ITEM 1 -- ELECTION OF TRUSTEES

The Board of Trustees, which oversees the Trust, provides broad supervision over the affairs of the Trust. Those Trustees who are not "interested persons" (as defined in the Investment Company Act of 1940, as amended (the "1940 Act")) of your Trust or of MFS are referred to as "Independent Trustees" throughout this Proxy Statement. MFS is responsible for the investment management of the Trust's assets and for providing a variety of other administrative services to the Trust. The officers of the Trust are responsible for its operations.

The Board has fixed the number of Trustees of the Trust at twelve. Under the provisions of the Trust's Declaration of Trust, the Trustees are divided into three classes, each having a term of three years. The Nomination and Compensation Committee has selected and nominated, and recommended that the Board nominate, for election by shareholders J. Atwood Ives, William R. Gutow, Michael Hegarty, and Robert W. Uek as Trustees of the class whose term will expire at the 2011 Annual Meeting of Shareholders (or special meeting in lieu thereof) of the Trust, to hold office until his successor is elected and qualified, and the Board of Trustees has nominated such individuals. Each nominee is presently a Trustee of the Trust and has agreed to serve as a Trustee of the Trust if elected. The Board of Trustees recommends that you vote in favor of their election.

It is intended that, absent contrary instructions, proxies will be voted in favor of electing Messrs. Ives, Gutow, Hegarty, and Uek. If, before the Meeting, any nominee refuses or is unable to serve, or if any of the nominees is unavailable at the time of the Meeting, and such refusal or inability to serve or unavailability is not anticipated, the Trustees may vote for other nominees at their discretion, or the Trustees may fix the number of Trustees at fewer than twelve for the Trust. Under the terms of the Trust's retirement policy, the Trustees have a mandatory retirement age of 73 years.

The following table presents certain information regarding the current Trustees of the Trust, including their principal occupations, which, unless specific dates are shown, are of more than five years duration, although the titles may not have been the same throughout.

AUDIT COMMITTEE

The Trust's Audit Committee consists only of Independent Trustees, each of whom is also independent of the Trust as defined by New York Stock Exchange Listing Standards. The Audit Committee's report on the Trust's most recent audited financials is included below under the heading "Independent Registered Public Accounting Firm." The Trust's Board has adopted a written charter for the Audit Committee. A copy of the Committee's charter is available on MFS.com.

NOMINATION AND COMPENSATION COMMITTEE

The Trustees have adopted a written charter for the Nomination and Compensation Committee. A copy of the Committee's charter is available on MFS.com.

The Trust's Nomination and Compensation Committee consists only of Independent Trustees, each of whom is also independent of the Trust as defined by New York Stock Exchange Listing Standards.

The Nomination and Compensation Committee requires that Trustee candidates have a college degree or equivalent business experience, but has not otherwise established specific, minimum qualifications that must be met by an individual to be considered by the Committee for nomination as a Trustee. The Nomination and Compensation Committee may take into account a wide variety of factors in considering Trustee candidates, including, but not limited to: (i) availability and commitment of a candidate to attend meetings and perform his or her responsibilities to the Board; (ii) relevant industry and related experience; (iii) educational background; (iv) financial expertise; (v) an assessment of the candidate's ability, judgment and expertise; (vi) overall diversity of the

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

composition of the Board; and (vii) such other factors as the Committee deems appropriate. The Nomination and Compensation Committee may consider candidates for Trustee recommended by current Trustees, officers or shareholders or by MFS or any other source deemed appropriate by the Nomination and Compensation Committee. The Nomination and Compensation Committee may, but is not required to, retain a third-party search firm at the Trust's expense to identify potential candidates.

The Nomination and Compensation Committee will review and consider nominees recommended by shareholders to serve as Trustee, provided that the recommending shareholder follows the Procedures for Shareholders to Submit Nominee Candidates, which are set forth as Appendix B to the Trust's Nomination and Compensation Committee Charter (which is available on MFS.com). Among other requirements, these procedures provide that the recommending shareholder must submit any recommendation in writing to the Trust, to the attention of the Trust's Secretary, at the address of the principal executive offices of the Trust. Any recommendation must include certain biographical information and other information regarding the candidate and the recommending shareholder, and must include a written and signed consent of the candidate to be named as a nominee and to serve as a Trustee if elected. The foregoing description is only a summary.

The Nomination and Compensation Committee has full discretion to reject nominees recommended by shareholders, and there is no assurance that any such person properly recommended and considered by the Committee will be nominated for election to the Board of the Trust.

