons outlined above will be considered. The number of options previously awarded to and held by executive officers is reviewed but is not an important factor in determining the size of current option grants.

To the extent readily determinable and as one of the factors in its consideration of compensation matters, the Committee considers the anticipated tax treatment to the Company and to the executives of various payments and benefits. Some types of compensation payments and their deductibility (e.g., the spread of exercise of non-qualified options) depend upon the timing of an executive's vesting or exercise of previously granted rights. Further, interpretations of and changes in the tax laws and other factors beyond the Committee's control also affect the deductibility of compensation.

Chief Executive Officer Compensation Douglas B. Otto entered into an employment agreement, effective January 1992, and subsequently extended through 2007. For 2003, his employment agreement provided for an annual salary of \$345,000, based on an assessment and recommendation performed by an independent compensation consultant. The amounts of Mr. Otto's bonuses are determined by the Compensation Committee and are based upon a combination of factors, weighted heavily toward the sales, open orders and operating results of the Company. For 2003, Mr. Otto's bonus was \$813,000.

For 2003, the Committee based the majority of Mr. Otto's bonus on several criteria established at the beginning of the year which were focused primarily on the Company's ability to achieve targeted goals for sales, open orders and earnings. In 2003, under the direction of Mr. Otto, the Company exceeded the targeted goals for each of these areas. In 2003, the Company had record sales of \$121.1 million and record operating income of \$19.4 million; generated cash flow from operations of \$17.6 million, up 121% from that in 2002; improved the balance sheet by repurchasing all \$5.5 million of outstanding preferred stock while repaying \$4 million of subordinated debt approximately four years ahead of schedule; and experienced a 514% increase in stock price for the year.

In December 2003 and in February 2004, the Committee established the compensation of the Company's Chief Executive Officer and its other executive officers for fiscal year 2004. In each case, the Committee's decision was based upon the principles and procedures outlined above.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee is currently composed of three directors, each of whom is independent as defined by the National Association of Securities Dealers' listing standards and who meet the expertise requirements under such standards. The Audit Committee operates under a written charter approved by the Board of Directors.

Management is responsible for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. The Board of Directors has determined that John M. Gibbons, the Chairman of the Audit Committee, is an audit committee financial expert and is independent.

In connection with these responsibilities, the Audit Committee met with management and the independent auditors to review and discuss the December 31, 2003 consolidated financial statements. The Audit Committee also discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees) which includes, among other items, information regarding the conduct of the audit of the Company's consolidated financial statements. The Audit Committee also received written disclosures from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with KPMG LLP that firm's independence from the Company and its management. The Audit Committee has further considered the compatibility of the services provided by KPMG LLP with that firm's independence.

Based upon the Audit Committee's review and discussions with management and independent auditors, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K as of and for the year ended December 31, 2003, to be filed with the Securities and Exchange Commission.

No similar fees were incurred in 2003.

The Company has been advised by KPMG LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries. One or more representatives of KPMG LLP will be present at this year's Annual Meeting of Stockholders. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Ratification of the appointment of the independent auditors requires the affirmative vote of a majority of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the Annual Meeting of Stockholders. If the stockholders should not ratify the appointment of KPMG LLP, the Audit Committee will reconsider the appointment.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee administers the Company's engagement of KPMG LLP and pre-approves all audit and permissible non-audit services on a case-by-case basis. In approving non-audit services, the Audit Committee considers whether the engagement could compromise the independence of KPMG LLP, and whether for reasons of efficiency or convenience it is in the best interest of the Company to engage its independent auditor to perform the services. The audit committee has determined that performance by KPMG LLP of the non-audit services listed above did not affect their independence.

Prior to engagement, the Audit Committee pre-approves all independent auditor services. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires that those services be submitted to the committee for specific pre-approval before the Company can engage for them.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated reports any pre-approval decisions to the Audit Committee at its next scheduled meeting.
