The Pre-Tax Savings Plan Committee

Cooper Tire & Rubber Company

Pre-Tax Savings Plan (Texarkana)

We have audited the accompanying statements of net assets available for benefits of the Cooper Tire & Rubber Company Pre-Tax Savings Plan (Texarkana) (the Plan) as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting, as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in its net assets available for benefits for the year ended December 31, 2006, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2006, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

/s/ Ernst & Young LLP

Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Texarkana)
Notes to Financial Statements
December 31, 2006

1. Description of Plan

The following description of Cooper Tire & Rubber Company Pre-Tax Savings Plan (Texarkana) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated effective December 1, 2006, is a defined contribution plan covering all hourly employees who have completed 30 days of continuous credited service and are covered by the collective bargaining agreement between the United Steelworkers of America Local #752 and Cooper Tire & Rubber Company (the Company and Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan had a trust agreement with National City Bank to act as trustee and recordkeeper of the Plan's assets. During 2006, the Plan established a trust agreement with Principal Financial Group (the Trustee), effective December 1, 2006, to act as trustee and recordkeeper of the Plan's assets. The Trustee administers and invests the Plan's assets and income there from for the benefit of the Plan's participants. The Plan's assets were transferred from National City Bank to Principal Financial Group in December 2006.

Contributions

Each year, participants may contribute up to 15% of their pretax compensation. Participants may direct their contributions to any of the Plan's investment fund options.

The Company contributions to the Plan are made annually as provided in the Plan document and at the discretion of the Company's Board of Directors. All employer contributions are invested in Cooper Tire & Rubber Company common stock. Effective December 1, 2006, in the amended and restated Plan, participants may direct employer contributions immediately upon receipt. There were no Company contributions to the Plan for the year ended December 31, 2006.

Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Texarkana)
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

The participants are immediately vested in their contributions plus actual earnings thereon. Effective December 1, 2006, in the amended and restated Plan, the participants are 100% vested in the Company's contributions plus actual earnings thereon after three years.

Participant Accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Company's contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

At December 31, 2006, there were no forfeited nonvested accounts held in the plan. Future employer contributions can be reduced by future amounts forfeited by participants. There were no employer contributions made in 2005 or 2006.

Participant Loans

Under the Plan, participants may borrow the lesser of 50% of the vested value of their entire account or \$50,000. The interest rate is established based on the prime rate. Interest rates as of December 31, 2006, range from 4.0% to 8.25%. The loan repayment schedule can be no longer than 60 months. Principal and interest is paid ratably through payroll deductions.

Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Texarkana)
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Withdrawals

In the event of retirement, death, termination, permanent disability, or other separation from service, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payments of benefits are taken in a lump sum distribution. Under the Plan the participants who are entitled to a benefit for the reasons outlined above will have their vested balance automatically distributed if their vested balance is less than \$1,000 and rolled over to an IRA account administered by the trustee if their vested balance is greater than \$1,000 but less than \$5,000.

In the event of hardship, as defined by the plan, participants may make a partial or full distribution of their accounts, subject to certain tax withholdings.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right, under the Plan to discontinue contributions any time, and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Participant withdrawals are recorded upon distribution.

Investment Valuation and Recognition

The shares of common stock are valued at quoted market prices on the last business day of the plan year. The shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The fair value of participation units in the pooled separate accounts are based on the quoted market price of the underlying securities and

Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Texarkana)
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

the number of units owned by the Plan at year-end. Participation units in the Invesco Stable Value fund are valued at a unit price determined by the portfolio's sponsor based on the fair value of the underlying assets held by the portfolio. The participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

The Company pays the administrative expenses of the Plan, unless the expenses relate to certain participant directed transactions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncement

In December 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP). The FSP defines the circumstances in which an investment contract is considered fully benefit responsive and provides certain reporting and disclosure requirements for fully benefit responsive investment contracts in defined contribution health and welfare and pension plans. The financial statement presentation and disclosure provisions of the FSP are effective for financial statements issued for annual periods ending after December 15, 2006, and are required to be applied retroactively to all prior periods presented for comparative purposes. The Plan has adopted the provisions of the FSP at December 31, 2006.

As required by the FSP, investments in the accompanying Statements of Net Assets Available for Benefits include fully benefit responsive investment contracts recognized at fair value.

Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Texarkana)
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

AICPA Statement of Position 94-4-1, *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined Contribution Pension Plans*, as amended, requires fully benefit responsive investment contracts to be reported at fair value in the Plan's Statement of Net Assets Available for Benefits with a corresponding adjustment to reflect these investments at contract value. The requirements of the FSP have been applied retroactively to the Statement of Net Assets Available for Benefits, as of December 31, 2005, presented for comparative purposes. Adoption of the FSP had no effect on the Statement of Changes in Net Assets Available for Benefits for any period presented.

Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Texarkana)
Notes to Financial Statements (continued)

3. Investments

During 2006, the Plan's investments (including investments purchased, sold, as well as held during the year) (depreciated) appreciated in fair value as follows:

	Net Realized and Unrealized (Depreciation) Appreciation in Fair Value of Investment
Interest in investment trust	\$ (1,197,858)
Pooled separate accounts	152,578
Common stock	858,817
Mutual funds	948,174
	\$ 761,711

Investments in mutual funds, common stock, and pooled separate accounts that represent 5% of the fair value of the Plan's net assets available for benefits are as follows:

	December 31	
	2006	2005
American Washington Mutual Investors Fund	\$	\$3,545,578
Investment Company of America Fund		1,884,777
Allegiant Large Cap Value I Fund	2,386,820	
Cooper Tire & Rubber Company Common Stock	11,931,582	
Principal Partners Lg-Cap Value Separate Account	4,379,391	

Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Texarkana)
Notes to Financial Statements (continued)

4. Investment Trust

At December 31, 2006 and 2005, certain investments of the Plan were held in an Investment Trust, which also combined similar investments of the other defined contribution plans sponsored by the Company. Each participating retirement plan has an undivided interest in the Investment Trust. Cooper Tire & Rubber Company common stock was held in the Investment Trust, until November 30, 2006. The Plan's interest in the Investment Trust was determined by the Plan's relative asset value to the Investment Trust's total asset value at the end of the year. Investment income was allocated to the Plan based on its pro rata share in the net assets of the Investment Trust. Due to the change in Plan trustees, the investments in Cooper Tire & Rubber Company common stock are no longer held in the Investment Trust. These assets were identified and allocated to each participating retirement plan.

At December 31, 2006 and 2005, the Plan's interest in the net assets of the Investment Trust was approximately 11.1% and 11.6%, respectively.

The following presents the fair value of the investments in the Investment Trust:

	December 31	
	2006	2005
Investments, at fair value:		
Cooper Tire & Rubber Company common stock	\$	\$ 85,020,990
Fully benefit-responsive investment contracts	81,983,003	90,449,621
Money market mutual fund		2,649,180
Total assets, at fair value	81,983,003	178,119,791
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	187,972	(72,232)
Total assets	\$ 82,170,975	\$ 178,047,559

Cooper Tire & Rubber Company
 Pre-Tax Savings Plan (Texarkana)
 Notes to Financial Statements (continued)

4. Investment Trust (continued)

Investment income (loss) for the Investment Trust for the year ended December 31, 2006, is as follows:

Interest and dividends	\$ 5,778,228
Net depreciation in fair value of investments as determined by the quoted market price:	
Investment contracts	302,596
Common stock	(10,820,846)
	\$ (4,740,022)

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated July 2, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Cooper Tire & Rubber Company
 Pre-Tax Savings Plan (Texarkana)
 Notes to Financial Statements (continued)

6. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by the trustees, National City Bank and Principal Financial Group, and, therefore, these transactions qualify as party-in-interest transactions. There have been no known prohibited transactions with a party in interest.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the fair value of investment securities will occur in the near term and such that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Reconciliation of Form 5500 to Net Assets Available for Benefits, at Contract Value

The following table reconciles the Form 5500 filed with the IRS to net assets available for benefits at December 31, 2006. Form 5500 reports net assets at fair value and the financial statements report at contract value. Form 5500 does not report on a comparative basis, therefore December 31, 2005 does not change.

	December 31, 2006
Net assets available for benefits, Form 5500	\$ 32,715,807
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	20,897
Net assets available for benefits, at Contract Value	\$ 32,736,704