SHARE OWNERSHIP

As of August 4, 2008, the Trustees and officers of the Trust as a whole owned less than 1% of the outstanding shares of the Trust.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF TRUSTEES

The Board of Trustees of the Trust has adopted procedures by which shareholders may send communications to the Board. Shareholders may mail written communications to the Board of Trustees, MFS Intermediate Income Trust, c/o Massachusetts Financial Services Company, 500 Boylston Street, Boston, Massachusetts 02116, Attention: Frank Tarantino, Independent Chief Compliance Officer. Shareholder communications must (i) be in writing and be signed by the shareholder, (ii) identify the MFS Trust to which they relate and (iii) identify the class and number of shares held by the shareholder. The Trust's Independent Chief Compliance Officer ("ICCO") is responsible for reviewing all properly submitted shareholder communications. The ICCO shall either (i) provide a copy of each properly submitted shareholder communication to the Board at its next regularly scheduled meeting or (ii) if the ICCO determines that the communication requires more immediate attention, forward the communication to the Chair of the Trustees promptly after receipt. The ICCO may, in good faith, determine that a shareholder communication should not be provided to the Board because it is ministerial in nature (such as a request for Trust literature, share data or financial information). The ICCO may in such cases forward the communication to the appropriate party or parties at MFS. These procedures do not apply to (i) any communication from an officer or Trustee of the Trust, (ii) any communication from an employee or agent of the Trust, unless such communication is made solely in such employee's or agent's capacity as a shareholder or (iii) any shareholder proposal submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, or any communication made in connection with such a proposal. The Trustees are not required to attend the Trust's shareholder meetings or to otherwise make themselves available to shareholders for communications, other than pursuant to the aforementioned procedures. No Board members attended the 2007 Annual Meeting of Shareholders.

The Declaration of Trust currently provides that the Trust will indemnify its Trustees and officers against liabilities and expenses incurred in connection with litigation in which they may be involved because of their offices with the Trust, unless it is finally adjudicated or, in case of a settlement, it has been determined by Trustees not involved in the matter or independent legal counsel, that they have not acted in good faith in the reasonable belief that their actions were in the best interests of the Trust or that they engaged in willful misfeasance or acted with bad faith, gross negligence or reckless disregard of the duties involved in the conduct of their offices.

Retirement Benefit Deferral Plan -- Under a Retirement Benefit Deferral Plan, certain Trustees have deferred benefits from a prior retirement plan. The value of the benefits is periodically readjusted as though the Trustee had invested an equivalent amount in Class A shares of other Fund(s) designated by such Trustee. The value of the deferred benefits will be paid to the Trustees upon retirement or thereafter. The plan does not obligate the Trust to retain the services of any Trustee or pay any particular level of compensation to any Trustee. The plan is not funded and the Trust's obligation to pay the Trustee's deferred compensation is a general unsecured obligation.

ITEM 2 -- SHAREHOLDER PROPOSAL

The Board of Trustees has been informed by Karpus Investment Management ("KIM"), 183 Sully's Trail, Pittsford, NY, 14534, a shareholder of recording owning over 13.9 million shares of the Fund as of May 1, 2008, that it intends to submit the following proposal at the meeting.

RESOLVED:

The shareholders recommend that the Board of Trustees of the Fund ("Board") adopt a policy that if the Shares trade at an average discount of greater than six percent (6%) from net asset value over the final (12) weeks previous to the end of October of each calendar year, the Board will conduct a tender offer for at least ten percent (10%) of the Shares at 99% of net asset value by the end of that calendar year.

If properly presented at the meeting, KIM's proposal will be Item 2. KIM has requested that the following statement be included in the proxy statement in support of its proposal.

SUPPORTING STATEMENT

The Fund's original prospectus states: "the trust...may purchase its shares from time to time in the open market. Such repurchases will be made only when the trust's shares are trading at a discount of 10% or more from the net asset value." Lifeboat provisions, such as this, are occasionally included in prospectuses for closed-end funds, such as the Fund, to increase management's accountability to shareholders for managing discounts, and to attempt to enhance long-term shareholder value.

While the Fund has conducted open market repurchase offers, the Fund's persistently wide discount to net asset value shows that the Fund's

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

actions have not proven effective. In fact, from April 30, 2006 to October 31, 2007, the Fund repurchased only approximately 1.4% of its Shares (according to filings submitted by the Fund to the SEC). During this time MIN traded at an average 11.3 percent discount to NAV. KIM does not believe that the Fund's ineffective, non-aggressive and seemingly token buybacks have had a substantial, positive effect in managing the Fund's discount.

As such, KIM believes that the approval of the Proposal by the Fund shareholders will convey to the Board that it must take more strenuous efforts to mitigate the persistent discount of the Fund, in both the long and short terms. The Proposal attempts to reduce the discount problem in the shorter term by affording displeased shareholders an exit for part of their holdings at the net asset value of their investment, as well as in the longer term by enhancing accountability and assuring more proactive measures will be taken in the future to address discounts of 6% or more.

Tell the Board that you want it to take more effective action to narrow the discount. Vote FOR KIM's Proposal to tell the Board you want it to adhere to the spirit and intent of the prospectus' lifeboat provision to enhance shareholder value.

* * * * *

AS DETAILED IN THE FOLLOWING STATEMENT OF OPPOSITION TO ITEM 2, THE BOARD, INCLUDING THE INDEPENDENT TRUSTEES, HAS CONCLUDED THAT ITEM 2 IS NOT IN THE BEST INTEREST OF THE SHAREHOLDERS AND UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST ITEM 2.

BOARD OF TRUSTEES' STATEMENT IN OPPOSITION TO THE PROPOSAL OF KARPUS INVESTMENT MANAGEMENT

Karpus Investment Management ("KIM") proposes a program of self-tenders with the stated aim of narrowing the discount at which Trust shares trade in the market. Your Board believes, however, that the mandatory and periodic self-tenders proposed by KIM will not effectively manage the discount and will not be in the best interests of the Trust or its shareholders. The Board has recently taken actions to address the Trust's discount that it believes are superior alternatives to the KIM proposal. The Board urges you to vote "NO" on the KIM proposal.

Mandatory Tenders at Specified Periods and with a Low Trigger May Damage the Trust.

The KIM proposal would have the Board adopt a policy that would, in essence, require the Trust to liquidate 10% of its assets in November and December of any year in which the mandatory tender conditions are triggered. This requirement would be operative without regard to the prevailing market conditions and the portfolio manager's judgment as to whether it is in the best interests of the Trust to liquidate 10% of its assets, and incur associated transaction costs, at the specified time to fund the self-tenders. Had this requirement been in place in 2007, the Trust would have had to sell assets into a very difficult market that might have required a sale of more than 10% of the Trust's assets to cover the cost of the mandatory tender. Moreover, under the KIM proposal, potential trading partners will know that the Trust is in a forced sale position, which may further increase the risk of such a sale adversely affecting the Trust's shareholders and arbitrageurs could take advantage of a mandatory tender requirement to the detriment of long term shareholders. Finally, during the pendency of a self-tender, the Trust will likely hold a greater than normal percentage of its net assets in cash and cash equivalents, which may adversely affect the Trust's ability to achieve its investment objective.

The Trust has the ability to purchase its shares in open market transactions,

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

but "ONLY [emphasis added] when the Trust's shares are trading at a discount of 10% or more from the net asset value of the shares." This policy recognizes that repurchases by the Trust, while permitted, should only be considered when the Trust is trading at a significant discount. The policy also recognizes that, even in this circumstance, repurchases should not be required. Instead, they should be considered by the Board and MFS based on then current market conditions and other factors to determine whether such repurchases are warranted and would be in the best interest of shareholders. Finally, by providing that the repurchases will occur at market prices, the policy enables the Trust to provide liquidity to departing shareholders while at the same time building value for the remaining shareholders, who benefit from the difference between the Trust's net asset value per share and the price at which the Trust makes its repurchases.

The lower discount threshold for self-tenders proposed by KIM -- a 6% discount during the last quarter of the Trust's fiscal year -- and the mandatory nature of the proposed policy would mandate that these self-tenders occur on a predictable schedule, causing significant shrinkage of the Trust over time and a potential increase in the Trust's expense ratio because the Trust's fixed costs will be spread across a smaller asset base. In addition to the reduction in asset base, there would be significant costs to conducting the proposed tender offers, which would be borne by the Trust. MFS estimates that the Trust's annual expense ratio would increase by approximately 0.08% in the first year. Additionally, managers of closed-end Trusts are generally free to keep Trust assets fully invested and generating income for shareholders, because they need not worry about the prospect of daily redemptions as in an open-end Trust. If the KIM proposal were to be approved, in order to raise cash to fund the self-tender, portfolio securities must be sold that might not otherwise be sold at that time, possibly at unfavorable prices, and with significant transaction costs. This could negatively impact the return for long-term Trust shareholders.

Your Board has taken actions designed to reduce the discount.

KIM closes its supporting statement with a request that you vote for its proposal as a means of telling the Board that you want it to take action to address the discount. This statement ignores the various measures the Board has recently taken to address the discount. During 2007, the Board approved changes in investment strategy to permit the Trust to invest in higher yielding securities. The Board believes that this measure may increase the Trust's yield and result in a narrowing of the discount over time. The Board also authorized the adoption of a level-rate distribution plan, which began in January 2008, pursuant to which the Trust makes monthly distributions at a fixed rate of 8.5% of the Trust's average net asset value. The Board believes that this plan can also contribute to narrowing or eliminating the Trust's discount. Similar plans have been used by other closed-end funds to address their discounts. Finally, as part of its efforts to further manage the discount, the Board recently has authorized MFS to more aggressively engage in open market purchases of shares in a manner that is consistent with the Trust's registration statement.

It should be noted that when the Trust announced the adoption of the level-rate distribution plan, KIM wrote to the Trust commending the Board, indicating that it was pleased and that the "Board's actions reflect their commitment to address a persistently wide discount." Further, KIM stated its support of level distribution plans as an effective means of narrowing a fund's discount. Yet, only a few months later, KIM is claiming that the Board's efforts have been ineffective.

The Board believes more time is needed to measure the full impact of these changes. Already, the Trust's discount to NAV has begun to narrow. KIM's proposal notes that the Trust's average discount from April 30, 2006 to October 31, 2007 was 11.3%. As of June 24, 2008, after implementation of the investment strategy changes and the level-rate distribution plan, the Trust's discount was

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

8.52%. Furthermore, these actions have occurred in the midst of persistent dislocations in the credit markets during the last year. The Board believes that the Trust's discount may narrow further as credit market conditions improve and will continue to monitor the Trust's discount and consider whether additional actions are warranted after the measures taken by the Board recently have had a sufficient chance to take effect.

REQUIRED VOTE: Approval of this matter will require the vote of a majority of the Trust's outstanding shares voting at the Meeting in person or by proxy.

THE TRUSTEES OF THE TRUST RECOMMEND THAT YOU VOTE AGAINST PROPOSAL 2.

To the extent required by applicable regulations, pre-approval by the Audit Committee of the Board is needed for all audit and permissible non-audit services rendered by the Independent Registered Public Accounting Firm to the Trust and all permissible non-audit services rendered by the Independent Registered Public Accounting Firm to MFS and any entity controlling, controlled by or under common control with MFS that provides ongoing services to the Trust (including MFS Service Center, Inc.) (each, a "Service Affiliate") if the services relate directly to the operations and financial reporting of the Trust. Pre-approval is currently on an engagement-by- engagement basis. In the event pre-approval of such services is necessary between regular meetings of the Audit Committee and it is not practical to wait to seek pre-approval at the next regular meeting of the Audit Committee, pre-approval of such services may be referred to the Chair of the Audit Committee; provided that the Chair may not pre-approve any individual engagement for such services exceeding \$50,000 or multiple engagements for such services in the aggregate exceeding \$100,000 between such regular meetings of the Audit Committee. Any engagement pre-approved by the Chair between regular meetings of the Audit Committee shall be presented for ratification by the entire Audit Committee at its next regularly scheduled meeting.

Schedule A attached hereto includes tables that set forth for the Trust's two most recent fiscal years, the fees billed by the Trust's Independent Registered Public Accounting Firm for (a) all audit and non-audit services provided directly to the Trust and (b) those non-audit services provided to the Trust's Service Affiliates that relate directly to the Trust's operations and financial reporting under the following captions:

- (i) Audit Fees - fees related to the audit and review of the financial statements included in annual reports and registration statements, and other services that are normally provided in connection with statutory and regulatory filings or engagements.
- (ii) Audit-Related Fees - fees related to assurance and related services that are reasonably related to the performance of the audit or review of financial statements, but not reported under "Audit Fees", including accounting consultations, agreed-upon procedure reports (inclusive of annual review of basic maintenance testing associated with the Preferred Shares), attestation reports, comfort letters and internal control reviews.
- (iii) Tax Fees - fees associated with tax compliance, tax advice and tax planning, including services relating to the filing or amendment of federal, state or local income tax returns, regulated investment company qualification reviews and tax distribution and analysis reviews.
- (iv) All Other Fees - fees for products and services provided to a Trust

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

by the Independent Registered Public Accounting Firm other than those reported under "Audit Fees", "Audit- Related Fees" and "Tax Fees."

Schedule A attached hereto also sets forth the aggregate fees billed by each Independent Registered Public Accounting Firm for the Trust's two most recent fiscal years for non-audit services rendered to the Trust and the Trust's Service Affiliates.

The Audit Committee has considered whether the provision by the Trust's Independent Registered Public Accounting Firm of non-audit services to the Trust's Service Affiliates that were not pre-approved by the Audit Committee because such services did not relate directly to the operations and financial reporting of the Trust) was compatible with maintaining the independence of the Independent Registered Public Accounting Firm as the Trust's principal auditor.

INTERESTS OF CERTAIN PERSONS

Schedule B attached hereto sets forth, as of August 4, 2008, to the best knowledge of the Trust, the shareholders who beneficially owned more than 5% of the outstanding shares of any class of such Trust.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Trustees, directors and certain officers of the Trust and MFS, and persons who own more than ten percent of any class of the Trust's shares, to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Such persons are required by SEC regulation to furnish the Trust with copies of all Section 16(a) forms they file in relation to the Trust.

Based solely on a review of the copies of Forms 3, 4 and 5 and amendments thereto furnished to the Trust with respect to its most recent fiscal year for Trustees, directors and certain officers of the Trust and MFS and greater than ten percent beneficial owners, the Trust believes all Section 16(a) transactions were reported on a timely basis, except for the following filings: Thomas A. Bogart (Corporate Board Member) made a Form 3 filing for MFS Intermediate Income Trust on July 10, 2007; and Lawrence H. Cohn, M.D. (Independent Trustee) made a Form 4 filing for MFS Intermediate Income Trust on September 4, 2007. Dr. Cohn reported one transaction; Mr. Bogart reported no transactions. To the extent that any Form 3, 3A and 4 filings were not made on a timely basis, certain Form 5 (Annual Statement of Changes of Beneficial Ownership) filings were not filed on a timely basis as well.

LITIGATION

Since December 2003, MFS, MFS Fund Distributors, Inc., MFS Service Center,

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

Inc., Sun Life Financial Inc., various MFS funds, certain current and/or former Trustees of the MFS funds, and certain officers of MFS have been named as defendants in multiple lawsuits filed in federal and state courts. The various lawsuits that are still pending generally allege that some or all of the defendants permitted or acquiesced in market timing and/or late trading in some of the MFS funds, and inadequately disclosed MFS' internal policies concerning market timing and such matters. The pending lawsuits assert that some or all of the defendants violated the federal securities laws, including the Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Company Act of 1940, and the Investment Advisers Act of 1940, as well as fiduciary duties and other violations of common law. The pending lawsuits variously have been commenced as class actions or individual actions on behalf of investors who purchased, held, or redeemed shares of the MFS funds during specified periods, or as derivative actions on behalf of the MFS funds.

The lawsuits relating to market timing and related matters have been transferred to, and consolidated before, the United States District Court for the District of Maryland, as part of a multi-district litigation of market timing and related claims involving several other fund complexes (In re Mutual Funds Investment Litigation (Alger, Columbia, Janus, MFS, One Group, Putnam, Allianz Dresdner), No. 1:04-md-15863 (transfer began March 19, 2004)). The market timing cases related to the MFS funds include Riggs v. MFS et al., Case No. 04-CV-01162-JFM (consolidated class action complaint filed September 30, 2004), Hammerslough v. MFS et al., Case No. 04-MD-01620 (consolidated derivative complaint filed September 30, 2004), and Reaves v. MFS Series Trust I, et al., Case No. 1:05-CV-02220-JFM (complaint related to Class B Shares filed March 21, 2005). The plaintiffs in these consolidated lawsuits generally seek injunctive relief including removal of the named Trustees, adviser and distributor, rescission of contracts and 12b-1 Plans, disgorgement of fees and profits, monetary damages, punitive damages, attorney's fees and costs and other equitable and declaratory relief. Insofar as any of the actions is appropriately brought derivatively on behalf of any of the MFS funds, any recovery will inure to the benefit of the MFS funds. Several claims of the various lawsuits have been dismissed; MFS and other named defendants continue to defend the various lawsuits.

FURTHER INFORMATION ABOUT VOTING AND THE MEETING

MANNER OF VOTING PROXIES

All proxies received by management will be voted on all matters presented at the Meeting, and if not limited to the contrary, will be voted FOR the election of J. Atwood Ives, William R. Gutow, Michael Hegarty, and Robert W. Uek as Trustees of the Trust (if still available for election) and AGAINST the approval of Item 2.

All proxies received, including proxies that reflect (i) broker non-votes (i.e., shares held by brokers or nominees as to which (a) instructions have not been received from the beneficial owners or the persons entitled to vote, and (b) the broker or nominee does not have discretionary voting power on a particular matter), (ii) abstentions or (iii) the withholding of authority to vote for a nominee for election as Trustee, will be counted as shares that are present on a particular matter for purposes of determining the presence of a quorum for that matter. A majority of the Trust's outstanding shares entitled to be cast at the Meeting that are present in person or represented by proxy constitutes a quorum. With respect to the election of Trustees, neither broker non-votes nor abstentions nor withholding authority to vote have any effect on the outcome of the voting. With respect to Item 2, broker non-votes, abstentions, and withholding authority to vote will have the effect of voting against such item.

Each shareholder of the Trust is entitled to one vote for each share of the Trust that such shareholder owns at the close of business on August 4, 2008, on

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

each matter on which the shareholder is entitled to vote. Each fractional share is entitled to a proportionate fractional vote.

The Trust will reimburse the record holders of its shares for their reasonable expenses incurred in sending proxy material to and obtaining voting instructions from beneficial owners.

If, because of any unexpected occurrence, any nominee is not available for election or if any other matters properly come before the Meeting, it is the Trust's intention that proxies not limited to the contrary will be voted in accordance with the judgment of the persons named in the enclosed form of proxy.

INSTRUCTIONS FOR VOTING PROXIES

The giving of a proxy will not affect a shareholder's right to vote in person should the shareholder decide to attend the Meeting. To vote by mail, please mark, sign, date and return the enclosed proxy card following the instructions printed on the card. Please refer to your proxy card for instructions for voting by telephone or internet.

SUBMISSION OF PROPOSALS

Proposals of shareholders which are intended to be presented at the 2009 Annual Meeting of Shareholders must be received by the Trust on or prior to April 23, 2009. The submission by a shareholder of a proposal for inclusion in the proxy materials does not guarantee that it will be included. Shareholder proposals are subject to certain requirements under the federal securities laws.

A shareholder who wishes to make a proposal at the 2009 Annual Meeting of Shareholders without including the proposal in the Trust's proxy statement must ensure that the proposal is received by the Trust in good order and in compliance with all applicable legal requirements and requirements set forth in the Trust's By-Laws and Declaration of Trust by May 1, 2009, at the Trust's principal office at 500 Boylston Street, Boston, Massachusetts 02116. The persons named as proxies for the 2008 Annual Meeting of Shareholders will have discretionary authority to vote on all matters presented at the meeting consistent with the SEC's proxy rules.

ADJOURNMENT

In the absence of a quorum at the Meeting, or (even if a quorum is so present) if sufficient votes in favor of a proposal set forth in the Notice of Annual Meeting are not received by the time scheduled for the Meeting, the persons named as proxies may propose one or more adjournments of the Meeting after the date set forth for the original Meeting, with no other notice than announcement at the Meeting, to permit further solicitation of proxies with respect to such proposal. In addition, if, in the judgment of the persons named as proxies, it is advisable to defer action on a proposal, the persons named as proxies may propose one or more adjournments of the Meeting with respect to such proposal. Any adjournment(s) with respect to a proposal will require the affirmative vote of a majority of the Shares of the Fund entitled to vote thereon present in person or represented by proxy at the session of the Meeting to be adjourned. The persons named as proxies will vote in favor of such adjournment those proxies which they are entitled to vote in favor of the proposal in question. They will vote against any such adjournment those proxies required to be voted against such proposal. The costs of any additional solicitation and of any adjourned session will be borne by the Fund. Any proposals for which sufficient favorable votes have been received by the time of the Meeting may be acted upon and, if so, such action will be final regardless of whether the Meeting is adjourned to permit additional solicitation with respect to any other proposal. At any such adjourned meeting at which a quorum is present, any business may be transacted which might have been transacted at the meeting as originally called.
